NEW TRIUMPHS OF ROGERS' MEDICINE

Run your eye over them and tell your affected neighbour about it.

[From the Halifax Citizen.]

PUGWASH, August 28, 1865.

Messrs. Rogers & Co.:

GENTLEMEN—Your medicines cured my wife of a most distressing case of hip disease; and as some persons seem disposed to misrepresent the case, I give you the following facts in relation to it; to all of which I am prepared to make oath, and prove by many other witnesses, if necessary.

About three years ago she fell upon the ice, and broke or injured the bone of her hip. She was confined to her bed for upwards of three months. She then recovered and got comparatively well, and continued so for nearly twelve months, when her hip began to get painful, and swelled and broke, and discharged freely, and in great quantities. She suffered most excruciating pain; it broke in three places. The doctors were attending her, but could not cure her; in fact we gave up all hopes of her ever getting well. The doctors told me that she never could recover. We, however, thought we would try your wonderful medicine as a last effort, and she soon began to improve, and in a few months she was able to attend to her domestic duties. The sores all healed up, and she got as well as ever she was, with the exception of a little hitch or limp in her walk.

She died last fall; but there was no symptoms of the old complaint. She was entirely cured of that. She died from other causes.

ARCHIBALD DAWSON.

MAITLAND, August 17, 1865.

Messrs. Rogers & Co.:

GENTLEMEN—Your medicines have cured my wife of a Cancer of the Breast. It had existed about nine months before she began with your medicines, grew rapidly, accompanied by darting pains. No doubt it would soon have gone beyond cure; but by a few months' application of your medicine, she has got entirely well. Your preparations are invaluable, and without hesitation I recommend them to the afflicted.

Yours truly, ALEXANDER GILLIS.

WESTMORLAND, N. B., August 28, 1865.

Messrs. Rogers & Co.:

GENTLEMEN—I with much pleasure add my feeble testimony to the great healing powers of your wonderful Medicines. One of my children was sorely afflicted as follows: There first appeared blotches over her body like ringworms. they spread all over her body, limbs, head and all. She continued in this way for three months. She was really a pitiful sight. The smell from the sores was very offensive. The sores at the end of three months all disappeared, and she became very sick and so low that no person who saw her thought she would live many hours, and the general opinion was that there was no use to try to do any thing for her. We heard of your medicines and got some, and applied it. The sores again came out as before; but she soon got well, and is now smart and cheerful. Mrs. L. and I can say of a truth this is a wonderful medicine.

Yours truly, ALFRED LAWRISON.

AMHERST, Oct 1st, 1865.

Messrs. Rogers & Co.:

GENTLEMEN—I have been for some time perfectly satisfied as to the extraordinary virtue of your medicine, but until recently have not had any occasion for the use of them. About three months ago, a member of my family was taken down with the acute rheumatism. I immediately applied the use of your medicine. The result is, a complete cure is effected. I am 63 years of age, and have been a great deal in sickness during my life; have seen many cases of acute rheumatism, some of which have resulted in lameness for life, but have never seen so speedy and so hopeful a recovery.

With the most anxious desire that the above medicines may have a world-wide circulation,

I am yours sincerely.

PORCELAIN PICTURES

ARE now taken at our Gallery, the only place in the Colony where they are taken. These are the Portraits that of late have caused such excitement all over Europe and America; and no wonder, for they are truly wonderful specimens of art, and are destined to supersede every other style of Portraiture. For beauty of tint, and harmony of light and shade, there is nothing in the world to equal it. They are done on Porcelain, and are indestructible, rivalling gems of the first water.

I respectfully invite all who can appreciate to see specimens now on view at my studio.

CHILDREN TEETHING.
MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of mothers her

Soothing Syrup,
FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay all pain and spasmodic action, and is SURE TO REGULATE THE BOWELS

Depend upon it, mothers, it will give rest to yourselves, and

Relief and Health to your Infants.

We have put up and sold this article for over thirty years, and can say, in confidence and truth of it, what we have never been able to say of any other medicine—never has it failed in a single instance, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it; on the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter "what we do know," after thirty years experience, and pledge our reputation for the fulfilment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most experienced and skillful nurses in New England, and has been used with never-failing success in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC,

and overcomes convulsions, which, if not speedily remedied, end in death. We believe it the best and surest remedy in the world, in all cases of Dysentery and Diarrhoea in Children whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the facsimile of CURTIS & PERKINS, New York, is on the outside wrapper.

☞ Sold by Druggists throughout the world.

THE ROAD TO HEATH AND LONG LIFE

SECURED BY

HOLLOWAY'S PILLS.

Impurities of the Blood.

In selecting the most appropriate medicine for a particular ailment, there may be some difficulty unless one can be found to purify, regulate, and improve the quality of the blood. These Pills possess and exert these three qualifications in an extraordinary degree. They enable the stomach to digest any ordinary food, increase the secretory powers of the liver, cleanse and purify the blood, expel all morbid matter, and throw into the circulation the purest elements for sustaining and repairing the frame.

Weakness and Debility.

How many persons suffer from debility without knowing the causes why they are feeble! In most cases the stomach is the aggressor. Holloway's Pills have long been famed for regulating a disordered stomach, and restoring its healthy digestive tone; they are, therefore, confidently recommended as a never failing remedy in all cases where the constitution, from any cause, has become impaired or weakened.

Disease of the Head and Heart.

These formidable diseases are, unfortunately, of frequent occurrence; for the most part they creep on gradually, but may be prevented by proper precautions. *Holloway's Pills are the surest preservatives against all derangements of the brain, and are the speediest correctors of irregular circulation.* If they be taken without delay, when tingling in the limbs, drowsiness, or giddiness comes on, the effect will be marvellous.

Females of all Ages & Classes.

The fame of these Pills is partly based upon the beneficial effects they have upon the constitutions of females. From the domestic servant to the peeress, universal favor is accorded to them for their invigorating and purifying properties, which render them so safe and invaluable in all disorders peculiar to the sex. Obstructions of every kind, either in young persons entering into womanhood or approaching the turn of life—the most critical period—may be radically removed by a recourse to these Pills.

All Disorders affecting the Liver, Stomach and Bowels.

Whenever the stomach, liver, or bowels are disordered by high living, climate, over-indulgence, undue exertion or other causes, these fine regulating Pills will soon rectify the evil, and speedily bring back energy, strength and cheerfulness to the frame where previously all was lassitude, gloom and dejection.

Despondency, Low Spirits.

The misery occasioned by a disordered digestion is, unfortunately, felt by most. These famous Pills should be taken in appropriate doses to adjust the disturbed functions. They dispel headache, biliousness, nausea, lowness of spirits, and all similar ailments. A course of these invaluable purifying Pills never fails in removing the cause of such morbid affections, without subjecting the sufferer to any inconvenience

Influenza, Diptheria, Bronchitis, Coughs and Colds.

In our changeable climate few persons escape without colds, sore throats, influenza, diptheria, or bronchitis, for all of which these famous corrective Pills may be taken with the certainty of effecting a cure. While the Pills are expelling all impurities from the body generally, Holloway's Ointment should be well rubbed upon the chest and throat; it will penetrate the skin, reduce inflammation, and restore lasting soundness.

Holloway's Pills are the best Remedy known in the world for the following diseases:

Ague	Female Irregularities	Scrofula, or King's Evil
Asthma		Sore Throat
Bilious Complaints	Fevers of all kinds	Stone & Gravel
Blotches on the Skin	Fits	Second'ry Symptoms

Carlton's Condition Powders!

A COMMON SENSE VIEW
OF THE
Mode in which
HOSTETTER'S
STOMACH BITTERS
ACT UPON THE
HUMAN SYSTEM.

This is an age of inquiry. People want to know the why and wherefore of all statements submitted to them as facts, and as far as this

GREAT PROTECTIVE AND INVIGORANT

is concerned, it is proposed to gratify them.

All the physicians admit that the greatest difficulty they encounter in their practice is in conveying to the seat of a disease the medicament that will counteract and neutralize it. Electricity has been tried for this purpose, but it is now generally admitted that the electric fluid is too subtle an agent to be made the vehicle of medication. It shocks the nerves, but cannot distribute through the system anything except itself. Medicated electricity is, in short, an exploded humbug. But a liquid stimulant, as everybody knows, can be charged with the essential properties of any and every substance in the *Materia Medica*, and there is no herbial extract which it will not hold in solution with all its preventive and curative virtues unimpaired.

Now, the pure liquid stimulant of which

HOSTETTER'S BITTERS.

are in part composed, is charged with invaluable vegetable remedies, and these, by reason of its powerful diffusive principle, it conveys to every organ and introduces into the circulation. To use a common expression, it goes to the spot, taking with it just what is wanted there. *The essence of ary* would undoubtedly diffuse itself through the organization as swiftly, if administered pure and simple, as if mixed with the juices of tonic and alterative roots, barks and herbs. But of what use would it be without their healing, strengthening, life-sustaining balm? It would *merely* excite. It could neither *protect* nor *cure*. And herein lies the essential difference between the effect of the purest stimulant, when given *alone*, and the same stimulant, when administered in the medicinal form of

HOSTETTER'S STOMACH BITTERS.

Good Monongahela spirit is doubtless the mildest and most innocuous of all the varieties of liquor, but it only becomes a *healthful medicine* when impregnated with the vegetable elements employed in the preparation of the Bitters.

TO DYSPEPTIC SUFFERERS.

Under the general head of Dyspepsia may be classed all the varieties of indigestion. Its symptoms are so various, and differ so much in different individuals, that it is almost impossible to classify them. In fact, some of them are utterly indescribable. It may be safely asserted, however, that half of the diseases of mankind spring from a disordered state of the stomach; and that the other half, whatever their origin, react upon that sensitive and important organ. Among the ordinary indications of Dyspepsia or flatulence, a bloated and full feeling about the stomach and abdomen immediately after eating, a gnawing sensation, or a sense of hollowness at the pit of the stomach, between meals, a heavy dull feeling in the head, feeble or unsteady appetite, occasional nausea, a restless dull feeling during the night, and a weary, unrefreshed feeling on rising in the morning, palpitation of the heart, depression of mind, sometimes amounting to monomania, loss of memory, confusion of thought, sour stomach, with rising of food, and a choking sensation in the throat, dimness of the eye, pain in the diaphragm, feebleness and disinclination for exertion, and sometimes emaciation and a corpse-like palor. These are a few of the *direct* signs of Dyspepsia, but it is generally complicated with specific affections of the bowels, the liver, and the nerves; its victims have many additional torments which are technically attributed to other causes.

The best advice that can be given to any one who has the slightest predisposition to Dyspepsia, is to fortify his or her digestive organs by the daily use of

HOSTETTER'S BITTERS.

The disease proceeds from a lack of vigor in the stomach, and this vitalizing preparation will tone and renovate that organ. If the gastric apparatus is in *good working order, and can perfectly dissolve* and thoroughly assimilate the food submitted to its operation, there will be no dyspepsia. If it cannot do this, it *requires reinforcement*, and the best of all reinforcing agents should be forthwith resorted to. The stomach is the commissary of the system. It supplies the elements of life to the whole body. In it is prepared the material of blood, muscle, bone and fibre, and if it fails to purvey that material in sufficient quantity, and of a proper kind, the whole body suffers, and with it the mental faculties. Therefore protect the "Commissary Department." Don't let the enemy obtain possession of it. *It is easier to prevent disease from getting into* an organ than to expel it after it becomes a *chronic fixture*. Consider the first indication of uneasiness in the stomach as a sign that dyspepsia is preparing to attack, and baffle it at once with this *great repellant*.

But if it is too late to *prevent*, remember that it is *not too late to cure*. It is believed that there is no case of chronic indigestion that can withstand the remedial operation of.

HOSTETTER'S STOMACH BITTERS.

This belief is grounded on *twelve years' experience* of the efficacy of the preparation. The first instance of its failure to give relief is yet unchronicled. If it ever had failed, the voluminous correspondence addressed to the proprietors from all parts of the United States and South America, would, at least, include one letter expressing dissatisfaction. But no, *there is not one*. The testimony, extending over a period of more than a dozen years, is all of the same approving tenor. Certainly this is a sufficient warrant for claiming that the Bitters are a

Specific for Indigestion in all its varieties.
