

ST. COLUMBA PRESBYTERIAN CHURCH

### Redecoration Services Being Held At Marshfield Church

On Sunday, Oct. 22nd, special services will mark the rededication of St. Columba Presbyterian Church, Marshfield. St. Columba ranks as one of the oldest Presbyterian congregations on Prince Edward Island, the first church being erected on land deeded by Donald MacBeath in 1830.

An article in the Royal Gazette of April 5th, 1831 refers to the Presbyterian Church on St. Peter's Road built on the acre of land deeded by Donald MacBeath and lists as trustees of the church the following men: — Donald Stewart, John Ferguson, John Cairns, Neil Stewart, and Peter Stewart. St. Columba Church, known for many years as the St. Peter's Road Church was organized as a congregation of the Church of Scotland, and received occasional services from the Rev. Donald Macdonald.

**DIVISION**

In 1843 Scottish Ecclesiastical History saw the division of the Church of Scotland into two strands, "The Kirk" and "The Free Church." In Marshfield, as elsewhere in Canada, the division of the Church in the Old Country was reflected in the establishment of a Free Church congregation; thus for a brief period of about twenty three years there was more than one Presbyterian Church in Marshfield.

Among the ministers of St. Columba Church in the following years were Rev. William MacLaren, who in 1857 was appointed to the St. Peter's Road and Brackley Point Road (Harrington) Churches, and Rev. George M. Grant, 1863-1868, afterwards of this historic charge included Rev. Alexander MacWilliams, Rev. George Moffat, Rev. William Scott, and Rev. Alex Mabon.

**BLOWN DOWN**

The first church, built in 1830, was blown down by a storm and was replaced by the present edifice in 1864. Thus this year marks a double anniversary for St. Columba Presbyterian Church, its 126th as a congregation and the 92nd of the erection of the present building.

When the four strands of Canadian Presbyterianism combined in 1875 to form the Presbyterian Church in Canada, the Free Church congregation at Marshfield returned to St. Columba Church. (The Free Church and Baptist Congregations together with a third body, the Presbyterian Church of Nova Scotia, had built the church across the road in 1864.)

**TOWN APART**

The year 1905, in the pastorate of the Rev. W. H. Spencer, was congregation's history. At that time the gallery was removed and the auditorium enlarged 12 feet in length. The method used was to cut the church in half and to move the two ends out.

A spire was added and it is to be noted that the Scotch Thistle which adorns its cost only five dollars, certainly much less than it would cost today.

In 1905 Marshfield separated from the Covehead and Stanhope Churches which at that time formed the pastoral charge and in

### Retail Merchants Association Acts Against Trading Stamps

OTTAWA. The Retail Merchants Association of Canada, and their National Foods Division representing 40,000 independent retailers, met with Justice Minister Stuart Garson here in a move to stop the advance of trading stamp operations in Canada.

Presenting the submission for the association were: Jack D. Poole, Woodstock Ontario, President, National Foods Division of the R.M.A.; D. A. Gilbert, of Winnipeg, General Manager and Past National President, L. C. Marchessault, of West Shefford, Quebec, Executive Director, R.M.A.; F. A. B. Rands, of Toronto, General Manager, National Foods Division; and D. Gordon Blair, of Ottawa, legal counsel. Vice-President J.F. Jenkins, Summerside.

In a two-pronged attack on operators of trading stamp plans, the R.M.A. brief called attention to the "legal difficulties which render the present law ineffective" and the "inherent evils" of trading stamps in their effect on Canada's social and economic outlook.

"Trading stamp companies should be prohibited from doing indirectly what they are now prevented from doing directly," the brief declared, "the exemptions now permitting the distribution of coupons by retailers, wholesalers and manufacturers should be eliminated."

"It is a matter of common knowledge that trading stamps were all but unknown in Canada until this year when a flood of schemes occurred, most of which violate the spirit but not the letter of the law," said the brief in urging amendments to sections of the Criminal Code of Canada which had been placed there in 1905 after representations from the R.M.A.

**MAIN POINTS**

Main points against use of the trading stamp plan are: under which retailers issue stamps which are redeemed for cash or merchandise; Trading stamps are a means of levying tribute on the retail trade and forcing retailers to pass the cost on to customers.

"They are a 'parasitic injection into the mercantile bloodstream. They lead to 'improvident buying and confusion of values.'"

"Merchants can find themselves 'in the stamp business' not the grocery business."

Trading stamp companies "perform no real economic function, but are simply spurious middlemen who add unnecessarily to the cost of consumer goods."

The schemes are designed to divert the buyer's attention from basic considerations of quality and price.

The plans "present an added peril to the cost of living at a time when all government policy is directed at preventing inflation."

"It is essential to the national interest to make the prohibition of trading stamps completely effective," the brief stated.

**REVIEW**

Reviewing trading stamp operations in Canada, the R.M.A. brief said schemes of one kind or another had first appeared in Canada before 1905, but had not appeared again until 1955 - when six plans were operating in the Maritime provinces.

In May, 1956, the Gold Bond

### New Boost In Lending Rates Being Considered

MONTREAL (CP)—A further increase in bank lending rates was reported under consideration Thursday following the latest increase in the rediscount rate by the Bank of Canada.

It was reported the chartered banks will increase the prime lending rate to 5 1/2% from 5% per cent, effective this week. It would be the third increase in the prime rate since last April when it was 4 1/2% per cent.

The prime rate is the best rate given to commercial borrowers and determines a number of other lending rates. The top rate a chartered bank may charge on a loan is six per cent.

The Bank of Canada announced Wednesday an increase in its rediscount rate to 3 1/2% from 3% per cent. It was the sixth increase by the central bank in 14 months and placed the bank rate at an all-time high, indicating a continuing tight-money policy aimed at combating inflation.

### Four Persons Injured, Five Home Flattened

HERRIN, Ill. (AP)—Fourteen persons were reported injured Thursday in an explosion at a bottled gas depot which flattened five nearby homes.

The injuries were reported in serious or critical condition.

Fire Chief Carl Mayers said an employee of the depot was filling bottled gas tanks when, apparently, a leak developed. The explosion followed.

### Agricultural News

(Continued from page 3)

crop" being judged for grand-championship honors.

During the actual judging it is expected that a brief history of each breed will be given over the public address system, and the judges will be asked to give reasons for their placings, so that Winter Fair patrons will know exactly what is going on at all times.

### FUR FASHION PARADE

Of special interest to the ladies, the Maritime Winter Fair program will again feature a Fur Fashion Parade, with Joan Marshall, C.B.C. personality, as commentator. The Fur Fashion Parade will include both mink and fox garments, and is scheduled for Friday evening, November 2nd in the Baily Arena.

The lavish display of furs will be valued at close to \$100,000, and will include all types of garments from neckpieces and stoles to full length coats. Trained models will display the garments as the special features of each fur-piece are pointed out by Miss Marshall. This ever-popular event is expected to attract the usual capacity audience on Friday, November 2nd.

### BOAT TRAVEL

The C.N.R. has announced, for the convenience of Islanders attending the Fair, extra car ferry trips leaving Cap Tormentine at 1.00 a.m. daily. This extra service will begin Sunday, October 28, until Sunday, November 4 inclusive.

The regular schedule of ten crossings from each terminus is still in effect.

### DARK BOOTH

The Dairyman's Association and the Dairy Division of the Department of Agriculture are co-operating with the Dairyman of Nova Scotia and New Brunswick in displaying the Dairy Products of the Maritimes.

Island produced cheese, butter, evaporated milk and ice cream will be on display. Homogenized milk will be on sale and with each drink cheese and crackers will be served. In addition to this cheese will be served in the main dining room.

Come and visit the dairy booth and see Maritime produced dairy products. You may receive your free recipes on how to prepare delicious dairy dishes.

### POULTRY DISPLAY

The Poultry Breeders, in co-operation with the P.E.I. Poultry Industries Committee, will be displaying the various crosses produced in the Province. Live birds will highlight this educational exhibit. This is an opportunity to see the high quality of Island birds.

### ISLAND EXHIBITORS

The number of exhibitors from this Province is at an all time high this year. There are large entries in the various potato divisions and other field crops. The livestock entries are listed below:

Light Horses: George A Calbeck Summerside, P. E. I.; R. S. Humphrey, Kensington, P. E. I.; Olive Parkman, East Royalty, R. R. P. E. I.

Heavy Horses: Stanley Mayhew, Kinkora, P. E. I.; Ivan Turner, Winslow, P. E. I.; Cecil J. Stewart, New Wiltshire, P. E. I.

Ayrshires: Brenton Stead, Bay Fortune, Souris, R.R. 4, P.E.I.; Fred I. Andrew, 108 Prince Street, Charlottetown, P. E. I. Andrew B. and Fred T. MacRae, Charlottetown, P. E. I.

**OPEN YEAR ROUND**

Stamp Company started large scale operations in the Ottawa Valley and there are now "at least" 29 plans operating in Canada.

In October of this year four more firms - Loblaw's, Dominion Stores, Steinberg's and Thrift Stores - introduced schemes in the Ottawa Valley. "In self defence," "Even in the legitimate business using stamps in various sections of the country are opposed to them," Mr. Garson was told, "However, they state they can not afford to jeopardize their competitive position by remaining outside such schemes while their competitors reap the early harvest."

Turning to operators of the plans, the brief stated the firms "intervene in the legitimate business carried on between seller and buyer, not for the advantage of either but to prey upon both."

Estimated volume of stamp plan business in the U.S. was between \$605 million and \$805 million, the brief stated, with a potential annual market of between \$240 million and \$360 million in Canada.

**UNREDEEMED**

Unredeemed stamps have been estimated at 20 to 30 per cent of the total stamps sold, the brief said, "...unredeemed stamps are unearned profits for the stamp promoter. The retailer always pays for his stamps, there are no refunds or rebates for non-redemption."

Vast resources are at the command of operators, R.M.A. spokesmen said, "...it is little wonder that they are now turning their attention to the lucrative and relatively untouched field of Canada with its growing economy and high level of prosperity."

Net operating profit of food stores is so low that increased costs can not be absorbed, the brief continued, and must be passed on to the consumer, becoming a tax of two or three per cent on the country's food bill.

The 1905 law - picked up in the recent review of the Criminal Code - was intended to "eradicate trading stamp schemes," said the brief in urging that Parliament be asked to amend the Code to ensure that no form of these schemes be possible.

The Canadian Pharmaceutical Association, The Retail Druggists Association, The Better Business Bureau and the Canadian Association of Consumers have supported opposition to the trading stamp plans, R.M.A. officers said.

**F99 "SKIN CLEARING LIKE MAGIC"**

FOR ECZEMA

"This medicine is proving to be excellent stuff for my husband's ailment (eczema) and his skin is clearing up like magic. For the first time in many years he is getting proper sleep, he has completely relieved the irritation and burning," writes Mrs. S. C. of Hespeler, S. C.

### Announce New Way To Shrink Painful Piles

Science Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

Toronto, Ont. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain. Thousands have been relieved—without resort to surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among those sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne)—the discovery of a famous scientific institution. Already, Bio-Dyne is in wide use for healing injured tissues on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H. Ask for individually sealed containers. Preparation H suppositories or ointment. Preparation H ointment with special applicator. Preparation H is sold at all drug stores. Satisfaction guaranteed or money refunded.

**JUDGING PROGRAMME**

The foxes will be judged on Saturday, October 27, Monday and Tuesday, Monday, October 29, Beef steers, Shortorns, Herefords, Angus and some of the Light Horses on the line, Tuesday, October 30, Ayrshires (Young and Dry Classes), Jerseys (Young and Dry Classes), Swine and Draft Horses on the line, Wednesday, October 31, Ayrshires and Jerseys (Milk and Groups), Sheep and Draft Horses on the line, Thursday, Guernseys and Holsteins (Young and Dry Classes), mink, sheep and light horses on line, Friday,

Guernseys and Holsteins (Milk and Groups), and mink, A.I.

The Central Artificial Breeding Co-operative will have a booth at the Winter Fair. There will be displayed pictures of some of the 47 bulls in the center. This will be a chance to ask questions and learn more about this important breeding project.

Last Wednesday and Thursday twelve men represented the Island Artificial Breeders at the Semi-annual meetings in Fredericton. Dr. C. A. V. Baker from the Ontario Veterinary College, Guelph, one of Canada's leading authorities on breeding problems gave illust-

rated talks. Those attending from the Island were: Smith MacFarlane, President, P. E. I. Artificial Breeding Association; Charles E. Milligan, director of the O'Leary and District Club; the inseminators of the various clubs, Ted Sabine, O'Leary; Russell Dymont, Tyne Valley; Ken Walker, Eastern Prince county; James Heffell, Kensington; Charles Lank, Cornwall; Lloyd Vessey, York; Gordon Sheidow, Hillsboro; Lloyd MacKinnon, Montague; Albert Mills, Eastern Kings Artificial Breeding Club and Dr. George C. Fisher, Director of Veterinary Services, who also heads Artificial Insemination work in the Province.

### Diaper Derby

An eager crowd of fond parents and others watched 66 babies crawl their way to fame. The winner covered the 40-foot course in 36 seconds. Prizes were more diapers. Story and action shots of this unique event in The Standard — on sale now, complete with magazine, 12-page novel and 20 pages of comics. Only ten cents.
