**TOUGH ROW TO HOE.**  
Young electricians have a hard time  
making any success.  
F. H. Ford puts forward in an electrical  
journal a strong disclaimer of the  
statement which has been made in a  
daily paper, that "for the average young  
man the field of electrical engineering  
offers more promise of success than  
law, authorship, the grocery business or  
knifegrinding." Mr. Ford says that  
serious harm is being done in the  
continual holding up of the profession of  
the electrical engineer as one offering  
the most unimproved possibilities in  
the matter of salaries and the demand for  
men. The closing of many large works,  
owing to financial trouble or patent litigation  
has thrown a large number of  
men of both experience and ability on  
the market, and the supply of engineers  
is in excess of the demand. The struggle  
for place which has naturally followed  
has forced down wages so low that  
the average engineer cannot command  
a better salary than the average  
book-keeper of a large wholesale concern.  
The young man who chooses  
electrical engineering as a profession  
must be prepared to start with a field  
and for wages that would ordinarily  
be considered inadequate for the  
work done. If he loves engineering for  
its own sake, there is no good field  
in the electrical as in any branch of it,  
but the idea that there are positions  
with large salaries attached waiting  
to be filled by him is a mistake. There  
are but a few high salaried positions at  
best, and they are occupied by men  
who have large experience and sold  
inducement to the capitalists in the  
company. The young electrical engineer  
will be obliged to spend at least  
six years in preparation before he can  
earn enough to barely pay his expenses,  
and nearly all this time he will be paying  
out more instead of earning it.  
The young engineer usually has to start  
business for himself with very limited  
capital, if any, and has to accept a  
subordinate position with some company.  
Here his best ideas, as well as his  
best work, are given almost entirely  
for the benefit of his employer, and he  
has to suffer for his failures as he  
has been working for himself. Mr. Ford  
maintains that the demand in electricity  
at the present time is not for  
educated electricians, but for educated  
capitalists, who can understand what  
in the long run it will pay them far  
better to secure the services of capable  
officers, who know why things should  
be done, and who look after their  
money in the end, than hire cheap  
and irresponsible men, who waste more  
than the salary of a good man in  
inefficient methods of working. Mr. Ford  
thinks it is only when capital has been  
so educated that the relation between  
work done and pay received by the electrical  
engineer will come to a satisfactory  
ratio. He thinks the doctor, the writer  
and the merchant.

**ARMSTRONG & CO.**  
Proprietors, St. John, N.B.  
no. 23-d  
**Dairymen, Attention**  
Of the Cheese and Butter Factories in  
operation in 1894, we furnished, to the  
satisfaction of all concerned, the necessary  
apparatus for the following—Winsloe,  
Hampton, Tron, Craupad, Grand River,  
Dunk River, Mount Stewart, and Vernon  
River Bridge.  
In the summer of 1894 we made nine  
Cheese Vats (each holding from 650 to  
700 gallons of milk), and two Butter Vats  
(each averaging 400 gallons of milk); no  
complaints were made—satisfaction given.  
From our large experience in the past  
we are now better than ever prepared to  
meet the wants of Dairymen. We guarantee  
satisfaction, and respectfully solicit  
the patronage of those who are contem-  
plating the erection of Cheese or Butter  
Factories.  
Our make of Vats is superior to all  
others, and our fifteen and twenty gallon  
Cans are the best and cheapest in the pro-  
vince.  
Terms to suit purchasers.  
M. STEVENSON.

**Coal! Coal! Coal!**  
FROM  
**Dominion Coal Co's. Mines in C. B.**

Now that navigation is open, we beg to inform the  
public that we are prepared to grant orders for cargoes of  
Screened, Run of Mine and Slack Coal from the above  
Company's Mines, and will deliver cargoes at any of the  
outports at very lowest prices.  
To our customers, both in town and country, we offer to  
supply any quantity they may require, at prices which  
cannot be beaten.  
The large quantity of Coal which we have sold during  
the past and present year is a sufficient guarantee of the  
Coal being first-class, and our many customers are perfectly  
satisfied.  
Our motto is "Quick Sales," "Small Profits and  
Justice to All."

**PEAKE BROS. & CO.**  
Selling Agents for Dominion Coal Co., Ltd.  
Charlottetown, April 30, 1895.—d & w

**The New "Eudora" Cloth**  
FOR LADIES.  
Have you seen the new "Eudora"?  
It might have been thought that the  
Priestleys could do no better. They had made the best  
black dress goods in the world. And now they have brought  
out the new "Eudora." The Henriettes seemed perfect,  
but with the Priestleys it is ever onward. The "Eudora" has a softness, a richness,  
all its own. It has extra width and weight, it fits beautifully, and gives long  
service, while the glow of its color never fades. It is wrapped up in the  
Varnished Board, and Priestley's name stamped on every five  
yards.  
ALWAYS ASK  
FOR PRIESTLEY'S  
DRESS GOODS

**WE ARE JUDGES.**  
Because we are in the same line of work and have made it a study.  
Also our principal officers are first-class riders.  
THAT IS HOW WE KNOW that the  
**"VICTOR" Bicycle**  
IS THE BEST WHEEL MADE.
