PURCHASES BUILDING—Mr. Lorne Driscoll, well known potato dealer of Summerside has purchased the building known as the Dehydrator plant in Summerside. This building, located at the east end of the town, was used during the last war to dehydrate potatoes for the troops overseas. In the intervening years it has been used by various firms for various purposes and from now on will be used by Mr. Driscoll in his extensive potato dealings. For this purpose it is admirably situated, having a railway spur running along the entire north side.

CAR STOLEN, RECOVERED—Yesterday morning a 1941 Buick car, owned by Mr. Loring Rayner, was reported as stolen sometime on Sunday night. It was located within a short time by Constable Harry MacKay on a side street near the Summerside Driving Park and returned to the owner. Just how the thieves managed to get the car away is a question as they did not have the ignition keys. Apparently they had managed to wire it up under the dash and in that way got the motor started.—S

Address And Presentation
A most enjoyable evening was spent at the home of Mr. and Mrs. Joseph Landry, Ottawa Street, Summerside on Tuesday, September 16th, when the many friends of their son, Tanton Landry, gathered to wish him a fond farewell on his leaving to enter Holy Heart Seminary in Halifax.
During the evening a very appropriate address was read by Narate Gallant, seminarist, to which Tanton responded with a few well chosen words.
The following is the text of the address read to him:
To our Dear Tanton,
On the occasion of your happy decision to enter seminary soon we feel we cannot do anything else but come here and tell you simply and frankly the great joy which animates us at the moment. For a long time, as you have told us, this thought of consecrating yourself to the service of God was growing in you. The priesthood, as you well know, is the greatest of all careers, the highest point attainable. It is useless to look for the reason, the priest is before everything else, a man in the service of God and of souls. You may be certain, Tanton, that we, your student friends, will not forget you in our thoughts and most of all in our prayers, as will your parents and friends in Summerside.
We have yet alive in our minds the spirit of leadership that you have always shown, the wonderful humor that you have always manifested at our reunions and most of all the innumerable services that you have rendered us with our student camp.
But before leaving you, please be certain of the expressions of our sincere wishes and accept this gift as a token of affection and thanks.
The evening was spent in singing and accordion playing. A delicious lunch was served to our guests.
Tanton was the recipient of a well filled purse to assist him in his studies. His numerous friends all join in wishing him the best of luck and pray God to grant him the grace of perseverance.

TOO MUCH SUN
CAPE TOWN—(CP)—There was too much sun worship and too much nonchalance among people in South Africa, said Dr. F. A. Donnelly in an address to health officials meeting here. He said such things retarded work but did not sustain health.

PROFITABLE SIDE LINE
HERTFORD, Eng.—(CP)—Hertford Council has received \$3,200 from its public libraries—the total in fines that were paid for over-due books during the year.

GREAT CHARTER
There are four copies of the Magna Charta with the Great Seal of King John in existence, all preserved in Britain.

Mr. Arnett traced the general growth of the hospital from its beginning to the present day when there exists one of the finest and most up to date hospitals to be found anywhere.

In conclusion he reminded the members that the drive for funds for the nurses' home still continues and that contributions were coming in daily and he felt confident that by the end of the year sufficient funds would be available for the Board of Trustees to proceed with their programme to provide a suitable residence for the nursing staff and bring the institution up to date for the carrying on of its great humanitarian work.

In the absence of the president and the vice president, Rotarian Earl Cannon presided at yesterday's meeting.—S
