

Don't Neglect Your Watch

If you allow your watch to run too long without cleaning, or with damaged parts it may be worn so badly as to destroy its usefulness as a timepiece; better have it examined by your Watch Doctor and if in need of repairs he will advise you accordingly and perhaps save your watch.

WE BOAST on our repair department turning out first-class work only. WE GUARANTEE ALL OUR WORK; if you have not given us a trial it will pay you to do so and we will be pleased to see you at GREAT GEORGE STREET.

HEART DISEASE.

A Toronto Physician Says it Never Exists Without the Presence of Some Kidney Disease.

Toronto, June 11.—The number of sudden deaths due to heart disease is appalling. The medical profession is devoting more attention to the heart and its ailments at the present time than ever before, and many physicians are making a specialty of disease of this organ. A Toronto doctor, who devotes much attention to this branch of his practice, says to your reporter to-day, "I have yet to learn of a single case where heart disease caused death, in which a post mortem examination did not show the existence of Bright's Disease, Diabetes, or some other kidney disease." Dodd's Kidney Pills will cure all disease of the kidneys and thus ward off the danger of heart disease.

Advertisers—Have an ad. in the July P. E. Island Magazine. It will reach first of the tourists, and many people intending to come to the Island during the summer, besides its regular city and Island circulation.

Ninard's Liniment Lumberman's Friend.

When you are tempted to complain on your lot in life visit a hospital full of crippled children.

DR. A. W. CHASE'S CATARRH CURE ... 25c.
is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. Blower free. All dealers, or Dr. A. W. Chase Medicine Co., Toronto and Buffalo.

Imagination is that faculty which enables us to believe that the things we want and can't have we are a great deal better off without.

When It Hurts to Cough.

The cough that hurts, the cough that gets tight in the chest, is daily getting deeper and deeper into the bronchial tubes and is making directly for the lungs, to become pneumonia, inflammation of the lungs or consumption. Such coughs yield only to the wonderful efficiency of Dr. Chase's Syrup of Limes and Turpentine which loosens the tightness and cures cough and cold together. 25 cents a bottle. Family size 50 cents, sold everywhere.

One of the hardest things to forgive in this world is the success of your equal.

To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists should have them in stock. E. W. Groves' Preparation is on each box.

To more than one young couple matrimonial ties become a very knotty problem.

Minard's Liniment is used by Physicians

What is Dr. Chase's Nerve Food?

In appearance Dr. Chase's Nerve Food is an oval, chocolate coated pill. In the condensed form it contains all of nature's most strengthening and invigorating tonic and restoratives and for this reason it is unapproached as a blood builder and nerve restorative. It cures all diseases caused by thin blood and exhausted nerves and makes pale, weak nervous men, women and children strong and healthy. 50 cents a box.

Ask for Minard's and take no other.

To Hotel and Boarding House Keepers

If all those who are desirous of accommodating summer tourists and others during the coming season will send their address to THE EXAMINER office we will be happy to compile a list and forward to the different agencies which make a business of furnishing such information to the travelling public. Particulars regarding rates, distance from Charlottetown, surroundings of hotel, mails, nearness to railway and bathing, etc., should be mentioned when writing us.

The Great Fire at Hull, Que.

Was an awful calamity, but cannot be remedied. Now Catarrhoxone can remedy and is a positive cure for Catarrh and kindred diseases. This statement is backed up by bushels of testimonials which we have and can produce. If you wish to get cured of Catarrh, Bronchitis, Asthma and stay cured, use Catarrhoxone. It cures by inhalation and is a guaranteed cure. For sale at all druggists or sent direct by mail on receipt of price of \$1.00. For sample bottle and inhaler send 10c to N. C. POLSON & CO., manufacturing chemists, Kingston, Ont.

The Prince Edward Island Magazine for June is now on sale at all the bookstores and newsstands. If you are not a regular reader of this interesting magazine begin by getting a copy of the June number.

MONTAGUE ELECTRIC CO

The annual meeting of the above company will be held in McKinnon's Hall on Wednesday, June 20th, at 2 p. m.
GEORGE WIGHTMAN, Pres.
J. A. STEWART, Sec'y-Treas.

THE WORLD IS GROWING BETTER.

The annual address before the senate of Acadic university was given by Rev. Dr. Kerr Boyce Tupper, Philadelphia, to a brilliant audience.

Dr. Tupper's subject was "Optimism vs. Pessimism, or the World Growing Better." In a fascinating address a short time before his death, by perhaps the most gifted and accomplished of living statesmen. William Ewart Gladstone, uttered before a sympathetic audience these ringing, royal words:—"Humanity advances all the time. There is constant and developing progress in human life and human affairs. The race goes forward with God-guided and irresistible movement."

To this happy conclusion of Mr. Gladstone must come every intelligent man among us, unless the optimism of faith within him be sadly overgrown.

Take it first, materially. The world grows better from century to century because God reigns supreme from generation to generation. There are progress and improvement everywhere—in material conditions, in social relations, philanthropic endeavor, in Christian growth. Take it first, materially. Think of the time, and not far back in the years, when there were unknown all the present uses of steam and electricity or mowing machines and sewing machines, of grist mills and saw mills, of railways and steamships, of telegraph and photograph, of telephone, and autophone, of post office and newspaper, of printing press and typewriting machine. A hundred years ago our citizen knew nothing of sanitary conditions. In 1867 the money in the United States was \$20 per capita, today \$36. Money in circulation then, \$18 per capita, today, \$21; national debt, then, \$69; today \$13. Think of the Siberian railway, 7,500 miles long. Say not that the former days were better than these days, materially.

Take it educationally. Compare this day, of public libraries, public schools, widely diffused knowledge, with the days of Magna Charta, when only three of the twenty-six barons that signed that document could sign their names; of the time when the king of Northumbria gave 800 acres of land for a small history. It was not until 1796 that vaccination was known; not until 1846 that anaesthesia was introduced; not until some 20 years ago that there was a science that touched antiseptics and bacteriology. The medical science is but one of the many sciences whose whole character has been enlarged by the glad and glorious day of intelligent triumph.

Take it politically. There is about as much corruption in politics, but things are getting better even in this direction. Lecky tells us that Walpole, the prime minister, bribed his government with a hundred thousand pounds. In the United States there is less loss of money under the present administration than under any president that has guided the destinies of that nation. Over 80 controversies between civilized powers have been settled by arbitration during the present century. More and more the political conscience of the people is becoming aroused for the resistance of wrong. More and more we are seeking to raise the body politic from the low, disgraced air generated by ward politicians into the pure translucent atmosphere of exalted citizenship.

Take it morally. How much lottery in the past, of which we do not hear today; how little of the use of liquor as an article of common sale. Once strong drink was used in the dedication of churches, ordination of ministers, services at funerals; but today these things have given away before the logic of sober reason and educated conscience. And regard for human love and respect for human rights have greatly increased with the evolution of the ages. Some 2,000 years ago our word love was unknown. Study today the hospitals for homeless orphans and deserted infants, for the poor, dumb, blind, insane, imbecile. Thank God for the day when in the land the speaker represents fifty institutions care for 6,000 deaf and dumb, 35 institutions minister to 2,500 blind, while 11 institutions watch tenderly over 2,000 idiots and imbeciles. London charitable institutions spend annually \$3,000,000. Such a day as our's never dawned before upon women and children, from whose eye has gone out light, from whose cheek has faded bloom, from whose soul has banished hope.

Take it religiously. Never was there such growth, progress, culture, attainment, in connection with the Christian religion as today. It is remarkable how, in student life, how our young men, as never before are accepting Christ as Sovereign and Saviour, and the Word of God as manual of devotion and oracle of faith. Never was there more love and loyalty

to Jesus Christ than today; and never such an intelligent application of His Spirit to the problems in practical life. Let us believe in God that is always awake and always at home. Let us have every faith that truth is nobler than falsehood, right is stronger than wrong, love is stronger than hate, and God is stronger than the devil. With this conviction we can sing with the poet:—

Henceforth my heart shall sigh no more
For other days and holier shore;
God's love and blessing, then and there,
Are now and here and everywhere.

BANNERMAN'S OPINION.

The liberal leader in the house of commons, Sir Henry Campbell-Bannerman, speaking at Glasgow on the attitude of the opposition towards the South African question, said it was for the government, who had allowed the war, to deal with what is left behind. The members of the opposition, he added, were only onlookers and critics. The two conquered republics must in some form become states of the British empire, and while the success of the army relieved them from anxiety, South African affairs still demand intense watchful interest. The happiness of the Free State, Sir Henry Campbell-Bannerman said, could best be effected by a return as near a possible to the government it had before, so that the people might experience the least possible change. "There is only one royal road," he continued, "to confidence, and that is to gain it through confidence. The liberal party is strong enough to apply these liberal principles from which the power of the empire sprang. The two republics must be given those rights of self-government which give life and vigor, as well as contentment and loyalty to the colonies. It would be impossible to find an enduring settlement in a tissue of limitations which would be a standing symbol of rejection. There is no need, however, for a hasty settlement, as there will be a considerable period of military occupation."

Bleeding Piles

A Prominent Business Man Testifies to His Cure by Using Dr. Chase's Ointment.

Not a day passes but many people volunteer recommendations of Dr. Chase's Ointment as an absolute cure for every form of piles.

Mr. Jas. Jackson, of the Laurie Spool Company, St. Alexis des Monts, Que., writes:—"You may put my name to any praise you can give to Dr. Chase's Ointment, for it has done me more good than any medicine I ever used."

"I was troubled for two years with that cruel disease, bleeding piles, and after using Dr. Chase's Ointment, I can say I am entirely rid of it. It is a treasure to all suffering from piles."

Dr. Chase's Ointment is guaranteed to positively cure any case of itching, bleeding, or protruding piles. It has never yet been known to fail, and certainly will not fail in your case.

For many years Dr. Chase's Ointment has stood alone as the only absolute and guaranteed cure for piles and itching skin diseases; 60 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

Dr. Chase's Syrup of Limes and Turpentine has by far the largest sale of any remedy for throat and lung troubles. 25 cents a bottle.
