AN EPIDEMIC OF SUICIDES.—All Europe, especially Paris and London, is suffering from an epidemic of suicide, which is greater than that of two years ago, and, therefore, quite unprecedented. Ten or more per day is a low average in each city last week.

There is a considerable reason, probably, for the depressing weather partly responsible. In the last few days London has been experiencing the most melancholy and unbearable of fog days.

The most remarkable suicide story comes from Bremen, where a journeyman baker and his sweetheart determined upon suicide by drowning in the Schwarzer river. The young man was out of work, and saw no prospect of being married. The couple carried out their resolve, and the bodies were found in the river. The pockets of the young man were searched, and in them were found one florin and a lottery ticket. A few days afterward the drawing in the lottery took place and that ticket was the winner of 20,000 florins, or about \$10,000.

A dress that will look well, and at the same time defy rain or dust, would seem to be the ideal after which ladies have been longing. These needs all meet in Cravenette. Waterproof, but thoroughly porous, thoroughly stylish, while defying the deluge from above or the dust from beneath; suitable either for dress, or cloak or wrap. Cravenette meets a need long felt in Navy, Myrtle, Brown, Grey, Castor or Black. The ideal costume for spring and summer. Light and medium weights. (36)

THE WORLD OF SPORT.

Caledonian Games at the Park.

The attendance at the Caledonian games on the Park yesterday was not so large as on some former occasions.

Great interest was taken in the bicycle races. In the one mile race the starters were Unsworth, Prowse, Cook and Ratray.

The race was between the two first named. Unsworth took the lead shortly after the start, with Prowse a yard or two behind him, which position he held throughout the race.

The handle-bar of Cook's bicycle twisted as they were coming up the stretch on the first half and he was thrown off. Ratray stopped to look after Cook, and the other two were thus left to fight out the race.

In the five-mile race the same four whelmen started. Prowse took the lead at the start and cut out the pace. Cook was in second position with Unsworth and Ratray in the order named.

At the quarter mile shot ahead of Cook and took a position just behind Prowse. Cook was third, a few yards behind Unsworth. Ratray was in the rear and dropped out of the race before the first mile was covered.

Around and around the track the wheelmen sped, Prowse leading with Unsworth at his wheel, and Cook just behind him. Now and again Prowse would let in a little more space between himself and Unsworth, but Unsworth would quickly close the distance. Cook was also holding his own in good shape.

The procession was continued until they were coming up the stretch on the last mile when Unsworth put on a magnificent spurt and shot past Prowse. Cook followed Unsworth and dropped into second place. In this order they finished, there being very little difference between the three.

Unsworth rode a Stearns racer, Cook a Stearns Model E roadster, Prowse a Brantford racer.

Dress Goods

The People's Store.

225,000,000 YARDS!

WHAT!

Two hundred and fifty-five million yards would dress all the ladies in Canada. Have we got that many yards? A wag at our elbow says we have. He puts it this way: Naught stands for nothing. The six naughts above may then be left out as nothing; this leaves 255. We have that many and more. The big wonder is that all our Dress Goods are going cheap, cheap, cheap.

32c. will buy fine All-wool Dress Goods, formerly sold at 48 to 75 cents.

50c. will buy an elegant Black French Cashmere, All-wool, full width, fine as silk.

We need say no more. Come in and see them.
