The Northwest Rebellion.

Riel's Following 1500 Strong.

Colonel Irvine's Difficulties.

Rebels Seizing Stores

TORONTO, March 24. The Globe's Winnipeg special says: The telegraph wires are still cut, and no messages can be obtained from the scene of the rebellion. The half breeds command the country from Carleton eastward; and it is supposed they will not allow messengers to cross in that direction.

Major Crozier is in Carleton with about 100 men. Col. Irvine is advancing with many men from Qu'Appelle, and was due at the crossing of the South Saskatchewan last night.

The half breeds are massed on the further side to prevent Irvine's forces crossing and joining Crozier's. There are about 500 men all armed with Remington and Winchester rifles.

Riel has sent emissaries among the Indians of Saskatchewan district to stir up a general rising.

The 90th rifles here have been ordered to be ready to start to-morrow morning. Col. Irvine will find difficulty in crossing the South Saskatchewan with his force. The banks on this side being high and precipitous, the road down the ice crossing being a narrow one, while on the opposite bank there are tall trees. In descending the east bank Col. Irvine's men will be within moderately easy rifle range of men stationed on the opposite bank. At the lower crossing the condition may be a trifle more favorable, but even in that case would, if opposed, encounter great difficulties.

There are, perhaps, no better men for the task than those under Irvine. But at the same time the half breeds under Riel are a determined lot of men.

The entire country is reported as greatly agitated over the uprising.

The rebels have seized Indian stores at Duck Lake and are threatening the mounted police.

The Lieut.-Governor of the Northwest is in Winnipeg keeping up communication with the Government at Ottawa.

Big Bear, who is one of the most troublesome of the chiefs in the Northwest, is said to have joined Riel's party. Big Bear wields a great influence among the Indians of the Northwest.

OTTAWA, March 24. The latest and most authentic reports from the Northwest are that the Indians have joined the half-breeds, and that Riel's followers now number 1,580.

Riel is inciting revolt by inflammatory speeches.

Great excitement prevails in Winnipeg. The relief party, under Capt. Irvine, have been checked by a swollen river.

What is being done about Fort Carleton is not known. It is thought the Mounted Police at Fort Carleton can defend themselves until relief arrives.

HAIR RENEWER

was the first preparation perfectly adapted to cure diseases of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth, and youthful beauty. It has had many imitations, but none have so fully met all the requirements needed for the proper treatment of the hair and scalp. HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparalleled success can be attributed to but one cause: the entire fulfillment of its promise.

The proprietors have often been surprised at the receipt of orders from remote countries, where they had never made an effort for its introduction.

The use for a short time of HALL'S HAIR RENEWER wonderfully improves the personal appearance. It cleanses the scalp from all impurities, cures all humors, fever, and dryness, and thus prevents baldness. It stimulates the weakened glands, and enables them to push forward a new and vigorous growth. The effects of this article are not transient, like those of alcoholic preparations, but remain a long time, which makes its use a matter of economy.
