On the 21st May, 1877, nine years ago to-day, the DAILY EXAMINER was ushered into the world, and presented to a reading public the first number of the first daily newspaper ever published in Prince Edward Island. That this step was taken without misgivings we are not prepared to say, but the infant has thrived (notwithstanding a palpable want of "pap"), and to-day we enter upon our tenth year. To mark the event, and as a "birthday treat" to our paper and its patrons, we discard forever the old outfit, which has served us so faithfully and so well during the years of our childhood, and present the DAILY EXAMINER in an entirely new dress. We shall be amply repaid for the heavy outlay incurred if we find that we continue to merit and receive the approbation and support of THE EXAMINER'S many friends and the public at large. Our Treasurer, Mr. Mitchell, will be happy to grant receipts in full, upon payment of old accounts or advance subscriptions, and THE EXAMINER will continue to keep him for that purpose. Terms, $5.00 per year. N. B.—Advertising and Job Printing taken at cheap rates, and done with neatness and despatch. In conclusion, THE EXAMINER expresses the hope that, having attained its "teens," in the coming years its progress may be even more marked than in the past.

AT a special meeting of the Toronto City Council, the recommendation of the Board of Works that a Commissioner of Works and Health be appointed was adopted, the salary to be $6,000 per annum. THE Rev. A. B McLeod was yesterday inducted into the pastoral charge of the Presbyterian Church at Mount Stewart, amid a goodly attendance of the members of the Presbytery—Rev. G. McMillan, Moderator. The service was a very interesting one and the prospects of the newly installed pastor are encouraging. Many of the very large congregation present were glad to have an opportunity to see and hear the Rev. Mr. Frame.

THE Gospel Army Hall was literally packed last evening by persons crowding in to hear Staff Capt. Herbert give an account of her conversion, and relate the many touching incidents of her life. After referring to her labors in the Old Country for the rescue of fallen woman, Miss Herbert spoke of her connection with the work of the Gospel Army—a work that she seems to have at heart, and to which she intends to devote the residue of her life. The address evidently made an impression upon the audience, though it was doubtless a disappointment to those "fire eaters" who attended with the hope of hearing denunciations of convents, the clergy and the Church of Rome.

THE market to-day was fairly well attended and stocked. The first halibut and lobster were in to-day both selling quite lively. Following were the prices: Beef (small) 7 to 10 cts per lb; do per qtr 4 to 7 cts; mutton, 5 to 8 cents; pork (carcass) 4 to 5 cts; pork (small) 6 to 8 cts; lamb, 6 to 8 cts; ham per lb, 13 to 14 cts; fowls, each, 30 to 35 cts; butter (fresh) 23 to 25; do (tub) 18 to 20 cts; eggs, per dozen, 10 to 12 cts; clover seed, 16 to 18 cts per lb; flour per 100 lbs, $2.25 to $2.75; oatmeal, do, $2.30 to $2.50; oats, 30 to 40 cts; hay per 100, 55 cts; potatoes, 18 to 20 cts; geese, 50 to 70; turnips, per bush, 12 to 13 cts; seed timothy, $3 per bush; veal, 3 to 7 cts per lb; turkeys, 80 cts to $1.75; radish per bunch, 6 cents; herring (fresh) 2 to 4 cts; lobsters, 4 to 7 cts each; halibut, 8 cents per lb.

A COLORED MONSTROSITY who calls himself "King George," and who was born at Worcester, Mass., about 40 years ago, arrived here on the boat from Pictou last evening. He was examined by several physicians at the City Hospital this forenoon. He has two hearts and two sets of ribs. Each heart can be moved almost down to the bottom of the abdomen, where every pulsation can be distinctly felt by the hand. The pulsations of the heart are under the control of the will and can be stopped at pleasure for about two minutes by voluntary effort. The two set of ribs fit on the top of each other, and the inner layer can be moved down so as to completely cover the abdomen with a bone wall. While moving the ribs he goes through the most extraordinary contortions. In addition to the double set of hearts and ribs, he has an immense arm over which he bends a three quarter-inch iron bar at pleasure. He has visited almost all the principal cities in the world, and has been operated upon by two of the leading physicians of Paris and New York, for the purpose of ascertaining the exact nature of the deformity.
