Without Capital.

It is bad beginning business without capital. It is hard marketing with empty pockets. We want a nest-egg, for hens will lay where there are eggs already. It is true you must bake with the flour you have, but if the sack is empty, it might be quite as well not to set up for a baker. Making bricks without straw, is easy enough compared with making money when you have none to start with. You, young gentleman, stay as a journeyman a little longer till you have saved a few pounds; fly when your wings have got feathers, but if you try it too soon, you will be like the young rook that broke its neck through trying to fly before it was fledged. Every minnow wants to be a whale, but it is prudent to be a little fish while you have but little water; when your pond becomes the sea, swell as much as you like. Trading without capital is like building a house without bricks, making a fire without sticks, burning candles without wicks, it leads men into tricks, and lands them in a fix.—*Spurgeon.*

The Great French Remedy, Dr. LeDuc's Periodical Pills.

For the cure of Leucorrhœa or White's Excessive or painful Menstruation, Green Sickness, Falling of the Womb, Catarrh of the Uterus or Vagnia, Hysteria, pain in the Back, or Piles, or for the puepose of invigorating and giving tone to the Generative Organs, two pills should be taken twice daily, or in very enfebled conditions, one pill three times a day. To effect cures in chronic cases it will be neeessary to continue the use of the remedy for some months. A reasonable trial will create sufficient confidence in the remedy to insure its being taken until a permanent cure is effected.
