OSLO, Aug. 15 — (Reuters) — Norwegian authorities today investigated a report of an unidentified submarine seen in North Norwegian waters. It was the third report of unidentified submarines off the Norwegian coast received in recent weeks.

**Barbara Brent's BUYS WHY'S**

A WEEKLY INFORMATION SERVICE

MONTREAL, August 17th—The secret to appetizing hot-weather meals is to keep them light, gay and, of course, completely delicious. That's why JELL-O is such a midsummer favourite with so many. There are so many refreshing salads—so many exciting desserts to be made from Jell-O's seven "locked-in" flavours. Easy in the making, too! And I'm particularly attracted to the very definite economy of Jell-O Jelly Powders. At a few cents a serving, I know of no more delicious dish to serve to family or friends.

**A Bargain in Silencers, if ever I've seen one!** Just think! You can get a set of famous Wallace Brothers silencers for half price and less! In the beautiful "Laurentian" pattern... silver-plated on finest quality nickel silver with an extra deposit of silver at the point of greatest wear. All you do—simply save your LIBBY'S EVAPORATED MILK labels and get—8 teaspoons (48 open stock value) for just \$1 and 8 Libby's Evaporated Milk labels (24 open stock value) for only 80¢ and 24 Libby's Evaporated Milk labels. (Labels from both large and small tins are acceptable for both offers.) So get in the happy habit of using Libby's Evaporated Milk in your cooking. Save the labels and send them to me with your money order—Barbara Brent, 1411 Crescent St., Montreal, P.Q.

**Look High... look low... look inside and out.** You can't beat the new 1950 FRIGIDAIRE "Thrifty-30" ELECTRIC RANGE! It's in a class by itself! To begin with, this new Frigidaire "Thrifty-30" has a 6-1/2-in. oven that stretches clear across the range—cooks more food on no more current. This range is 6-1/2 in. in every other way, too... except in kitchen space and size! Only 30 inches wide, fits perfectly in small kitchens. It's an amazing general Motors value that gives you features 5-Speed Radiant Tube Units, new counter-balanced shelf-type door, High-Speed, waist-high Broiler and other advantages. See it at your Frigidaire dealer.

**We're Getting into the Season**... when hay fever miseries strike hardest! So, if you're looking for new, blessed relief from sniffles and sneezes and watery eyes—buy yourself a bottle of ANOHIST today! Anohist's antihistamine formula is distinctive—it's recommended for family use! Then, too, the Super-Economy Family-Size bottle of 35 Anohist tablets costs you only about 3¢ a tablet! Last winter families everywhere said goodbye to cold symptoms with Anohist. And now you can get relief from the miserable symptoms of hay fever or "summer colds" with the same quick, effective Anohist. Ask for the big, Super-Economy Family-Size bottle at your favourite drugstore!

**Why Not Send the Kiddies Now** for their medical and dental check-ups? Then, if treatment is needed, it can probably be all cleared up before school opens. Remember, you can follow this sort of ready cash plan. First, if treatment is necessary, get an estimate of the cost. Then talk it over with your husband—and go with him to see your BANK OF MONTREAL Manager. If you're in a position to repay out of regular income, you'll find the money you need at the B of M. A Personal Loan costs only 27 cents a month per \$100 borrowed, when repaid in 12 monthly instalments. Yes, it costs much less in the long run to have your medical and dental work done in good time.

**So Delicious On A Warm August Day**... this favourite fruit salad of mine! Try it!... I know you'll enjoy it! Use the freshest fruit—the crispest lettuce... and be sure to make your dressing with HEINZ WHITE VINEGAR. (All of the Heinz Vinegars—White—Malt and Cider are salad-dressing "musts". I've found! They're aged and mellowed in wood 'til they're flavour-perfect!) This Pluffy Fruit Salad Dressing made with Heinz White Vinegar will bring out the very best in your fruit salads!... Combine, blending thoroughly, each addition, 1/2 cup sugar, 1/2 tspn. salt, 1 1/2 tspns. flour, 1 egg yolk, 1/2 cup pineapple juice, 1/2 cup orange juice and 2 tspns. Heinz White Vinegar. Cook, stirring constantly, until very thick. Cool. Fold in stiffly beaten egg white.

**There's No Substitute for that zesty, tangy real lemon flavour—just as there's no substitute for the deliciousness of SUNKIST CALIFORNIA LEMONS!** They're the finest, juiciest lemons to be had! So next time you make a lemon pie—lemon cake—icing or cookies—next time you want luscious lemon flavour in a salad or a fruit or vegetable juice—be sure you have a good supply of Sunkist California Lemons on hand! Yes, there's a treasure of "California gold" in store for you at your grocer's... all the plump, juicy California lemons you want for your cooking!

**Gerothy Dix Says**

Continued from page 2

us has his right to live his life in his own way. And parents commit a crime when they deny their children what they deny them this right and try to force them into their own mold.

**DEAR MISS DIX:** Why do men expect the "I love you's" they say before marriage to last a woman the balance of her life? I have been married ten years to a man who is good and kind and faithful to me, but since our wedding day he has never told me he loved me. One time he said to me, "I do, of course, I do. Why do you suppose I say that?" "You're starved for affection and feel as if I cannot live without it. Do all men drop their courtship at the altar? And is that the price a woman pays for a home and children?"

F. O. B.

**ANSWER:** I get thousands of letters like this from women who have good, lovely children, husbands who lavish upon them everything in the world they want except a little petting and a few words of appreciation and affection.

And as I read these letters I never know which I think have less intelligence—the wives who make themselves miserable over a puny imaginary wrong, or the husbands who know that they could make their wives happy by a kiss or a word and who are too dumb to give it.

For these women in their hearts know that their husbands love them even if they never mention the fact. They know that the man who spends his evenings at home does so because he finds his own fireside the pleasantest spot on earth. They know that the man who tells to keep his wife soft and warm is giving her a proof of devotion that is worth all the high-flown love talk in the world.

And why any intelligent woman can't satisfy herself with that knowledge and rest, assured of her husband's love, why she needs to have him make a fuss over everything she does and tell her that she is the most beautiful creature on earth, why she can't realize that actions speak louder than words, nobody knows.

**DEAR MISS DIX:** My father doesn't agree with me that the \$30 deposit that I must make on entering a training school for nurses and the small wages I will get are worth the work I will have to do and the training I will receive. What do you think?

GENE

**ANSWER:** What other profession could you study at so small a cost? In what other occupation would you be paid at all while learning your profession? Nursing is a fine profession for women and the trained nurse has not only the satisfaction of making a good living, but of knowing that she is a ministering angel who alleviates the sickness and suffering of those with whom she comes in contact.
