ITEMS OF NEWS.

PRESENT TO MR. GLADSTONE.—A few days ago Mr. Gladstone received, carefully packed in an oaken box, and nicely enveloped in many folds of tissue paper, a massive handsome silver poker. It bore on the squared end this inscription:—"Presented to stir the minister to stir himself, to enable the country to stir a cheaper coal."

RUSSIA IN LONDON.—It is said that the agitation for the constitution of a Greek empire is the politic work of Russia. That if others supply the eloquence, the Greek fire of talk—it is Russia that stands the shot.

INTEGRITY OF FOREIGN POWERS.—The preservation of the integrity of the Ottoman Empire is no doubt a very important object; but a matter of no less consequence is the restoration of the integrity of the Kingdom of Spain, which it has lost in cheating its creditors.

MAKING THE NAVY USEFUL.—There is an awful fluttering among the naval epaulettes. A whispering is abroad, that the president contemplates putting all the ships, or the better part of them, into active and systematic service, by making regular and stated mail carriers of them, to the United States ports in the West Indies and South America, and the Mediterranian. Africa will have a line of two frigates—that have never done anything but make a pleasure cruise once in a while—but in fixed communication between Norfolk and Liberia; and one of the best steamers—and poor is the best—will start regularly from New Orleans, touch Cuba, Hayti, Porto Rico, and a port or two of South America, and pass on to Sierra Leone and Liberia, and thence return on the same track to New Orleans. If President Pierce and Mr. Dobbin have the nerve to carry out their idea, it will open a new and brilliant epoch in our national advancement.—*U.S. papers.*

The Hon. J. S. Mc Donald, Speaker of the House of Assembly of Canada, is at present on a tour through Great Britain and Ireland.

A thousand persons were lately indicted by the Grand Jury of New York, for selling liquors without licence.

AFRICANIZATION OF CUBA.—The *Washington Union* states that Great Britain by the consent of Spain, is going to introduce apprentices from Africa into Cuba, under protection of ships of war, and thus Africanize that island, and weal thy Spaniards in Cuba, in anticipation of imported apprentices, are now negotiating to supply them, at a fixed price. The arrangement is regarded as a transfer of Cuba to England.

SALT AS FOOD FOR PLANTS.—Professor Way, chemist to the R. Agricultural Society in a lecture on this subject, stated, as a conclusion to which his investigations had led him, that common salt was neither directly nor indirectly a constituent of the food of plants. He stated, however, as his belief, that salt did, in some instances, produce an action beneficial to vegetation, on some soils. He had not carried out his investigations to such an exteut as to say, positively, to what this effect is attributable, but he was "led to believe that the common salt acted on certain silicates of lime present in a way as yet not understood; and at the same time as it afforded a supply of lime to plants, gave rise, probably, to a modification of silica. important to the straw of the cereals." In reference to Prof. Way's remarks, other members of the society gave the results of their experience in the application of salt to land. Col. Challoner said he did not consider it acted simply as a manure on grain crops, "but it stiffened and brightened the straw, and caused it to ripen from 3 to 5 days earlier than it otherwise would have done." Mr Barrow has found salt improves the strength and quality of his wheat straw, his neighbours' crops having been laid while his stood well. Mr. Mecki said—" without being able to give the scientific reason, salt gave strength and brightness to the wheat straw and prevented its lodging." He applied it at the rate of 3 cwt. per acre, mixed with the same weight of guano."

GOLDEN THOUGHT.—We know not the author of the following, but it is rpetty:—Nature will be reported. All things are engaged in writing their history.—The planet, the pebble goes attended by its shadow. The rolling rock leaves its scratchescon the mountain, the riverits channel in the soil, the animal its bones in the stratum, the fert and leaf their estmod epitaph in the coal.—The falling drop makes its sculpture in sand or stone; not a foot steps on the snow or along the ground, but prints in characters more or less lasting a map of its march: every act of man inscribes itself on the memory of its fellows and its own face.—The air is full of sounds, the sky with tokens; the ground is full of marks and signatures, and every object is covered with hints, which speaks to the intelligent,

Saint John Sale Stables.

A. CUMMING, Veterinary Surgeon, begs to acquaint his friends having Horses to dispose of, that he is about to open as a Sale Stable, those premises next the Catholic Chapel, head of King's Square, St. John; where Horses will be kept at livery, and bought or sold on commission.

There being no well-understood place in St. John where those *having* Horses, and those *wanting* Horses, know where to find each other, M. A. C. flatters himself that a HORSE BAZAAR, or Sale Stable properly conducted, may in some measure supply a want often felt by both parties. Aside from the knowledge of horses derived from his profession, he may be able at times to give useful advice both to seller and purchaser.

N. B.—Two or three good young Harness Horses wanted; and a STRONG HEAVY PAIR, full mouthed for shipyard work.

AYER'S

CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Among the numerous discoveries Science has made in this generation of quality to be the bussiness of life—increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind, than the combinations of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following :—and refer further enquiry to my American Almanac, which the agent below named will furnish to be given away, and wherein are full particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R. R., S. C., Aug. 4, 1853.

J. C. AYER. Dear Sir,—My little son four years old has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him, pronounced him a dead child. Having used your CHERRY PECTORAL in California, in the winter of 1850, for a severe attack of Bronchitis, with the entire success. I was induced to try it on my little boy. I gave him a tea-spoon-ful every three hours, commencing in the morning, and by ten o'clock at night, I found a decided change for the better, and after three days use he was able to eat or drink without pain.

Its use in the above named disease will save many a child from the premature grave, and relieve the anxiety of many a fond parent.—For all affections of the Throat and Lungs, I believe it the best medicine extant. Feel free to use my name, privately, or even me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect,

J. D. POWELL, Supt. Trans., L. R.R.

Rock Hill, (Somerset Co.,) N. J., July 21, 1852.

Dr. J. C. AYER,—Since your medicine has become known here, it has a great demand, and in my office a cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it, is, they too much for good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in recommending it to others.

Please send me a further supply, and believe me

Yours, with respect,

JOHN C. WHITLOCK.

Almost any number of certificates can be sent you, if you wish it.

Windsor, C. W., June 26, 1852.

J. C. AYER. Sir :This may certify that I have used your CHERRY PECTORAL for upwards of one year ; and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not oversate my convictions when I tell you it is a priceless remedy.

Yours very respectfully,

D. A. M'CULLIN, Attorney at Law.

Wilksbarre, Pa., September 28, 1850.

DR. J. C. AYER, My dear Sir,—Your medicine is much approved of by those who have used it here, and its compounded on the most scientific and judicious reputation. Invariably recommend it for pulmonary affections, as do many of our principal physicians.

I am your friend,

HOLLOWAY'S PILLS.

EXTRAORDINARY CURE OF LOSS OF HEALTH, DISORDERED STOMACH, INDIGESTION AND DETERMINATION OF BLOOD TO THE HEAD.

Copy of a Letter from Mr. John Lloyd, of Erw wen, near Harlech, Merionethshire.

To Professor HOLLOWAY.

SIR,—I avail myself of the first opportunity of informing you, that, for a very long period, I was afflicted with a dangerous giddiness and sickness and swimmings in the head, attended by loss of appetite, disordered stomach,and generally impaired health. Every means had failed to give me my permanent relief, and at length it became so alarming, that I was really afraid of going about without an attendant. In this melancholy condition, I waited personally upon Mr. Hughes, Chemist, Harlech, for the purpose of consulting him as to what I had better do; he kindly recommended your Pills, I tried them without delay, and after taking them for a short time I am happy to bear testimony to their wonderful efficacy. I am now restored to perfect health, and enabled to resume my usual duties. You are at liberty to publish this letter in any way you may think proper.

I am, Sir, your obedient Servant'

MIRACULOUS CURE OF DROPSY.

Extract of a Letter from Edward Rowley, Esq., of India Walk, Tobago, dated April 8th, 1852.

To Professor HOLLOWAY,

DEAR SIR,—It is a duty I owe to you and the public at large to inform you of a most miraculous recovery from that dreadful disease, DROPSY, and which, under God, was effected by your invaluable Pills. I was tapped five times within eight months, and skilfully treated by two medical practitioners,but could not get cured, until I had recourse to your remedy, and straightway after I had commenced using, the miraculous medicine cured me in the course of six weeks. (Signed) EDWARD ROWLEY.

A DANGEROUS LIVER COMPLAINT AND SPASM IN THE STOMACH EFFECTUALLY CURED.

Copy of a Letter from Mr. Bostock, Druggist, of Ashton under Lyne, dated July 31, 1852.

To Professor HOLLOWAY.

DEAR SIR—I have much pleasure in handing to you a testimonial of the efficacy of your Medicines. A person in this neighbourhood, with whom I was well acquainted, was affected for a long time with violent spasmodic pains in the stomach and liver,arising from frequent colds, smells of paint, and the effects of a sweeping increase, which he was obliged to assume in his business. The spasms were of an alarming character, and frequently left him in a weak and debilitated condition. At length he heard of the salutary effects of your invaluable Pills, and was induced to give them a trial. The first dose gave him considerable relief, and by following them up in accordance with your directions, he was soon perfectly restored to his cleansing the liver and stomach, and strengthening the digestive organs, that he has been restored to the enjoyment of good health.

I remain, dear Sir, yours faithfully,

(Signed) WILLIAM BOSTOCK.

INFALLIBLE CURE OF A STOMACH COMPLAINT, WITH INDIGESTION AND VIOLENT HEAD-ACHES.

Extract of a Letter from S. Gowen, Chemist, of Clifton, Lynn Regis, dated July 14th, 1852.

To Professor HOLLOWAY,

DEAR SIR,—I am requested by a Lady named Thomas, just arrived from the West Indies, to acquaint you, that she was afflicted upwards of eight years herself and family suffered from continual bad health,arising from disorders of the Liver and Stomach, Indigestion, loss of Appetite, violent Spasmodic Attacks, and also weakness and general debility, for which she consulted the most eminent men in the colony, but without any beneficial result; at last, she had recourse to your invaluable Pills, which in a very short time effected so great a change for the better, that she continued them, and the whole family were restored to health and strength. Further she desires me to say, that she has witnessed their extraordinary virtues in those complaints incidental to children, particularly in cases of Measles and Scarlatina, having effected positive cures of these diseases with no other remedy.

(Signed) S. GOWEN.

These celebrated Pills are wonderfully efficacious in the following complaints.

Ague	Dropsy	Inflammation
Asthma	Dysentery	Jaundice
