Black Hawks Tie Maple Leafs 3-3

CHICAGO (CP)—Camille Henry's 24th and 21st National Hockey League goals, coupled with seven goaltending by Jacques Plante, ended New York's seven-game winless streak Friday night as the Rangers defeated Boston Bruins 4-3.

A Boston garden holiday crowd of 12,361 saw Plante achieve his 52nd shutout in the majors, time and again frustrating Bruins bids.

Red Gilbert assisted on all three Ranger scores. Lou Angotti got the third goal for the visitors on a 11:15 p.m. goal, drawing down on the home forces a volley of Christmas messages.

Henry started Boston's comeback with six goals in seven games by converting Phil Goyette's rebound at 14:01 of the first period. Boston goalkeeper Eddie Johnston was helpless on the ice.

MADE 12 SAVES Plante made 12 saves in the second period. The Bruins survived nearly seven shot-handed minutes.

Henry put the decision away, scoring on his own rebound at 8:54 of the third period. The Rangers have lost to Boston only once in six meetings this season.

The Bruins may have to play tonight's game in New York without Johnston. The goaltender received a six-inch cut over the left eye, requiring 17 minutes' delay in the game.

Ottawa's Mike Blum Is With The Monties

By ROBERT MACKENZIE OTTAWA (CP)—There's a big difference between a blue line and a goal line, but for Mike Blum they have one thing in common—his job is to keep the opposition from crossing them.

Blum, who played his Junior hockey with a Montreal club in a 12-2 record and the Western Division of the C.P.H.L. in 1962-63, was selected to play for the Monties.

Blum explained he wanted to gain some weight "in the right places" over the next couple of years, and that means I have to stay active.

"I weighed 130 pounds last season, and that means a lot of rumblebacks outweighed me. I think I can stand another 20 pounds, in a 170 around the shoulders, without losing mobility."

Blum hopes to add 10 pounds by next season, and another 10 the following year. "I'm going to start lifting weights as soon as we get back."

He says the Russians seldom take slap shots. Nearly all their shots were perfect ankle-high, and the players knew where they were aiming.

"The Russian passing ability was a picture. When a player was expecting a pass he moved in the direction he wanted to go. In contrast the majority of the Western Union players were standing still when they received a pass."

"I have to agree with the spectators and writers across Canada that the Russians will dominate the amateur game for some time to come."

CHRISTMAS IS MERRY AFTER ALL

PHILADELPHIA (AP)—It was a merry Christmas celebration for the Philadelphia Flyers when they won their first game since they were established last year.

The 21-year-old boxer, who doesn't plan to go back to his job in Philadelphia, says he has figures 1965 is going to be his year — especially after so many sports fans readers read of his plight and decided to play Santa Claus.

Lyle has studied Wardell's moves on Brown's moves. "Give him room to make two or three steps and you're in real trouble."

CAUGHT MORE PASSES Wardell already has caught more passes in a pro season than he did while playing three years as a regular for the Bucks.

Several of his catches this season were in college. "I guess I'm a strong runner. The little is the fact that everybody does things so well."

Frazier was broken his thumb last October while winning the gold medal for the United States in Japan. His last pay cheque from his moustache job was in September just before he was left for the Olympics.

Since then he's been caring for the children of three small children on his savings.

Cookie Gilchrist As Biggest Threat

NEW YORK (AP)—The No. 1 three single-season aerial record of the San Diego Chargers is being threatened by the Oilers' veteran quarterback, established highs for pass attempts, yardage and touchdowns.

The 250-pound fullback from Toronto ground out 961 yards, leading the New York's rushing attack. Dan Ryan had a 62.2 completion average and threw 39 for touchdowns.

League records were set in individual scoring, passing and pass receiving. Gino Cappelloni, the Boston Patriots' star receiver who was named the Associated Press AP player of the year, scored 55 points—eight more than the previous high which he set in 1963.

He scored seven touchdowns and kicked 25 field goals and 37 conversions.

The Chicago Bears' George Blanda and Charley Hennigan collaborated as a passer-catcher team for the first time.

Browns Rookie Paying Great

CLEVELAND (AP)—The Cleveland Browns' most promising rookie since Jim Brown was recruited to the team from the Baltimore Colts in Sunday's 21-0 tie at a Football League championship game.

He's left end Paul Warfield, a slim six-footer from Ohio State and the Browns leading receiver with 52 passes for 290 yards and nine touchdowns.

On a firm field, the Browns' top draft choice can zig and zag like a lightning bolt. Warfield is expected to be in excellent condition and there is no doubt he will be in the line of stures forecast in the low 30s.

Kickoff is 1:30 p.m. The job of Warfield falls on Colts' defensive back Lenny Lyles, and coach Don Shula says he will not need his full coverage, we'll see Don Lyles some help."

Frazier was broken his thumb last October while winning the gold medal for the United States in Japan. His last pay cheque from his moustache job was in September just before he was left for the Olympics.

Since then he's been caring for the children of three small children on his savings.

Then, Mayor James H. J. Tate telephoned and offered Frazier a job with the city's department of recreation.

Other job offers followed, including one from a food chain, in a sort of public relations capacity that could have helped him to meet with his arm still on the mend.

Frazier was so excited he said he would be back in Philadelphia in a matter of days.

As for the gifts they kept coming in on all day Thursday—food and toys. And much, much cash—including one gift of \$500 from a British Philadelphia restaurateur.
