THE MINISTER'S FAMILY,

BY THE
Rev. W. M. HETHERINGTON.
AUTHOR OF
A HISTORY OF THE CHURCH OF SCOTLAND.

☞ The above Book of 304 pages, has just been printed for a firm in New York, a few copies have been retained for Sale in this Island. It is an interesting and entertaining work, and the following extract from the preface will show :—

"When the Author of the following little work states, that it is not only "founded on facts," but is indeed almost devoid of any fictitious admixture whatever, he would not be understood to assert, that the events of the narrative occurred exactly in the order and connexion in which they are related, and befel the members of exactly such a family as is here described. Had this been the case, the production would have been merely a biographical treatise, with the real parties thinly veiled under fictitious names. Such is not its nature; and yet there is not a character, attempted to be drawn, nor an event of any importance narrated, which is not an exact transcript of some character or event that occurred within the range of the Author's own knowledge. At the same time, it is hoped that the work contains nothing which, even were it divulged, could in the slightest degree prove offensive or painful to any person to whom it may be conjectured to refer.

But, while both facts and feelings are, in a very strict sense, true, the names of persons and places are intentionally and entirely fictitious in every instance but one. The name here referred to is that of her Royal Highness the Princess Augusta, in the incident related in the last part of chapter 8. That incident occurred precisely as there related; and the Author thought it due to the Illustrious Lady to record this specimen of that frankness, benevolence, and kindly consideration of attention to all around her, by which her Royal Highness is distinguished. Having in this one instance withdrawn the veil, he avows it, and states the reason,—hoping also to preclude the inference, that what remains more concealed may on that account be considered the less real. Where he has not withdrawn it, he trusts it will be allowed to rest;—and believes that any attempt further to withdraw it, will prove ineffectual, as not even the discovery of the writer would necessarily unravel the texture of that curtain which he has chosen to draw over his truthful tale,—or involve such an application of it to individuals as might injure the feelings of the most sensitive.

☞ THE CHEST. ☜

SIR ASTLEY COOPER, Bart., M. D., the eminent Medical Practitioner, has left a valuable legacy to the world, in his Great Preventive of Consumption, and *unfailing cure for Pulmonary Diseases*, without the use of Medicine.

Sir A. C. Bart., invented and advised the use of the MEDICATED FUR CHEST PROTECTOR to all persons of all ages and conditions, as a certain and safe shield against those fearful diseases, Consumption, Bronchitis, Asthma, Coughs, Colds, and other affections of the Lungs, which arise from the exposed state of the chest, *according to fashion*, and the continual changes of our climate.

"The Protector" is simply a chemically-prepared fur, lined with silk and padded, which, suspended from the neck, covers the chest in so agreeable a manner, that, once worn, it becomes a *necessity* and a *comfort*.

"The Protector," although but recently introduced into America, is making rapid progress through the United States, the Canadas, South America, and the West Indies. It has for a long time been a staple article in England, and on the Continent of Europe, while it has grown in many countries to the position of an article of dress.

To demonstrate these facts, enquire of any English resident in your vicinity of his knowledge of the beneficial effects of wearing the Protector, WITHOUT RECOURSE TO DOCTORING of any kind. The cost of wearing these articles is a mere trifle, and one will last some years. No one who values the health of himself or his family will be without them. The hospitals in this country are not alone recommending them, but rapidly introducing them. Harcourt, Bradley & Co., of London, and Manchester, England, were originally entrusted with the manufacture of the Protectors, by the lamented Dr. Cooper, and continue to manufacture according to *his original* instructions, and therefore recommend those who would wear "The Protectors," to see to their being genuine.
