Studebaker Co. Wins In Court

WASHINGTON (AP)—The National Labor Relations Board Tuesday found the Studebaker Corporation innocent of unfair labor practices in suspending 19 workers who drove cars other than Studebakers. The board dismissed a complaint filed against both the company and the CIO United Automobile Workers union by Elmer E. Kovach, one of those who lost his job at the South Bend, Ind. plant.

The board unanimously upheld findings of a trial examiner last June that the company suspended the workers, not because they owned other makes of cars, but because their fellow employees refused to work with them.

No Fence-Sitters For German Army

BONN (Reuters)—Interior Minister Gerhard Schroeder told representatives of 5,000,000 West German youth Tuesday there will be no fence-sitters among them when West Germany raises its own army. In the service of the community there can be no division between "the actors on the training ground and the spectators in the gallery" in the defence of the fatherland, he informed them.

Schroeder's remarks to the Institute for Youth Questions, a body representing the youth of Germany, came at a time when a government admits to be worried about reports of the increasing resistance of West Germany's youth to the idea of serving in the planned West German armed forces.

"There is no constitution in the world in which the decision of military defence readiness is or could be left exclusively to the young men of 18 to 21 years," the interior minister said.

He added that the young must realize the world gives them duties as well as rights and claims.

Former Stanhope Resident Dies

The death occurred yesterday at his late residence, 34 Longworth St., of Thomas Michael Horgan in his eighty-third year.

The late Mr. Horgan was born in Kilmarna, County Kerry, Eire. As a young man he came to Cleveland, Ohio to live with his sister, Mrs. Richard Tobin of that city, returning once to Ireland for a six months visit with his parents.

In 1905 he came with the "MacDonalds" to Dalvey. In 1907 he married the former Anne McCabe, daughter of the late Mr. and Mrs. James McCabe of Stanhope. He purchased the Lettice farm "Glen-coose" at Stanhope where he raised and educated a family of ten.

Owing to ill health he retired from the farm in 1947 and moved to Charlottetown.

Left to mourn his passing besides his widow are the following sons and daughters: Thomas, Los Angeles, California; John, Arvida, P.Q.; Patrick, Stanhope; and Joseph, Charlottetown; Helena, St. James A. MacDonald; Mr. Stewart; Mrs. Mrs. Allan G. M. Macdonald; Estelle, Mrs. Wilfred B. MacDonald; and Rita (Mrs. John F. Hennessey) all of Charlottetown. Two sons, Michael and James predeceased him in 1936 and 1937 respectively.

Besides his family the following brothers and sisters also survived: Michael, Kilmorna, Eire; Daniel, Cleveland, Ohio; Mary (Mrs. Richard Tobin), Elizabeth (Mrs. John Rice), Helen (Mrs. James Mann), all of Cleveland, Ohio, and Catherine (Mrs. John Mahoney) Kilmarna, Eire.

It was announced by Clansman George V. Fraser that preliminary arrangements have been made to have Lt. Colonel Donald Hamish Cameron of Lochiel, 26th Chief of the Clan Cameron attend the games at Charlottetown on August 19. Chief Cameron succeeded his father in 1951.

Annual Report

A very successful year of Club activities was noted by retiring President Fraser in his annual report. One of the highlights of the year was the summer school held at Prince of Wales College for the purpose of promoting Scottish culture in the province. Mr. Fraser reported that there was a total of 50 pupils enrolled for piping, dancing and Gaelic language. He paid warm tribute to the competence of the two instructors, Mrs. Douglas MacGowan of Montague and Major C. I. N. MacLeod, Gaelic advisor, Nova Scotia Division of Adult Education. The president urged the continuance of such a school with the idea of having Island contestants come up to a higher standard for the larger competitions.

"The Highland games held at the Exhibition grounds August 4, was a huge success, in spite of the very inclement weather," said Mr. Fraser. He pointed out that the moving of the games to Charlottetown was a big risk but the executive was obliged to do so in order to increase the attendance potential. From a competition standpoint the club was well pleased with the 96 dancers and 30 pipers who took part. Fifty per cent of the dancers were from Nova Scotia and reports from these performers indicate that they were well pleased with the treatment they received. They termed it "one of the best conducted and fairest judged shows in which they had ever participated."

Mr. Fraser reported that the most outstanding visitor to the club during the year was the Earl of Elgin and Kincardine, James Edward Bruce of Dumfries, Scotland, who with his gracious Lady added their names to a long list of Scottish Clan Chieftains who have been brought to Prince

Former Stanhope Resident Dies

OTTAWA, (CP)—Squad. Ldr. Andy MacKenzie of Montreal has been offered thousands of dollars for the story of his two-year imprisonment by the Chinese Communists. It was learned Tuesday.

His wife, Joyce, has also been offered money for the letters her husband wrote her from a Communist prisoner-of-war camp. The offer comes from different Canadian and American publications. The highest bid so far to MacKenzie himself is believed \$10,000.

MacKenzie, who was flown back to Montreal late Tuesday after interrogation by intelligence officers and a physical examination, has accepted none of the offers, at least so far.

Armed forces officers are not forbidden to write about their service experience, but their work must be officially approved and censored before publication.

In Good Shape

Doctors at the Tri-Service Hospital at the Rockcliffe air station said MacKenzie, freed by the Communists last week, is in "good shape." He will get the standard 60-day leave for servicemen returning from Far Eastern duty.

MacKenzie was flown here Monday from Montreal and talked for 1 1/2 hours with Defence Minister Campney and External Affairs Minister Pearson before being questioned by intelligence officers and Far East experts.

No details of MacKenzie's interview here were released. It is considered likely that a giant press conference will be arranged for him after it is decided exactly how much he will be allowed to say.

Seen Victim Of Freak Accident

WASHINGTON (AP)—A pretty 23-year-old government girl was found shot to death Monday night at a fashionable apartment house across the Potomac river in Arlington, Va. Strewed around the chain-locked room were piles of Christmas packages.

The victim was identified as Sally Wood. She worked at a secret government installation in Arlington and there were unconfirmed reports that the government agents searched the room today for papers she may have had in her possession.

At the defence department, officials described her as a \$4,200-a-year analyst.

Dr. W. C. Welburn, Arlington medical examiner, said it appeared to him Miss Wood was the victim of a freak accident involving a 12-gauge shotgun she apparently had purchased as a Christmas present.

Montreal Shipping Season Nears End

MONTREAL (CP) — The last ocean vessel to leave Montreal this season — the Swedish American line freighter Krageholm — will pull out of the port today for Europe.

Harbor officials said Tuesday night ice is forming in most basins of the inner harbor and has almost enclosed the freighter.

Meanwhile, two ships en route to Montreal will extend the shipping season at least until the end of the week, officials said.

Both are coastal vessels — the Arctic Sealer and the Wallandoo — which operate between Montreal and ports along the coast of north-eastern Quebec.

The Arctic Sealer will load here and return to Seven Islands on the last series of runs for the Iron Ore Company of Canada, while the Wallandoo is expected to tie up for the winter here.

To Investigate High School Possibilities For Unit No. 1

At a special meeting of the entire Board of Trustees of School Unit No. 1 held last night at Parkdale it was decided to investigate the possibility of building a central junior high school for the unit.

The trustees are facing the serious problem of having to provide from 12 to 15 new classrooms in the Unit during the next four years. School population has increased rapidly and at the present time crowded conditions exist in Spring Park, Parkdale, Central Royalty and West Royalty. In Spring Park School it is now necessary to stagger classes in order to accommodate the children. A recent census of the pre-school children living in the unit indicates that a minimum of 300 more pupils will be enrolled in 1959 than in 1954.

The trustees have been studying the situation for some time and as a result of their deliberations have decided to investigate amongst other solutions, the possibility of a junior high school.

The trustees are Messrs. Gordon R. D. chairman, Warren Burns, J. J. Paquet, Ernest MacMillan, George Cairns, Andrew MacRae, and Duncan Macinnis.

Divorce Bill Passes House In Argentina

BUENOS AIRES (AP)—Argentina deputies Tuesday approved a bill to legalize divorce in Argentina and to permit divorced persons to marry again.

President Juan D. Peron's solid majority in the house put through the measure in the early morning hours as an amendment to another bill passed it over the shouted protests of the small Radical party minority.

Passage of the bill is sure to be a new source of tension in the five-week-old public controversy between the Peron government and the Roman Catholic Church.

Catholic opposition to legalize divorce and remarriage of divorced persons has been one of the major causes underlying the controversy. The bill provides that after a year of legal separation, already covered by Argentina law, a husband or wife may ask a court to declare the marriage ties dissolved. Further, the court will immediately make such a declaration and both the husband and wife then may legally marry others.
