

than those of common constables. We hope the new Councilors will speedily manifest their own qualifications for office by organizing, without delay, a thoroughly efficient police force suited to the wants of the community. For without efficient Councilors, it is useless to expect an efficient police force. In no other way than by the importation of a London detective, to train a local force, and to ferret out the perpetrators of frauds, and midnight deeds of arson, gambling, drunkenness and debauchery, can efficiency be attained in this department, or the safety and moral well-being of the city secured.

On Monday evening Mr. Kennedy, the Scotch Vocalist, gave an entertainment at Temperance Hall, and was greeted with a large and highly respectable audience. The programme was judiciously selected, and calculated not only to please and gratify natives of "Old Scotia," but to delight a promiscuous audience, such as that which visited the Hall on Monday evening. He has an exceedingly pleasing voice, and sings with a refined taste. His numerous illustrations of Scotch songs are extremely entertaining, while his humor is decidedly rich and raucy. Miss Kennedy presided at the piano, and performed her part in creditable style. Mr. Kennedy will give an entertainment this evening, and his third and concluding one on Friday evening. All who attend those concerts cannot fail to come away highly delighted with the performance.—*L. A. G. Express.*

We learn that the gentleman above referred to will give one of his pleasing entertainments in Charlestown, on the evening of the Caladonian Gathering, the 21st instant.

**SOME OF THE EFFECTS OF THE LATE GALE.**—On the evening of Friday last, the 2nd inst., previous to the heavy gale, a Boat containing five persons, left Cape John, near Brule, Nova Scotia, for a night's fishing, and all on board are supposed to have perished. The boat has subsequently been picked up near Point Prim. The names of the parties were Charles Stranberg, John McLeod, and Paul McDonald, farmers, Cape John; Charles R. Stranberg, teacher in the Academy, River John, and David J. Stranberg, containing, we understand, an uncle and two brothers of Mr. N. P. Stranberg, of this city.—*Isl.*

On Saturday morning last, we were visited with a most terrific gale accompanied with heavy rain. The wind blew for some time from the S. E., and afterwards came round to the S. W. The Steamer *Princess of Wales* was out in all the storm, being on the run from Summerside to Shediac. She proved herself to be an excellent sea boat, as she never received the least damage, although some heavy seas broke over her bows. This is one of the best instances we have ever had of the sea-worthiness of the boat and the ability of Capt. Evans and his crew.—*S. Journal.*

The St. John Telegraph, Aug. 6th, gives the following:—It is said the writ for the Elections to the Commons will issue about the 10th inst., and will be made returnable in fifty days. It is further added that the points laid down in the communication have been conceded by the British Law Officers and that a *vol. pro. re.* has been ordered in all cases of Fenians convicted of high treason who were citizens of the United States.

**SERIOUS ACCIDENT.**—On Monday last a woman was very severely injured near Hopewell Station. The train was approaching, and she attempted to cross the track in front of the train, when she was struck by a ballast car, knocked down and very seriously bruised in various parts of the body, particularly in the head. We understand that she lies in a very precarious condition. So far as we can learn no blame attaches to the railway officials.—*Pictou Chronicle.*

**Perry Davis' Pain Killer.** THE UNIVERSAL REMEDY FOR INTERNAL AND EXTERNAL COMPLAINTS!

At this period there are but few of the human race unacquainted with the merits of the Pain Killer; but while some extol it as a liniment, they know but little of its power in easing pain when taken internally, while others use it internally with great success but are equally ignorant of its healing virtues when applied externally. We therefore wish to say to all that it is equally successful whether used internally or externally, and it stands alone, unrivalled by all the great catalogue of Family Medicines, and its sale is universal and immense. The demand for it from India and other foreign countries is equal to the demand at home, and it has become known in these far off places by its merits.

**Ayer's Cathartic Pills** Are the most perfect purgative we are able to produce, and, as we think, has never yet been made by anybody. Their effects have abundantly shown to the community how much they excel the other medicines in use. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, expel diseases. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart tone and strength to the whole system. Not only do they cure the every day complaints of every body, but formidable and dangerous diseases. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and, being purely vegetable, are entirely harmless. Cures have been made that would surpass belief, were they not substantiated by men of such exalted character, as to forbid the suspicion of untruth. Many eminent clergymen and physicians certify to the public the reliability of our remedies, while others have sent us the assurance of their conviction that our Preparations contribute immensely to the relief of our afflicted fellow-men.

The Agent below named is pleased to furnish gratis our American Almanac, containing directions for the use of these medicines and certificates of their cures of the following complaints:— Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from foul stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Diseases which require an evacuant medicine. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia, Gout, and other kindred disorders arising from a low state of the body, or obstruction of its functions.

Do not be put off by unprincipled dealers with other preparations on which they make more profit. Demand AYER'S and take no others. The sick want the best aid there is for them, and they should have it. Prepared by Dr. J. C. AYER & Co., Lowell, Mass., and sold by all Druggists and dealers in medicine every where.

It cleanses the Hair, removes all dandruff, and imparts to it a most delightful fragrance. It will prevent the Hair from falling out, and is the most economical and valuable Hair Dressing known. Millions of bottles sold every year.
