Where Ill-Fated "Canadian Pilgrim" Crashed

The above telephoto, taken from a search plane, shows the snow fields and high peaks of the French Alps near Grenoble where the Rome-to-Montreal Canadian airliner crashed on Monday. All fifty-eight aboard were killed, including the Prince Edward Island born stewardess, Mrs. Allen Johnson, R. N., whose father, Mr. John MacDonald, resides in Charlottetown.

Mrs. Johnston was aboard the airliner when it visited Charlottetown airport on June 17 last, to refuel on a return trip from Rome via Shannon, Ireland. The picture gives a graphic idea of the rugged terrain up which the climbing parties from French Alpine centres forced their way to reach the blasted wreckage. The map below shows the route the plane was to take.

Judging In Full Swing At Fox Show Yesterday

It was a big day at the Fox Show Pavilion yesterday. There was a large attendance of fox breeders from various parts of the Province and over 200 foxes were judged. Judge G. A. Callbeck had a difficult task but each and every one of the foxes was carefully scrutinized before being finally placed. There were many remarks on the good quality of the animals and there certainly did not seem to be any retrogression from other years. The adults were particularly good and not a single offspring fox could be noticed. A pleasant surprise was the attendance of H. B. Gates of Middleton, N.S., and Frank Mayne of Westchester, N.S. Mr. Gates took away two firsts and Mr. Mayne one first and they were warmly congratulated by the other competitors.

Judging was completed for all classes of silvers, probably one of the biggest days of judging since the exhibitions were first started. This morning the silver championships will be decided and the platinum classes and white marked classes will be judged up till 1 p.m. In the afternoon the judging of standard mink will take place and as soon as that has been done judging will be resumed with the remainder of the fox classes. In today's judging one will see some very beautiful platinums, in various colorings, including pearls, and two classes of white marked silvers. The remainder of the judging, which will probably consist entirely of mink, or perhaps may include championships for platinum foxes, will take place on Friday morning. Last night a very interesting educational program was given in the Charlottetown Hotel to a large group of fox farmers. Tonight the big gala gathering, the foxmen's banquet, will be held at the Charlottetown Hotel, commencing at 7:30 p.m. Tickets are available at the Fox Pavilion or at the Hotel. The program has been prepared so as to give the maximum of entertainment with a certain amount of fox talk interspersed. The principal speaker will be Mr. Walter R. Shaw, M.B.E.

Given 5-Year Term For Oakes Extortion Attempt

NASSAU, Bahamas, Nov. 15—(CP)—Convicted of attempted extortion and threats against the life of Lady Eunice Oakes and her family, Nicholas Musgrove was sentenced to five years in penitentiary tonight. Chief Justice Oswald Macgrove also recommended that Musgrove be deported to his native Turks Island at the end of his prison term. Musgrove was arrested last May after two threatening letters and two telephone calls, one of which was traced by police, were intercepted by Basil Sparrow, secretary to the widow of Sir Harry Oakes. Sir Harry, millionaire Canadian mining magnate, was murdered in 1943 and his killer was never convicted. Musgrove took the stand in his own defense today and denied knowledge of the extortion attempts. He said a white man used the telephone booth at nearby Oakes Air Field, where he was captured, just before the police arrived. Yesterday, the extortionist, who identified himself as "Mister D," was quoted as saying in a letter: "More than one person is making this demand. Even if one is caught the others will retaliate with vengeance and you'll have to pay in tears, perhaps in blood." Lady Oakes was warned to leave \$100,000 in a specified, lonely place or "May God have mercy on somebody's soul." The first letter arrived just before Lady Oakes left on a vacation trip. She is still abroad. "If Lady Oakes doesn't play ball with us we have only to pull one trigger to bleed her heart and another to burst her heart," Musgrove was quoted as saying in a telephone conversation. "We have a lot of respect for the old lady... we don't want to bleed her heart."

Householder Makes Flood Control Plans

WINNIPEG, Nov. 15—(CP)—Dr. Arthur Lerner, whose home is on the "wrong" side of the Red River dikes, isn't waiting to learn what the Government plans to do to help home-owners left unprotected. He's raising his house eight feet above the original first-floor level by building a 10-12-foot concrete wall beneath it. Ten men will work six weeks to do the job.

Ch'town Taxi Driver Awarded \$10,318 Damages

OTTAWA, Nov. 15—(CP)—The Exchequer Court today awarded Trevelyn Spence, Charlottetown taxi driver, damages of \$10,318 against the Defence Department for injuries suffered July 24, 1947, in a collision with an army truck. The court found Cpl. H. W. Ryan had been negligent in driving the truck, attached to the 17th Prince Edward Island Reconnaissance Regiment. The collision occurred near Mount Stewart, P. E. I. Part of the army's defence—in addition to the claim that Ryan was not negligent—was that he was not acting within the scope of his duties at the time, since he was driving Charlottetown's Knights of Columbus baseball team from that city to Souris, P. E. I. The court held Lt.-Col. W. W. Reid, commanding officer of the regiment, had no authority to use the truck for that purpose, despite the fact a ball game was to be played at Souris in connection with a recruiting effort. However, it said Cpl. Ryan was acting within the scope of his duties in following out his commanding officer's orders to drive the truck to Souris. He could not question this order. Ivan Bradshaw, owner of the damaged taxi, was awarded \$750 damages. (Evidence in the above case was heard in Charlottetown last June before Mr. Justice J. C. A. Cameron, when it was agreed that counsel would submit written arguments. Messrs. Bell, Matheson and Foster acted for the plaintiffs, the Crown being represented by Messrs. Matheson and Peake, J. P. Nicholson, city, and Keith E. Eaton, Ottawa.)

Packinghouse Workers Get Two Cents Pay Boost

TORONTO, Nov. 14—(CP)—About 14,000 packinghouse workers in cities across Canada will receive a wage increase of two cents an hour under an agreement reached between packinghouse firms and the United Packinghouse Workers of America (C.I.O.-C.C.L.), a union official said tonight. Some 12,000 workers are employed by Canada Packers, Limited, Swifts Canadian Company and Burns and Company, the remainder by independent firms. The agreement with the larger firms provided for increases averaging 1-2 cents an hour retroactive to Aug. 1. The increase was based on one cent for every 1.3 rise in the cost-of-living index.

TORONTO, Nov. 15—(CP)—Condition of Most Rev. George F. Kingston, Primate of the Church of England in Canada, remained "unchanged" today, hospital officials said. While the 61-year-old Archbishop of Nova Scotia still was "seriously ill," hospital attendants said they were "hopeful" for his recovery. He suffered a heart attack Monday while here for the annual meeting of the Canadian Council of Churches.

Postpone Talks On Formosa In Face Of War Threat In Far East

By FRANCIS W. CARPENTER. LAKE SUCCESS, Nov. 15—(AP)—Fears that Red China's actions might plunge the Far East into war, the U.N. political committee today postponed indefinitely consideration of the future of Formosa, last stronghold of Chiang Kai-Shek. The majority agreed with American delegate John Foster Dulles that the risk of war made useless any U.N. talk now on a long-range settlement of the question of Formosa. The committee voted 53 to 0 to shelve temporarily the Formosan issue. Even the Russians voted with the majority, but Russia's Deputy Foreign Minister, Jakob Malik, said his Government wants the issue taken right off the Assembly agenda. The committee decided to take up next Monday Nationalist China's charges that the Soviet Union violated its treaty with Chiang Kai-Shek by supporting the Chinese Communists and is a threat to the peace of the Far East. The committee vote was 14 to take up the Chinese charges. Eight opposed and 35 abstained. The charges have been hanging since the last General Assembly. Dulles said that "in the light of the conduct of this so-called government (the Peiping regime) things we can't shut our eyes to, the intervention in North Korea, the invasion of Tibet, the great aid to Ho Chi-Minh in Indo-China and the threats of invasion of Formosa—we face the situation, Mr. Chairman, or the risk, at least, that the whole area may be engulfed in aggressive war." Other developments in the U.N. today included: 1. The political committee approved a four-power resolution urging the repatriation of Greek children who left their homes during the Greek civil war. The vote was 53 to 0 with the Soviet bloc of five abstaining. 2. The special political committee voted 26 to 4 to study South Africa's "Group Areas Act" to determine whether it discriminates against the 300,000 Indian minority in South Africa.

Strike Against Sector Held By South Koreans

SEOUL, Nov. 15—(Thursday) (AP)—An enemy attack Wednesday drove a wedge four miles deep in the centre of the frozen front across the narrow waist of North Korea. The Communists struck with a battalion, possibly 1,000 men, against a South Korean sector. The enemy also was on the attack in greater strength on the northeast front against South Koreans near the coast. Six tanked battalions ripped five holes in the line, but late accounts said the South Koreans had restored their positions.

Bomb Big Base

While there was little ground action elsewhere along the frigid fighting front, Allied planes kept up their relentless campaign of erasing enemy bases near the border. Thirty U. S. B-29s fire-bombed Hoeryong on the Manchurian border in far Northeastern Korea Wednesday. An Air Force spokesman said the huge communications centre and military supply base was left a mass of smoke and flame. The Superforts poured 40,000 fire bombs on the targets. Hoeryong, a city of 450,000, is 41 miles southwest of Siberia's border. It was a major Japanese military base during Japan's occupation of Korea. The attack was the 12th incendiary smash by Superfort bombers in 10 days of a methodical campaign to wipe out Chinese and North Korean Communist army bases just south of the Manchurian border.

Supply Problem

A U.S. Eighth Army spokesman said supply and reorganization problems, not enemy resistance, were the cause of the delay.

Report Chinese Reds Invade Tip Of Burma

RANGOON, Burma, Nov. 15—(AP)—The newspaper Rangoon Daily said today Chinese Communist detachments, apparently hunting a short cut into Southeastern Tibet, have invaded the north tip of Burma. Official confirmation was lacking. The newspaper said the Chinese have penetrated 50 miles into Burma's territory to the Kachin village of Laukhaung and are approaching the city of Putao, a gateway to high mountain passes into Tibet. (This dispatch did not go into detail about the seize and makeup of the reported detachments.) Putao lies 720 miles north of Rangoon, Burma's capital; 420 miles southeast of Lhasa, the Tibetan capital; and 320 miles south of Champo, a captive Tibetan city the Chinese have converted into a staging area for the Tibetan invasion they call a "liberation."

Report Chinese Reds Invade Tip Of Burma

To the north is Nanni Pass, at an altitude of 15,300 feet; to the northwest is Diphuk Pass, 14,280 feet; and to the west, on a route that crosses the north tip of India's Assam Province, is Chaukan Pass, 7,979 feet. The Rangoon Daily said Burmese frontier authorities appealed to the Government here to enforce strong security measures immediately. The country's economy, however, has been strained by civil war ever since Burma received independence from Britain almost three years ago. Communists, Kachin tribesmen and the outlawed People's Volunteer Organization have been battling Rangoon's rule, sometimes separately, sometimes together.
