BY SPECIAL APPOINTMENT, SOAP MAKERS TO HER MAJESTY THE QUEEN

If you wish your Linen to be White as Snow, Sunlight Soap will do it.

Why,

Because SUNLIGHT SOAP is perfectly pure, and contains no Injurious Chemicals to injure either your clothes or your hands. Greatest care is exercised in its manufacture, and its quality is so appreciated by the public that it has the Largest Sale of any Soap in the World.

How

Can you test this? If you have never tried SUNLIGHT SOAP, ask those who use it what they think of it, then try it for yourself. The result will please you, and your clothes will be washed in far less time, with Less Labour, Greater Comfort, and will be whiter than they have ever been before, when you used ordinary soap.

Is That

not the best way to decide the matter? First by enquiring what the experience is of those who already use it. Secondly, by a fair trial yourself. You are not committed in any way to use the soap; all we ask is: Don't Delay, try it the next washing day.

Charities and Correction.

Charities and correction is one of the departments of the fair to which thinking men will instinctively turn. There will not be much in it to attract the popular eye, but it will be a mine of information for the guardians of the poor and the governors of the criminal classes in this and other countries. The student of the social problems of the day will find collected and easy of access facts and figures invaluable to him, which he might otherwise have labored for years to discover. The department will occupy a space of 15,000 square feet in the southwest corner of the Ethnological building.

Iowa's Coal Exhibit at the Fair.

Eastern people have not been in the habit of regarding Iowa as a mineral state, but in her exhibit the Hawkeye State will show a coal mine from both an interior and exterior point of view. Coal will be placed inside a shaft in natural positions, with figures of miners and all mining appliances.

The Shoe and Leather Exhibit.

One of the most interesting exhibits at the fair will be the shoe and leather display. For one thing, the leather of all nations will be shown there. Not a nation of Europe and few of the Asiatic and island countries declined to respond to the invitation for exhibits.

Prepare for the Worst.

DR. JANEWAY'S ADVICE RESPECTING THE COMING OF CHOLERA.

In speaking of the likelihood of cholera gaining a foothold in America this year, Dr. Janway of New York tersely advises everybody to be prepared for the worst. This may seem at the first glance the talk of an alarmist, but it is in reality sound advice. There is no cause for panic, but a systematic preparation in view of a possible epidemic of cholera is really essential. Quarantine regulations need to be observed. The work of the scavenger should extend to every hole and corner of cities and towns. An uncontaminated water supply is essential. The matter of sewerage is important. But there is yet another and also very important consideration. It is an undisputed fact that disease of any kind, and especially such a plague as cholera, will foster most quickly, and with the most deadly effect, upon an already diseased or debilitated system. It therefore becomes the duty of every person to as far as possible secure himself or herself from its ravages, by confronting the dreaded enemy with a strong and healthy physical system. Comparatively few persons find themselves in that condition at this season of the year. The vast majority, indeed it may be said that all persons, find it necessary to fortify themselves by the use of some remedial agency, to restore lost vigor and vitality and so be literally prepared for the worst. The grateful testimony of thousands has established beyond dispute that no more effective combination for this purpose is offered to the public than Hawker's nerve and stomach tonic and Hawker's liver pills. These are standard remedies, the formulas of which are endorsed by leading physicians on both sides of the border; and they present to everyone at moderate cost the most efficient means of regaining perfect health. They revitalize the blood, stimulate the digestive organs to regular and perfect action, restore to the nerves that force and strength which they have lost, and remove from the system all traces and effects of debility. No time should be lost in hesitation or to make a choice between remedies; for there is no other agency so sure and effective as Hawker's nerve and stomach tonic and Hawker's liver pills. They are within the reach of all classes, and now is the time to secure the boon of restored health which they place within easy grasp. my8 dytf

Don't Stuff a Cold.

If you do you will, nine times in ten, have a fever to starve. A cold is a shock received by the myriad nerves that bristle near the surface of a human body. This shock is transmitted to the nerve centres, and then back to the mucous membranes, forcing a great amount of blood to those membranes, creating a more or less severe irritation, and consequent rise in the temperature, followed by chills. Excess of food in the stomach still more increases the temperature; and, worst of all, helps clog the secretions or natural outlets of the body. It is high time we broke away from an old notion which, like some others, has done more harm than good. For example, in years past how many poor fever sufferers, burning with an internal fire and thirst, were hurried to an untimely grave because not allowed cooling drinks or a bit of ice by the old time treatment for fevers, as foolish as the adage for fools. At last one cunning delirious patient got to a pump of cold water and drank his fill; determined not to leave until the well ran dry, he slacked the fever, recovered, and doctors learned a lesson. Experimenting with a severe cold is a dangerous custom, as most persons try one remedy only until some friend suggests another "sure cure," as Mark Twain so humorously describes. When slight hoarseness or tightening of the nasal membranes warns one of a skin exposure or chill from wet, act promptly; a delay is dangerous. With children it may mean croup and strangulation; with adults, catarrh, bronchitis, perhaps pneumonia. If neglected, nothing can prevent the sneezing, red nose and woe begone look of a person with a cold. Scores of mothers would as soon go to bed without matches in the house as without that old fashioned remedy, Johnson's Anodyne Liniment, near at hand for croupy children. Used with a mild laxative, as described in a pamphlet which I. S. Johnson & Co., Boston, Mass., will send free to anyone. Johnson's Liniment will cure a cold for adults quicker than any known remedy. A mild, nutritious diet, a gentle physic to open the secretions, and a bottle of that old Anodyne from your druggist, will conquer any cold. Johnson's Anodyne Liniment was originated by an old family physician more than seventy years ago. m8 d6i w1i

A Brockville Druggist's Case

BROCKVILLE, April 24th.—The popular impression is that doctors and druggists seldom take their own medicine. This is no doubt true, but when a doctor takes ill he generally calls in one of his own profession, in whose skill he has every confidence, or when a druggist is in a similar situation, he often puts his faith in the preparations of some other chemist which he knows give good results. Both the doctors and druggists in such cases show their good sense. A case in point happened in this town a short time ago. Mr. F. M. Turner, the well known and popular druggist, who is now travelling for Parke, Davies & Co., was for a long time been a sufferer from congestion and inflammation of the kidneys. He tried a great many remedies, but without results. His patrons, however, spoke so highly of Dodd's Kidney Pills that he was induced to try them. He now states that he is completely cured, and to your correspondent he said that as a rule he had very little faith in patent medicines, but that for the cure of kidney troubles, rheumatism, backache, etc., he does not know of any remedy that is giving such good results as Dodd's Kidney Pills ....

USE SKODA'S DISCOVERY, the great blood and nerve remedy.

When we assert that **Dodd's Kidney Pills** Cure Backache, Dropsy, Lumbago, Bright's Disease, Rheumatism and all other forms of Kidney Troubles, we are backed by the testimony of all who have used them.

"Backache means the kidneys are in trouble. Dodd's Kidney Pills give prompt relief."

"75 per cent. of disease is first caused by disordered kidneys."

"Might as well try to have a healthy city without sewerage, as good health when the kidneys are clogged, they are the scavengers of the system."

"Delay is dangerous. Neglected kidney troubles result in Bad Blood, Dyspepsia, Liver Complaint, and the most dangerous of all, Brights Disease, Diabetes and Dropsy."

"The above diseases cannot exist where Dodd's Kidney Pills are used."

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhœa and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

DR. J. F. KINCHELOE, Conway, Ar

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

—OF—

P. E. ISLAND.

PARTIES using the Telephones would find talking much more satisfactory if they would observe the following rules:—

1st. Speak with the mouth about four inches from the transmitter.

2nd. Speak in a moderate tone of voice, not too loud, and distinctly.

3rd. Place the telephone so as to cover the ear, just as if you wished to shut out all other sounds. Do not press too hard on the ear.

It is possible to talk and be heard when standing back two or three feet from the transmitter, if you shout loud enough, but it is not a pleasant mode of conversation, is entirely unnecessary, and is a useless waste of wind and lungs, besides being very annoying to all within range of your voice.
