M. DRYER, Esq., head of the well known firm of John Tobin & Co., of Halifax, has left for the South of France, for the benefit of his health.

HON. MICHAEL TOBIN, of Halifax, an ex-President of the Legislative Council, has been very ill, but it is thought will recover. He was for many years a member of the highly respected firm of James & Michael Tobin, which was established very long ago.

The "Sarmatian" landed six "organ-grinders" at Halifax the other day. Our authority does not say whether they were newspaper editors or itinerant Italian music-makers. No matter; either are sure to get people "by the ears."

BETWEEN \$40,000 and \$50,000 worth of Messrs. Carvill, McKean & Co's personal property, was levied on by the Sheriff of St. John the other day, to satisfy an execution issued by the Maritime Bank. This is a branch of F. Carvill & Sons, London, who failed some weeks ago.

The St. John Telegraph says Speaker Kirkpatrick scored a point by returning thanks for his election in French, as well as in English. A knowledge of French is necessary in several departments of the Civil Service, a fact which intending candidates should bear in mind.

The great Norwegian Skater, Herr Axel Paulsen, strained his back severely while going through some of his wonderful performances at Halifax a few days ago. After skatting at Wolfville, his doctor ordered him to rest for a week at least. He will return at once to Halifax, and then resume his tour through Canada.

In connection with the childrens mission, Father Osborne will give an address to-night to teachers on "Children Religion, its value and hindrances." Teachers, whether of day or Sunday Schools, and those preparing to be teachers, are cordially invited to attend. To-morrow night he will address parents on the same subject.

FRENCH advices from Cape Traverse report that a steamer named Dr. Robertson, ex-Commander for King's County, drawn over in the bay "St. John A. McNeil," by Messrs. Ferguson, Ferguson and Prosser, but was engaged in a far top coat of immense proportions, stepped by Mr. Sullivan. The Doctor was comfortable for once in his life.

We are pleased to learn that the barque "Lady Nairn," Capt. Richards, owned by Geo. D. Gordon, arrived at Bristol from Georgetown, on the 25th ult. The "L. N." up to the present was not reported, and there was much anxiety felt regarding her safety as she was on the British coast during the recent very heavy weather.

THE CHINA.—Mr J. W. Roberts, harness maker of Montreal, has received instructions from a firm in Long-King-Sing, a thousand miles inland from Shanghai, China, to make up and forward immediately five sets of harness—one single and two double sets. It appears that the heavy harness manufactured in Montreal is very superior.

A BOT named Spencer entered the American Variety Store of T. O'Connell a few days ago and took a walking cane, valued fifty cents. Yesterday he again entered the store and asked Mr. O'Connell if he owned the cane. He said he did. A policeman was called and Spencer given in charge. This morning the Magistrate, on hearing the case, stated that while it appeared to be a petty larceny, it bore evidence of a practical joke. He gave him the benefit of the doubt and discharged him on his own recognizance and \$20 to appear when required.

The following epitaph, sent by a clever correspondent, seems to be intended for the gentleman who was so prominent in getting up the Dairyman's Convention, against the principalities and powers of oleomargarine, and who afterwards went over to the enemy with the glib facility of a butlered snake gliding across a parallel of latitude.

A well-known individual, who lately made an assignment in Halifax, and who was connected with a queer sort of paper there, it is said, has left the country for good, or, in reality, for San Francisco. The story goes that he had been the victim of very bad luck. He was led to believe and fully expected that he was to be his father's principal heir. The old gentleman resided in the United States, and was reported to be very wealthy. He died recently, and his will (so old one) was made in favor of the subject of these lines. The father had married the third time, left a widow, but no other will. The son expected to receive \$100,000, but it is said, the father sometime before his decease, turned all his real estate, etc., into cash, and, with the cash brought United States bonds, all of which he left to the widow. Although the will was in the son's favor, he could not find any assets, and attempted to enter an action against the widow to force her to show what became of the assets. Before he could do this, however, he was required to give security for the pending sum of \$100,000. This he could not do. Result: no action. No doubt, after this he will follow old Mr. Weller's advice to Sammy and "Beware of the Widlers!"
