Canadian.

Ottowa, July 10.

There is very little political news. Nothing is said about the premier's explanations. Many say none will be made until Parliament assembles.

Governor McDougall's letter, arguing that the Treaty having been ratified by Congress and Parliament, is virtually concluded, and any action henceforth taken by Canada must be nugatory and futile, is generally condemned by the Press as laying down unsound principles.

Religious difficulties have arisen in Montreal, chiefly on account of Messrs. Chiniquy and Vernon's preaching. An indignation meeting by Protestants was held in Montreal to denounce the action of certain reckless French bigots. Disturbances are expected.

The statements of the *Globe* that difficulties were probable in Manitoba because of the delay in surveying, is not corroborated by recent advices. Surveying parties are now actively at work.

Hon. Sanfield McDonald is endeavouring to strengthen himself. Changes are evidently contemplated in the Cabinet.

Chauveau has a majority of at least twenty in the new House of Assembly of Quebec.

The Prison Inspectors leave for the Lower Provinces. They recommend Amherst as the best site for the new penitentiary.

Hon. Mr Langevin goes on Wednesday to British Columbia.

High winds and heavy rains prevail. Much injury to hay crops in consequence.

To the Farmers of P. E. Island.

THE Subscribers would respectfully inform the FARMERS that they have now received a good stock of the far-famed BUCKEYE

Mowing & Reaping Machines,

with a material and very important improvement in the style and finish of the Machines and particularly in their Patent Tilting Table, which enables the driver to raise or fall the Platform to pass obstructions, or depress it, so as to cut the damaged or broken down grain and sheave it, which no other Machine has been able to do and is really a great improvement. We have also added malleable guards to the Reaper Table, with steel plates, and placed the guards below the table instead of on the top, thereby enabling the Machine to cut down to the ground when necessary. We also expect to receive this week a large lot of the new, improved

Wheel Horse Rakes,

superior to any ever received before. We also have the old style Set Table Platform the same as last year, at lower prices; and we feel confident we can now offer to the Farmers the most perfect REAPER ever offered to the public. Please call and examine them for yourselves before purchasing elsewhere, as we feel sure that the Farmers will appreciate the improvements and will easily decide on their great superiority over any other Machine now offering in this market. The Machines are all warranted to do their work well, and to be perfect in every respect. We have also a few TEDDING MACHINES and CULTIVATORS, which we shall offer at very low prices. These Machines can be seen and examined at our different Agencies in this Province, who are empowered to sell and deliver the same. We shall also have a few Machines to sell as Mowers only.
