

Schoolboy Curling Champs Honored Before Departure

MONTAGUE — The Bison restaurant, Montague, was the scene, Thursday night, of a banquet held in honor of the schoolboy curlers on the eve of their trip to Bear of the Blain.

There, the four boys, Roger Chair, Stephen Clarkson, George Lambert and John Macdonald, presented Prince Edward Island in the dominant schoolboy bonspiel which held place last week.

The pride Montague feels in their accomplishments took material form in the many gifts they received at the banquet. Most of the members of the Blain, presented steak dinners after which many presentations were made.

On behalf of the Town of Montague, Mayor B.H. Yeo gave half of the curling pins needed by the boys. These pins will be taken to the members of the teams they will meet, allowing each boy an individual pin.

Canada Council Scholarship Program To Be Revamped

Rev. Adrian Arsenault of the staff of St. Dunstons University returned yesterday from Quebec City where he attended a regular meeting of the Canada Council. Father Arsenault was appointed to the council last July.

The three-day session, held at the Chateau Frontenac, decided to revamp the council's present academic scholarship program because inadequate finances prevent the granting of all scholarship requests from Canadian students. Decisions of the new system will be announced later.

The council's overseas scholarship program was also revamped so that students would not be awarded overseas scholarships if the same courses were available at Canadian universities.

While in Quebec City, Father Arsenault attended the 10th annual Quebec Winter Carnival.

EX-PMS IN HOUSE LONDON (Reuters) — Sir Winston Churchill attended the House of Commons Thursday arm-in-arm with Harold Macmillan. Both former prime ministers are due to retire from Parliament soon. Churchill has been attending regularly during the present session, but Thursday was only Macmillan's third appearance since an operation forced him to give up the premiership last October.

Members of the delegation representing the province, to be held at the home of Mr. and Mrs. Ir. Ross, Upper Montague, were also set for hockey players from outside areas playing at the rink. An admission fee was set and a smaller one for children.

After the business meeting, the grade six pupils spoke on the different parts of the world. A group of 87 still lives in Charlottetown. Miss MacPherson still retains all her faculties and makes her bed daily. She gets around by herself and retains a witty personality.

200 ELIGIBLE TO VOTE MON. AT SOURIS

SOURIS — In the civic election to be held in Souris Monday, the voting place has been changed from the town hall to the fire hall. The election is being held to fill a vacancy in the council left by the resignation of John J. Macdonald.

The candidates, Michael LaVie and George MacEachern, have not been actively campaigning except that each of them has sent a letter to the voters.

At the time the by-election was announced only 25 per cent of the voters were eligible, having paid their taxes. This number has increased only slightly, making approximately 200 eligible voters.

Approved Liquor Outlets Sought By Restaurateurs

Summerside has, on the same premises as the restaurant, a modern, up-to-date cocktail lounge which operates in conjunction with that restaurant. The facilities there provided are an excellent example of the type of accommodation which the tourist trade would like to provide to its patrons.

Facilities such as this are available in every other community in Canada and are essential if we are to compete for the tourist's competitive tourist dollars. It was pointed out that "the tourist industry, which is one of our major industries, has as one of its major aspects the catering to our annually increasing tourist business. A problem which all persons providing food and lodging for tourists is that of the availability of liquors, beers and wines."

The undersigned have naturally foremost in their minds the bettering of their own business, but going along with that, and forming part of better accommodation for our patrons, is a liability to give a service on a par with that enjoyed by tourists in other parts of Canada.

It was stated in the petition that following meetings of restaurant, motel and hotel operators, it was decided to petition the government to "implement the recommendations made recently by the P.E.I. Tourist Association, the P.E.I. Federation of Mayors and Municipalities, and Members of the delegation representing the province, to be held at the home of Mr. and Mrs. Ir. Ross, Upper Montague, were also set for hockey players from outside areas playing at the rink. An admission fee was set and a smaller one for children."

Education Is Stressed

The first meeting of Central Year of the Tricentennial Home and School Association was held recently in the school, with a good attendance. The president, Mrs. Wilford Corrigan, presided.

The business portion of the meeting consisted of reports from the various committees and voting of money for the Music Festival fees.

The main feature of the evening's program was an interesting talk by Charles Campbell, principal of Morell Regional High School.

The speaker stressed the urgent need for every child to have at least a high school education in order to cope with the problems of present day living.

He also stressed the important role parents have in encouraging their children in their school work and home study. A discussion from the floor followed.

Included in the program was Sister Mary Rosari's account of the proceedings at the semi-annual meeting held in Kensington in November.

U.S. Potato Holdings Down

Information received at the Potato Marketing Board office indicates that United States potato holdings at February 1, 1964 show 50,625,000 cwt, compared with 52,675,000 cwt at the same date last year. This is down approximately 4 percent.

While this decrease in holdings gives some comfort, yet it is not considered sufficient to provide any great encouragement at this time.
