LITTLE OPPOSITION TO CANADIANS IN NORTH KOREA

Ottawa Plans No General Price Controls

Growing Concern In U.K. Over U.N. Aims; Questions In Commons

LONDON, April 9.—(CP) — A rash of questions in the House of Commons reflected Britain's growing concern today over aims of the United Nations in Korea and Gen. Douglas MacArthur's recent pronouncements. One of eight written questions— which the government may answer Wednesday—was by Labor member D. L. Donnelly who asked if Britain would undertake talks with the United States and U. N. members to achieve "more effective control of the supreme commander of the U. N. forces in Tokyo."

Demand Directive
Much of the press in Britain, and Western Europe, too, raised demands that action be taken in the United Nations to give MacArthur a clear policy directive. In Paris, a French Foreign Office spokesman said the French Government is opposed for political reasons to MacArthur's proposal that Nationalist Chiang Kai-Shek's Chinese troops be used and that Manchuria be bombed. The chief fear, both in Britain and France, is that the war in Korea might be rolled into an all-out Far East war, diverting Western military strength from Europe—which they regarded as the decisive theatre. But a Foreign Office spokesman at a press conference said: "I can officially state that we have not lodged any formal or isolated protest on this matter with the United States."

Plan Protest
Other sources said, however, that Britain would voice strong protests about MacArthur's recent activities in the privacy of talks at Washington among the 14 countries interested directly in Korean strategy. The spokesman said British and American objectives remain the same "in Korea. He said there is no "wide divergence" of views on a proposed declaration of U. N. aims. One of the questioners in the

Coming Events

- Mail your films to Garnham Photo Studio, Charlottetown.
- Card party and lunch Hope River Credit Union Hall, Tuesday April 10.
- Dance in Glenroy School, Friday, April 13th. Luncheon, Burke's Orchestra.

- Don't miss Shur Gain Amateur Cavalcade Stage Show, Winsloe Station Hall, Wednesday, April 11th, 8 P. M. Sponsored by Highfield Women's Institute.
- Car of cement arriving Bradalbane Station around 15th April. Special prices off car. Also Cream of West flour cotton \$5.69. E. J. Taylor, Bradalbane.
- A special machine for cleaning wheat, a clipper cleaner for other grains at Bedeque Flour Mills, Central Bedeque, P. E. I.
- The Easter Monday play, "The Charming Intruder," will be repeated by request in Hunter River Hall, Wednesday evening, April 11th at 8:15 p.m. Sponsored by the C.W.L.
- Don't miss the variety concert in Clyde River Hall on Thursday, April 12th. Presented by Crazeud L.O.B.A. Hilarious comedy. Songs by Davis Ward. Fun for all. Sale of lunches. Sponsored by Clyde River L. O. B. A.

Howe Makes Reply To Motion By George Drew

OTTAWA, April 9.—(CP) — Trade Minister Howe told the Commons tonight, on the eve of the Federal budget, that the Government is not going to put general price controls into effect now. The Minister, stepping into a debate on living costs and inflation, said the greatest contribution Canadians can make against inflation is to avoid panic buying and to produce more goods. "The Government is not going to put into effect controls that would do more harm than good," Mr. Howe said in response to a series of Opposition demands for government action to halt the rise in the cost of living. He spoke in an all-day discussion on a Progressive Conservative motion of non-confidence in the Government because of higher living costs. The motion of George Drew, Progressive Conservative leader, called for "immediate consideration" by the Government to the "adoption of appropriate measures to hold down the cost of living and halt inflation. Presented as the Government moved to go into committee of supply to study 1951-52 expenditure estimates, the motion drew support from the C.C.F. and Social Credit Parties. Mr. Howe told the House the swift rise in the Government's cost-of-living index up to March 1 had been virtually halted during March.

City Will Await Disposition Of Meter Dispute

The parking meters will not be put into operation until the present dispute between the two automatic meter companies regarding the infringement of patents has been settled. It was decided last night at the monthly meeting of the City Council. Councillor C.M. Cox, chairman of the Street Committee, brought up the matter of the dispute between the Twin Automatic Meter Company and the Dual Automatic Company. The latter company has charged with infringing upon its patents and plans to bring a lawsuit against the company. "The twin automatics were installed here. Councillor Cox stated that first word he had of the dispute was a letter from a firm of lawyers in Toronto telling him that action was being taken for infringements of patents. He stated that he wrote to the President of the Twin Automatic Company and received a reply to the effect that that company was the first to provide competition to the rival firm who apparently could not stand it. Sends Indemnity The president assured Mr. Cox that the City would not become involved and sent an indemnity to Mr. Cox to safeguard any possible involvement. City Recorder K.M. Martin did not think the City would become involved but he advised that the matter be left standing until the situation was clarified. He stated that if the meters were used and the City became involved the consequences might be severe. (Continued on page 15 col. 2)

Auriols Leave For France

MONTREAL, April 9.—(CP) — Weary but still smiling, President Vincent Auriol of France bade Montrealers a fond adieu today with three little words: "Merci a tous." (Thanks to everyone). Accompanied by his wife and son, Foreign Minister Schuman and other French officials, the President boarded a reconverted Air France Constellation shortly after 3.30 p.m. EST, at suburban Dorval airport. Ten minutes later the party was headed east on a non-stop flight to Shannon Airport, Ireland. A previous plan for a direct return to Paris was cancelled when President Sean T. O'Kelly of Ireland extended the French President an invitation for a meeting at Shannon. The plane is due to land there at 6.30 a.m. (Irish time).

SOCIETY BURGLAR SENTENCED

VANCOUVER, April 9.—(CP) — Barry Brown, 33, called by police a "society burglar," today was sentenced to five years in penitentiary for the \$7,000 robbery March 24 at the home of Clayton Delbridge, publisher of the Vancouver News-Herald. The loot included furs, jewelry and clothing. All but \$300 worth was recovered. (Continued on page 15 col. 2)

8,000 Persons Driven From Homes By Floods

MINNEAPOLIS, April 9.—(AP) — April floods, which have driven about 8,000 persons in four states from their homes, lapped at new areas today in already-swollen streams in Minnesota, South Dakota and Iowa. Flood waters made North Mankato, Minn., a watery ghost town. The Red Cross there said only a few of the city's 4,792 residents remained after the Minnesota River rose eight to nine feet in some residential areas. Most of North Mankato's citizens were evacuated to neighboring Mankato, which had 300 evacuees of its own with an estimated 15 blocks flooded. The Minnesota River also was rising at St. Peter, 12 miles downstream from Mankato, and at New Ulm, 30 miles upstream. The river has its source in western Minnesota.

Mayor MacDonald Among New Liberal Candidates

His Worship Mayor B. Earle MacDonald was nominated last night as Assemblyman to contest the Fifth District of Queen's for the Liberal Party in the April 26 election. Nominated as Councillor was Dr. F. C. Dougan, Charlottetown. Neither candidate was opposed at the convention which was held in the Clover Club. Other Liberal conventions yesterday saw the renomination in Third Prince of Hon. J. W. Arsenault, Provincial Secretary, and a close race in First Prince between Hon. J. A. Bernard, former Lieutenant Governor, and Mr. Hector Richard, the latter winning out by two votes. At the Charlottetown convention, Dr. Dougan's nomination was moved by Dr. L. E. Prowse and seconded by Mr. Joseph Francis. That of Mayor MacDonald was moved by Lt.-Col. R. C. Chandler and seconded by Mr. Gilbert Gaudet. Following the nominations Mr. S. P. Paoli, who presided, called on Premier J. Walter Jones to come to the platform. The Premier congratulated both nominees and then spoke briefly on the record of his Government. He defended the amount of money spent by the Government and cited the contributions received from Federal sources. Premier Jones also referred to the various public buildings as assets of the Province and stated that he had recently signed for insurance on them to the value of \$3,000,000. Both nominees spoke briefly, recognizing the general desire of the public to listen to the hockey broadcast. For that reason Mayor MacDonald said "I let the Premier speak for me tonight. I will let him speak for me until the 26th. After that I will speak for myself." Dr. Dougan promised that if elected "I will do my best to assure the laboring men a living wage."

Canadian Budget To Be Presented Tonight

OTTAWA, April 9.—(CP) — Canadians will hear the bad news about their 1951-52 taxes tomorrow night. Finance Minister Abbott, introducing his budget in the Commons is expected to announce a heavier tax burden, possibly through the imposition of new taxes and a series of increases in existing levies. Mr. Abbott and other government spokesmen already have made it clear that higher taxes are necessary to help finance the country's expanding defence program. The Finance Minister will begin his budget speech to the Commons at 8 p.m. EST. Until then, by custom, the contents remain a state secret. However, there has been the customary flow of pre-budget speculation about what it will do to the public pocketbook—whether the additional revenue will come out of luxury goods or whether the government will hit the taxpayer in the crucial personal income tax brackets. Price Controls Possible Another question is whether the government, with public demands for price controls quickly building up, might also announce through the budget that it is going to do something in that field to combat the high cost of living. Mr. Abbott told the Commons last week, in an interjection on the living-costs problem, that he would be discussing it in his budget speech. This will be Canada's third budget within little more than a year. Mr. Abbott brought down his annual budget last spring and supplemented it with a "baby budget" during the special session of Parliament last fall. The spring budget left taxes largely unchanged, but the fall budget boosted corporation income taxes and raised the excise levies on such things as motor cars, cameras, fountain pens, cigarette lighters, radios and luggage. Beer and liquor also went up and a new excise tax was imposed on a list of electrical household appliances. A few hours before Mr. Abbott places his budget before the Commons, the British budget will be introduced in the United Kingdom House of Commons.

Sees Boom In Trucking From The Maritimes

AMHERST, N. S., April 9.—(CP) — John Magee of Oakville, Ont., executive secretary of the Canadian Automotive Association, said today "large development of inter-provincial highway freight service between the Maritimes, Quebec and Ontario is just around the corner." Mr. Magee, speaking at the first annual convention of the Maritime Motor Transport Association, said long distance trucking operations will break the railroad monopoly of freight service and freight rates which now exists on Maritime-Central Canada hauls. He added, however, that "the very development I am predicting today can be nipped in the bud if the Federal Government is permitted to institute central control of inter-provincial trucking, as recommended by the Turgeon Royal Commission on Transportation. "Once Ottawa gets control of trucking," he said, it will lose no time in moving in to protect the federally-owned Canadian National Railways."

Illness Of Marshal Petain Reported

PARIS, April 9.—(AP) — Marshal Henri Philippe Petain, serving a life sentence on bleak Ile d'Yeu, tiny Atlantic island, was reported today to be suffering from congestion of the lungs. Petain, who will celebrate his 85th birthday this month, was sentenced for collaboration with the Germans during the Second World War.

Two Young Girls Cross Desert Alone

JOHANNESBURG, South Africa April 7.—(Reuters)—Two adventure-seeking young girls, who crossed the Sahara Desert alone and unarmed, have journeyed here after a 17,000-mile journey from London in a truck. They are slight, dark, 27-year-old June Capel of Australia, and Joan Freeman, 22, of South Africa. They crossed 1,500 miles of the Sahara, one of the most deserted spots on earth, in three weeks. The girls started from London in mid-November. They shared the driving and did their own running repairs.

British In Korea To Be Replaced By Fresh Units From Hong Kong

LONDON, April 10.—(Tuesday) —(Reuters)—Britain is withdrawing one of her two brigades in Korea for a rest, and replacing it with fresh troops, the War Office announced today. The 27th Infantry Brigade, in the thick of the Korean fighting since arriving there in August of 1950, will be relieved by the 28th Brigade. The 27th will be sent back to Hong Kong for a rest. The announcement said that the 1st Battalions of the King's Own Scottish Borderers and King's Shropshire Light Infantry will relieve the 1st Battalions of the Argyll and Sutherland Highlanders and the Middlesex Regiment respectively. The 27th was formed from troops already stationed in Hong Kong in the first months of the Korean campaign. It also contains a number of Austria troops. The Princess Patricia's Canadian Light Infantry entered the Korean fighting as part of the brigade. A second British brigade, the 29th, which arrived in Korea later, is not included in the rotation scheme.

CANADIAN DOCTOR FINDS WONDER DRUG

Truman Rejects Drastic Action In MacArthur Case

WASHINGTON, April 9.—(AP) — President Truman was reported today to have ruled out any action against Gen. Douglas MacArthur that would affect MacArthur's status as supreme commander in the Far East. The possibility remained that Truman might publicly or privately rebuke the General for his open split with the administration—and with United Nations policies—over the conduct of the war with the Chinese Communists. MacArthur set off an international uproar by coming out last week in favor of using Chinese Nationalist forces to open a "second front" against the Reds. Many Republicans strongly backed the General's stand. But from U.S. Allies abroad, there were sharp protests against any spreading of the Korean war. LONDON, April 9.—(AP) — A nervous Judy Garland made her debut at the London Palladium tonight and won warm applause. The movie actress slipped and fell at one point as she was taking bows, and won even louder plaudits when she said: "I guess that's one of the most ungraceful exits you've ever seen."

TORONTO, April 9.—(CP) — Minimum temperatures as observed between 7.30 p.m. and 7.30 a.m. EST; maximum temps between 7.30 a.m. and 7.30 p.m.: Victoria 37-56; Edmonton 31-44; Calgary 21-41; Regina 32-40; Winnipeg 31-44; Toronto 43-54; Ottawa 43-53; Montreal 40-48; Quebec 36-42; Saint John 41-50; Moncton 34-38; Halifax 44-53; Charlottetown 36-41; Sydney 37-39; Yarmouth 43-60; St. John's Nfld. 37-49.

Gen. MacArthur Does Not Take Orders From U.N.

(By Max Harrelson) LAKE SUCCESS, N. Y., April 9.—(AP)—Although Gen. Douglas MacArthur is commander of United Nations forces in Korea, the U. N. did not appoint him and it cannot fire him, MacArthur said today. He is responsible only to him. Here is how this situation came about: Truman ordered United States forces to intervene in Korea June 27, 1950, two days after the North Korean Communists invaded the U. N.-sponsored Republic of South Korea. A few hours later the Security Council called upon other member countries to supply military aid. As supreme U. S. commander in the Far East, MacArthur was in charge from the beginning. He had only American and South Korean troops however. On July 7, the Security Council authorized creation of a unified command "under the United States" and asked the U. S. to designate a commander of such forces. The next day Truman named MacArthur unified commander. MacArthur's only responsibility to the U. N. is to send in periodic reports on his operations.

Find Cruise Ship Fire Set By Incendiarists

OTTAWA, April 9.—(CP) — Fire that raged through the cruise liner Quebec with the loss of seven lives Aug. 14 last was set by one or more incendiarists who also partly knocked out the ship's automatic fire-alarm system. The Commons received these findings today from an investigating judge, and it also heard Transport Minister Chevrier announce his department will give "immediate attention" to the judge's recommendations for tighter fire precautions. Mr. Justice Fernand Choquette of the Quebec Superior Court was unable to name anyone responsible for the fire. Mr. Chevrier said arrest and prosecution would be a matter for authorities in the area where the fire occurred—Quebec. At Quebec City, Solicitor-General Antoine Rivard of that Province said the report will be studied and the Quebec Government will consider what course police action should take. The fire broke out aboard the 4,000-ton St. Lawrence River cruise ship as she was heading for Tadoussac, at the mouth of the Saguenay River, with 426 passengers and 197 crew members aboard. Trapped in their cabins, the seven victims—four women, two men and one child—were believed dead by the time the ship reached Tadoussac a half hour later. All the dead were passengers. The victims were: Mr. and Mrs. Norman Shapiro, their son Leonard, Mount Royal, Que.; Dr. and Mrs. Pickens Smith McCollum of Clemson, N. C., and Gertrude and Eva Taub, sisters, of Tarrytown, N. Y. Neither the ship's owners—Canadian Steamship Lines, Ltd.—nor Capt. C.H. Burch nor any persons besides the alleged incendiarists contributed to the loss of the ship or loss of life by any "wrongful act or default," Mr. Justice Choquette found in a 20,000-word report.

HALIFAX, April 9.—(CP) — Official forecasts issued by the Dominion Public Weather Office at Halifax and valid until midnight Tuesday.

Sensis: A disturbance that was near the Carolina coast last night has now joined the disturbance near Sable Island. This will result in stronger winds and more rain for all regions tomorrow. The combined disturbances will remain almost stationary near Sable Island, hence no early change is expected in the siege of dull wet weather. Regional forecasts: Prince Edward Island — Intermittent drizzle and rain. Not much change in temperature. Northeast winds 15 increasing to 25 during morning. Low and high Tuesday at Charlottetown 34 and 42.

High tide today at 1.29 A. M. and 12.44 P. M. Sun rises at 5.39 A. M. and sets at 6.51 P. M. Summerside tide eighteen minutes later than Charlottetown.
