JEALOUSY.

BY SIR EDWARD LYTTON BULWER, BART.

I have thy love—I know no fear—
Of that divine possession,—
Yet draw more close, and thou shalt hear.
A jealous heart's confession.

I nurse no pang lest fairer youth
Or loftier hopes should win thee,—
There blows no wind to chill the truth,
Whose amaranth blooms within thee.

Unworthier thee I could not grow,
(The love that lured thee perished),
Thy woman-heart could ne'er forego
The earliest dream it cherish'd.

I do not think that doubt and love
Are one—white'er they tell us.
Yet—nay—lift not thy looks above—
A star can make me jealous!

If thou art mine, all mine at last,
I covet so the treasure,
No glance that thou can elsewhere cast,
But robs me of a pleasure.

I am so much a miser grown,
That I could wish to hide thee,
Where never breath but mine alone,
Could drink in light beside thee:—

Thou say not, with that soothing air,
I have no rival nigh thee—
The sunbeam lingering in thy hair—
The breeze that trembles by thee,

The very herb beneath thy feet—
The rose whose odours woo thee—
In all things—rivals he must meet,
Who would be all things to thee!

If sunlight from the dial be
But for one moment banish'd,
Torn to the silenced plate and see
The hours themselves are vanished:—

In aught that from me lures thine eyes,
My jealousy has risen—
The lightest cloud across the skies
Has darkness for the dial.

From late English and American Papers.

ENGLAND.

On Saturday night, the 24th, it blew one of the most fearful gales in the English channel ever known, and it is feared much injury has been done to the shipping.

In reference to the new reform bill, Lord John Russell's intentions are still shrouded in official reserve, although it is said that a number of boroughs are to lose all parliamentary privileges. Among other chief alterations proposed, will be a ten pound franchise for boroughs.

The Irish executive has issued a special commission to take cognizance of the outrages against life and property, which have recently disgraced the north of Ireland.

The subscriptions in behalf of the sufferers by the Amazon had reached £6000. Portions of the wreck had been washed ashore in different parts of the coast. The causes of the catastrophe were still undergoing an examination.

The sale of the new Cunard steamer Arabia to the West India Co. to supply the loss of the Amazon, is confirmed.

FRANCE.

France continued to be very much agitated by the decrees put forth by the President against the Orleans family. These decrees are regarded by the public as loudly as the existing reign of terror will permit. The leading Jurists pronounce the decrees illegal, and an abstement is promised.

Jerome Bonaparte has been nominated President of the Senate.

FOREIGN.

A letter from Rome, in the *Cattolico* of Genoa, contains the following passage:—

"It is said that in his autograph letter to the Holy Father, Prince Louis Napoleon has avowed his sentiments of filial devotedness in the strongest terms, and declares he will make every effort to put down Socialism. It is said indeed, that an eminent personage, having waited upon the Prince, had a long conversation with him, in which the Prince said to him,—'Understand me well; I am of the religion of the Pope; I know I am only here provisionally, but I shall remain here long enough to stifle the two monsters of Socialism and of the Revolution.' These words have been frequently repeated in well-informed circles.

UNITED STATES.

A SCENE IN THE U. S. CONGRESS.

The attack of the simiable and sweet-tempered Senator Borland, of Arkansas, upon Mr. Kennedy, at the Capitol in Washington, is thus stated by a Washington correspondent of the New York Times:

In the Senate Chamber, after the adjournment, Mr. Kennedy came in to make some conversational explanations concerning the Census tables, which Mr. Borland had assailed. He said to Mr. B., playfully, that "the author of the tables would be down upon him."

Mr. Borland said, he would not be dictated to by any one, as to his duties in the Senate. Mr. Kennedy seeing Mr. B. exasperated, explained that the tables were the work of a scientific man in his office; that he did not wish to dictate to any Senator; but that he was ready and desirous to make explanations to Senators. Mr. Borland replied, "When I want information from you, I will ask for it." Mr. Kennedy, turning away, said, "Those most in want of information are not always the ones to seek for it." Mr. Borland rose in his seat, and *struck Mr. K., a very severe blow on the side of the nose, inflicting a severe wound, and breaking the bridge of the nose and otherwise injuring him.* While Mr. Kennedy was nearly insensible, Mr. Borland sprung at him, but being restrained by bystanders, cried out, "*Let me go and I'll cut the d—d rascal's throat.*"

BOSTON, January 16.

MARRIAGES, BIRTHS AND DEATHS.—From a report in *The Springfield Republican* we derive a few statistical items as to marriages, births and deaths in Massachusetts, for the year 1850.—The number of births during 1850 was 27,044, being an increase of 1,871. The number of males born was 14,137, females 13,302, and unknown 135.

TWO WEEKS LATER FROM CALIFORNIA.

The San Juan steamer Daniel Webster, arrived at New York last Friday, with dates from San Francisco to January 16, 161 passengers and $70,000 gold dust on freight.

On the night of the 5th February, a most destructive conflagration occurred at the city of San Juan de Nicaragua, by which one-third of the most populous section of the city was destroyed. The city is not provided with engines. Lieut. Armstrong and a detachment of men from the United States sloop Albany, were present and did good service with the ship's engine. The captain of the English brig Express was also present with his men, and it was chiefly through the exertion of these two forces, that the fire was finally checked, after destroying 50 houses.

The weather in California had been delightful. Plenty of rain, and but two nights when the thermometer fell to the freezing point.—Green peas were in bloom, as well as wild and garden flowers.

Great excitement existed at Downingville, in consequence of the discoveries of new mines of gold-bearing quartz in that vicinity. Six different veins have been turned up within ten days, the ore from which is said to be exceedingly rich.

The southern vines are represented to be in a flourishing condition, gold being found in the whole range of the country. The quartz mine at Wall Springs is said to be the richest in the country.

Greatest improvement in Daguerreotype Art.

Mr. HOBS

WOULD respectfully inform the Ladies and Gentlemen of this place, wishing to procure a Miniature of themselves or friends, that they can obtain the most perfect that can be produced by this wonderful art, in a new and improved style, practised by no other Artists in North America, to produce the beautiful pearly circle enclosing the two Pictures, resembling in shades that of the rainbow and the blue sky outside; also, to take Pictures or Likenesses with the right side to the right—views are beautifully taken in this manner.

Delay not then, as opportunity shall present, to secure these mementoes of life, which, under the trying circumstances of a final separation of friends, no price can purchase. As his stay here will be short, all will do well to avail themselves of an early opportunity to secure their Miniatures.

Satisfaction given, or no Charge!

P. S.—On hand, a variety of handsome Frames in Mahogany, Rosewood, and imitation Papier Machie and Crystal.

HERE IS YOUR REMEDY!

HOLLOWAY'S OINTMENT.

A MOST MIRACULOUS CURE OF BAD LEGS, AFTER 48 YEARS' SUFFERING.

Extract of a Letter from Mr. William Galpin, of 70, Saint Mary's Street, Weymouth, dated May 15, 1851.

To Professor HOLLOWAY,

SIR,—At the age of 18 my wife (who is now 61) caught a violent cold, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflamed. Her agonies were distracting, and for months together she was deprived entirely of rest and sleep. Every remedy that medical men advised was tried, but without effect; her health suffered severely, and the state of her legs was terrible. I had often read your Advertisements, and advised her to try your Pills and Ointment; and, as a last resource, after every other remedy had proved useless, she consented to do so. She commenced six weeks ago, and, strange to relate, is now in good health. Her legs are painless, without scar, and her sleep sound and undisturbed. Could you have witnessed the sufferings of my wife during the last 43 years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow creature.

(Signed) WILLIAM GALPIN.

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG, OF THIRTY YEARS' STANDING.

Copy of a Letter from Mr. Wm. Abbs, Builder of Gas Ovens, of Rushcliffe, near Huddersfield, dated May 31, 1851.

To Professor HOLLOWAY.

SIR,—I suffered for a period of thirty years from a bad leg, the result of two or three different accidents at Gas Works; accompanied by scorbutic symptoms. I had recourse to a variety of medical advice, without deriving any benefit, and was even told that the leg must be amputated; yet, in opposition to that opinion, your Pills and Ointment have effected a complete cure in so short a time, that few who had not witnessed it would credit the fact.

(Signed) WILLIAM ABBS.

The truth of this statement can be verified by Mr. W. P. England, Chemist, 13, Market Street, Huddersfield.

A DREADFUL BAD BREAST CURED IN ONE MONTH.

Extract of a Letter from Mr. Frederick Turner, of Penshurst, Kent, dated December 13, 1850.

To Professor HOLLOWAY,

DEAR SIR,—My wife had suffered from Bad Breasts for more than six months, and during the whole period had the best medical attendance, but all to no use. Having before healed an awful wound in my own leg by your inevitable remedies, I determined again to use your Pills and Ointment, and therefore gave them a trial in her case, and fortunate it was, I did so, for in less than a month a perfect cure was effected, and the benefit that various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends.

(Signed) FREDRICK TURNER.

A WONDERFUL CURE OF A DANGEROUS SWELLING OF THE KNEE.

Copy of a letter from John Forfar, an Agriculturist, residing at Newborough, near Hexham, dated May 15, 1850.

To Professor HOLLOWAY,

SIR,—I was afflicted with a swelling on each side of the leg, rather above the knee, for nearly two years, which increased to a great size. I had the advice of three eminent Surgeons here, one of whom was an inmate of the Newcastle infirmary for four weeks. After various modes of treatment had been tried, I was discharged as incurable, having heard so much of your Pills and Ointment, I determined to try them, and in less than a month, I was completely cured. What is more remarkable I was engaged twelve hours a day in the Hay Harvest, and although I have followed my laborious occupation throughout the winter, I have had no return whatever of my complaint.

(Signed) JOHN FORFAR.

AN INFLAMMATION IN THE SIDE PERFECTLY CURED.

Copy of a Letter from Mr. Francis Arnot, of Branhouse, Lothian Road, Edinbro', dated April 29th, 1851.

To Professor HOLLOWAY,

SIR,—For more than twenty years my wife has been subject, from time to time, to attacks of inflammation in the side, for which she was bled and blistered to a great extent; still the pain could not be removed. About four years ago, she saw in the papers, the wonderful cures effected by your Pills and Ointment, and determined to give them a trial. To her great astonishment and delight, she got immediate relief from their use, and after persevering for three weeks, the pain in her side was completely cured, and she has enjoyed the best of health for the last four years.

(Signed) FRANCIS ARNOT.

The Pills should be used conjointly with the Ointment in most of the following cases:—
