

'SIDE Y'S MEN CELEBRATE

Twenty-five years of distinguished service by the Summerside Y's Men's Club was honored Thursday evening on the occasion of the club's anniversary, by Alpha Club members from Charlottetown and other distinguished guests. Principal speaker was Garnet W. MacKenzie (left) area vice-president of the International Association of Y's men, who resides in Acton, Ont. He is seen with newly elected president, Charles Balmert right and charter president, W. A. Currie.

Advanced Summer Hours Commence At Midnight

Time marches on and at midnight tonight it will appear to move a little faster as island residents and the rest of Canada adopt Advanced Summer Hours or Daylight Saving Time, whatever the case may be. The majority of towns and villages in the province have indicated they will follow a similar pattern to last year when Advanced Summer Hours were tried in the province for the first time. Only Borden failed to make unanimous in Prince County in 1961, and a decision will likely be announced shortly by the town council, which is reportedly considering making the change this year. Towns and villages that have indicated they will adopt the "fast time" include Alberton, O'Leary, RCAF Station, St. Eleanors, Summerside, Kensington, Kinkora, Crapaud, Wellington, Miscouche, Montague, Cardigan and Souris.

In Charlottetown Mayor A. Walthen Gaudet issued a proclamation to the effect that the city would adopt Advanced Summer Hours. Under an order-in-council issued on April 12, all provincial government offices will open and close one hour earlier. Thus, where these offices, during the fall and winter, were open for business from 8:30 to 5 p.m. Monday to Friday, they will for the summer operate from 7:30 a.m. to 4 p.m. Atlantic Standard Time. In the case of the banks and provincial courts and law courts offices, their hours of business are strictly governed by the Uniform Time Act, and therefore are only permitted to

Butter Price Cut Effective May 1

BY NEIL A. MATHESON Provincial and Farm Editor Increased butter sales, that will bring consumption more in line with production, are hoped for when the retail price of butter drops 12 cents per pound on May 1, it was learned yesterday from several agriculture spokesmen here. The expected drop in price to consumer was made possible by the consumer subsidy of 12 cents per pound, approved by parliament recently. The Agricultural Stabilization Board has announced that "in order to compensate manufacturers, 'cutters', or wholesale dealers of butter for the 12-cent-per-pound reduction in the retail price, it will purchase stocks of creamery butter on hand at the close of business on April 30, at a price of 64 cents per pound, and sell it back to the former owner at 52 cents, subject to certain terms and conditions. Apparently there is no machinery that will compel all retailers to lower the price by 12 cents per pound, although a dairy organization spokesman here believes that the competitive factor will have the effect of bringing the price down to the desired level. There is no expectation that the change in price will make the huge butter surplus disappear, observed J.L. Dewar, secretary of the P.E.I. Dairyman's Association, but it will be useful if it has the effect of bringing the price down to the desired level.

WILL PURCHASE STOCKS The Agricultural Stabilization Board has announced that "in order to compensate manufacturers, 'cutters', or wholesale dealers of butter for the 12-cent-per-pound reduction in the retail price, it will purchase stocks of creamery butter on hand at the close of business on April 30, at a price of 64 cents per pound, and sell it back to the former owner at 52 cents, subject to certain terms and conditions. Apparently there is no machinery that will compel all retailers to lower the price by 12 cents per pound, although a dairy organization spokesman here believes that the competitive factor will have the effect of bringing the price down to the desired level. There is no expectation that the change in price will make the huge butter surplus disappear, observed J.L. Dewar, secretary of the P.E.I. Dairyman's Association, but it will be useful if it has the effect of bringing the price down to the desired level.

LATE NOTICES

(Also see announcements in columns adjoining Classified Advertising section.)
GALLANT — At the Charlottetown Hospital, Friday, April 27, 1962, Joseph Henry Gallant, 8 Peake Street, aged 84 years. Seal Pelts Ownership Subject Of Civil Action

SUMMERSIDE — Action has been commenced in the P.E.I. Supreme Court by officers, crew and owners of motor vessels Polar Star, North Star VI, and Arctic Sealer of Halifax, against Dr. Martyn Arsenault, Magdalen Islands, and Louis Denker Inc., of New York. The Denker firm is reported to be the purchasers of the pelts from Dr. Arsenault. The action results from charges of theft and alleged conversion of seal pelts in the Gulf of St. Lawrence. The ownership of 5,500 pelts is in dispute. At the present time proceedings have been completed whereby the defendants have been granted possession of the pelts in dispute, which are located at North Rustico, Morell and Souris. It is anticipated that the court action to determine the ownership will be heard in Summerside. Morley M. Bell, Summerside, is representing Dr. Arsenault; John P. Nicholson, Charlottetown, represents Louis Denker Inc., and Alex B. Campbell, Summerside, is counsel for the officers, crews and shipowners. Meanwhile Deputy Attorney-General J. Arthur McGuigan said last night that as far as the department is concerned, there have been no criminal charges laid. He said the police have not fully completed their investigation of the matter because it is, as he called it, "an involved thing". It is very difficult to get witnesses, he commented.

PCs And Liberals Set Up Offices

SUMMERSIDE — Political parties in Prince County have moved rapidly to set up party headquarters in Summerside following the election date announcement. Already the Conservatives and Liberals are putting finishing touches to offices almost across from each other on Water Street. The Conservatives will be located in the MacNeill building in space formerly occupied by Summerside hardware. The Liberals will be across the street in the Smallmans Building.

JOEY PACES

(Continued from page 1) Firmly at the helm, he led Mr. Pearson to a merry dance through the main streets in the Grand Falls area and at Gander Friday after leaving Corner Brook. USE AMPLIFIER The two leaders made a special flight by helicopter to Grand Falls and Mr. Smallwood, armed with a voice amplifier, steered the national leader through handshakes which he said totalled more than 600. He claimed 1,500 hands were shaken Thursday. "Gentlemen, have you met Mr. Pearson?" he inquired firmly inside and outside stores and at the gates of plant-including the dock here. He had a special order of praise for the town of Windsor adjacent to Grand Falls. There, page one in the town register had been left for Mr. Pearson's signature. On page two, signed last November, was the signature of Prime Minister Diefenbaker, who is going to retrace his steps through Newfoundland again next week. GIVES WARNING Mr. Smallwood referred to this "wonderful Liberal place" and while admiring large stores and large stocks in those stores, he warned the continued Diefenbaker government means a those stocks won't be able to be sold because of bad times. Mr. Pearson, trailing him through kegs of salt pork and fish and groceries, told small gatherings that he will try to do his best for Newfoundland as prime minister. He met a former college student of his—Mrs. Grank Hayward of Grand Falls. He heard Mr. Smallwood say that if he was steering the national leader across the country, Mr. Pearson would shake 1,000,000 hands before the voting June 18.

OBITUARY

Inserted by friends and relatives as a tribute to the deceased.
W. UNSWORTH GURNEY The death of William Unsworth Gurney occurred at his home in East Royalty on April 9th after several months illness. The youngest son of the late Mr. and Mrs. William Gurney, he was born on May 8th, 1905. He lived practically all his life in East Royalty, but was known throughout the province and to many people all over Canada for his work with the Holstein herd at Falconwood Farm. Unsworth attended school in East Royalty and graduated from the P.E.I. Agricultural and Technical School in 1921. He was a member of the first Calf Club organized in this province, and perhaps it was this training, and his love for good livestock which led him to go to work at Falconwood Farm where he was employed until 1939. When war was declared he was among the first to volunteer to fight for the cause of freedom. Leaving the Island with the Second Seige Battery, he saw service in England, France, Belgium and Holland. The war over he returned to Prince Edward Island and was appointed manager of Falconwood Farm, a position he occupied until the time of his death. Under his direction the farm was noted for the tremendous crops of grain, hay, corn and roots that it produced, but it was as manager of the Holstein herd that Mr. Gurney was best known. He had few equals as a showman, and many will remember him as he proudly led his well fitted animals into the ring. Left to mourn his passing are his wife, the former Mabel Southgate of Surrey, England, and his brother Milton of East Royalty. An elder brother Earl and a sister Alma predeceased him. The funeral service at the Zion Presbyterian Church was conducted by Reverend Donald Campbell, who also officiated at the interment in Sherwood Cemetery. The Canadian Legion attended in a body. The Legion Service was conducted by Harry Mortimer, and the Last Post and Reveille were sounded by Frank Smith. Pallbearers were: Honorable A. B. MacRae, Arthur MacRae, Wilfred Holmes, William Chandler, Allison Stewart, and Philip MacLeod. The many beautiful floral tributes and messages of sympathy attested to the high esteem in which he was held by a wide circle of friends. They shall not grow old, as we that are left grow old. Age shall not weary them, nor years condemn. At the going down of the sun, and in the morning, We will remember them.

Six Crop Insurance Agents Set

Names of the six insurance agents, appointed by the provincial Crop Insurance Agency, who are now calling on island potato growers with applications and information on the potato insurance plan, were announced yesterday by Agriculture Minister Andrew MacRae. Agents for Queens County are D.L. Waddell and D.W. Cameron; for Prince County, James A. Ramsay and E.L. Lowther; and for Kings County, Edison Drake and Louis Wright. On Thursday morning the agents will meet with officials of the Crop Insurance Agency to report on the success to date of the insurance plan. Agriculture Minister MacRae said he plans to attend.

Repairs Said Progressing On New Ferry

E.C. Taylor, the CNR's Island superintendent, said last night that he was uncertain as to when repairs to the new ferry "Confederation" would be complete. The ship has been tied up in the Borden dock since April 21, when she damaged a forward rudder. Mr. Taylor said repair equipment was "pretty congested" at the Borden dock, but he did not know when the necessary repairs would be complete. D. V. Lacombe, public relations director for the CNR Atlantic Region said earlier that he expected the new ferry to be ready for service next Tuesday. Mr. Taylor said he would not like to predict on this date, as it depended on how repair operations went for the next few days.

ANNOUNCER DIES

MONTREAL (CP) — Armand Goulet, 64, an announcer with radio station CHLP for 24 years, died Friday. He was a brother of Bernard Goulet, a permanent member of the Board of Broadcast Governors.

CANADIAN VIOLINIST PLAYS IN MOSCOW

Toronto violinist Betty Jean Hagen is shown above as she performed in Moscow recently. She finished in a tie for seventh place in the Tchaikovsky competition. On return she claimed Russian culture is not all it's cracked up to be. She says their standards are not the ones she's looking for as a musician. She said Bach, Beethoven and the other German masters don't exist there.

New Dems Chief Arrives May 23

BY DON MACLEOD Guardian - Patriot Staff Writer At least five national political figures have been booked for speaking engagements in this province during the federal election campaign. The impressive lineup includes Prime Minister Diefenbaker; T.C. (Tommy) Douglas, national leader of the New Democratic party; and three prominent members of the Liberal party hierarchy — J.W. (Jack) Pickersgill, Paul Martin, and Paul Hellyer. DOUGLAS VISIT New Democratic Party headquarters announced yesterday that party leader T.C. Douglas will speak at an evening meeting in O'Leary high school on May 23. Mr. Douglas, following his arrival in Charlottetown by air, will address an afternoon meeting at the Charlottetown Hotel before leaving for O'Leary. In recent months, Mr. Douglas has spoken in Charlottetown, Summerside and several Kings County centres.

E.D. Reid, president of the P.E.I. Liberal Association, said yesterday that three well-known Liberal figures have been booked for an island visit. They are J.W. Pickersgill, Paul Martin and Paul Hellyer. Mr. Pickersgill and Mr. Martin are former cabinet ministers; Mr. Hellyer was associate defense minister under the last Liberal administration. Dates of the Liberal leaders' appearances have been arranged, but plans will be made for them to speak in different parts of the province. Mr. Reid added that the provincial organization hopes to get "Red" Kelly, of the Toronto Maple Leafs and a probable Liberal candidate, to speak in the province. Yesterday, G.R. Foster, president of the P.E.I. Progressive Conservative Association, announced that Prime Minister Diefenbaker will "pay a visit to the province in the near future." In other campaign activity, the four New Democratic party candidates and their campaign managers will attend a school in Halifax on May 5, where they will discuss the formation of a united front to fight the campaign in the Maritimes.

P.E.I. DELEGATES Attending from here will be candidates Arnold Wood, Prince Wilfred Inman and Leo MacIsaac, Queens and Thomas Dunphy, Kings. Campaign managers for Kings are Brendan Dunphy and Charles Campbell; for Prince—William Handrahan, no manager has yet been appointed for Queens. Also expected to attend the Halifax school is Ian Webster, provincial president of the party. The party's Prince County council meets in Summerside Monday night to plan campaign strategy. On the Liberal side, the appointment of county campaign chairman was announced this morning. They are W.A. Acorn, Kings; L.G. McNeven, Queens; and Neil MacLeod, Prince.

Magistrate Pays Fine

SUMMERSIDE — Drive-in parking means exactly that, at least in Summerside. If you back your vehicle into your chosen parking location, it is a violation; the front end of the car must be facing the meter. This, if course, applies only in parking lots, not on the streets. Magistrate R.S. Hinton paid \$1.00 at the Police Station Thursday after finding a red ticket on his car which said cars must be driven up to the meter and not backed up. The Magistrate backed his car into the parking lane on the Foundry Street parking lot, paid the meter, and left unaware of the violation. Apparently most people are unaware of this by-law, which police say is designed to prevent damage to parking meters. When motorists back in, the long overhang of some cars strikes the meter, causing damage. Thus motorists must drive their vehicles in, head first.

GIFT TO COVENTRY

COVENTRY, England (CP)—East German churches have presented a metal mural to Coventry Cathedral. It will be incorporated in an "international centre" being built in the ruins of the destroyed Cathedral, adjacent to the new structure. The mural depicts a man kneeling at the Cross.

Second Nuclear Test Is Fired By Americans

WASHINGTON (AP) — The second blast in the new United States nuclear test series was fired at dawn Friday, a repeat performance of the initial aerial explosion of two days ago near Christmas Island. Indications beforehand were that shot No. 2 would be similar to No. 1 and Friday's brief announcement by the Atomic Energy Commission is a first. The wording of both test announcements was identical except for the time element. Friday's AEC news release merely said: "A nuclear test detonation took place at about 11 a.m. EST today (6 a.m. test site time) in the vicinity of Christmas Island. The detonation was in the intermediate yield range. The device was dropped from an airplane. The test was part of Operation Dominic, now under way in the Pacific."
