NIGHT

Friends! Countrymen! Lend me yours ears! Actually, I don't need your ears, 'cause I get mine for less when I go to the Panther Lounge. In bottle or from the barrel, some ears is what I like when my friends and I go to sound off at the Panther Lounge. You won't hear of a better place anywhere!

See it and hear it too, at the Panther Lounge. We always have the big screen going, with either your favorite movie or great TV. See and hear the big hockey game, see the latest videos, or just ignore it all and relax with your friends. It's the place to be when you really want to have a good time

Tired of never actually hearing someone when they talk to you? Perhaps you are going to the wrong places. Try the Panther Lounge for a quiet evening with your friends. Remember, four out of five audiologists recommend the Panther Lounge over the next two clubs combined!
