"I must brush up my Shakespeare," said a young lady last evening. "For Charles will certainly take me to see the play, and then you know, how silly I would feel if I could not tell him all about it, for he doesn't get time to read, and I am together so much."

Charming people, these exceptional people! Here is a medicine—Dr. Pierce's Golden Medical Discovery for instance, and it's cured hundreds, thousands that're known, thousands that're unknown and yet yours is an exceptional case! Do you think that that bit of human nature which you call "I" is different from the other parcels of human nature?

Let the "Golden Medical Discovery" take the risk. An Emerald Islander was asked what his garment was made of. "Made of?" said Paddy, "Sure it's mostly made of holes."

Mr. JOHN A. Campbell, St. Sixe, Que., writes:—"My wife was unwell for four years from irregular periods, brought about by a severe cold. She tried many remedies, but without relief. Seeing Dr. Williams' Pink Pills advertised, I procured two boxes, and the result is a permanent cure. They are the best medicine in the world for the diseases you represent them for. Sold by all dealers."

The principal seat of the vitality of a plant, is that part which intervenes between the root and the stem.

ALL through the Provinces, the rapid increase of La Grippe is causing great alarm. A report was received here to-day, of a new development of the disease, which perhaps has never before.

Wm. Hanley, of New York city, died in terrible agony after a sickness of only four days. His tongue swelled to such an extent as to make it impossible for him to swallow or close his jaws. The report is causing the people in this community to enquire into the noted Grippe Cure recently published in so many papers.

In Cape Breton the disease has spread very rapidly and with fatal results. D. J. McKillop, of L'Archeveque, writes, Feb. 17th, that the medicine referred to has been tried in that district, and with such success that all those residing in the neighborhood are obtaining a supply, believing it to be the only remedy affording relief and effecting a certain cure.

He finished his letter by asking for a large quantity of the medicine, viz.: Dr. Morse's Indian Root Pills, to supply the demands of the community for the relief of la grippe.

Forty-five per cent of the water consumed or drawn for domestic purposes in London is wasted.

IN THE months of March, April and May, the Blood should be purified, and the system strengthened, so that it be able to withstand the debilitating effects of the changing weather and resist the attack of disease. The most reliable medicine to take to bring about the desired result is Estey's Iron Tonic. For sale by all druggists.

The value of property in London has trebled since 1856.

For Scalds or burns use Philoderma.

The devil's money cannot buy anything that the Christian ought to have.

MOTHERS should use Philoderma on their infants, as it soothes and healing properties render it invaluable for chafing. Druggists sell it—25c.

Mr. Open—I make it a rule to tell my wife everything. Mrs. Keene—Lies as well as truth, as the needs are I presume, according?

ESTEY'S Emulsion of Cod Liver Oil is pleasant to take as milk. The peculiar manner in which it is made renders it acceptable to the most sensitive stomach. For Coughs, Colds, Consumption, delicate Children, Whooping Cough and all wasting diseases there is no remedy to equal it.

Boggs—That watch has been a mighty good investment. Foggs—How so? Boggs—I never let any one have it who did not get 12 per cent a month out of it.

FOR Croup and whooping cough, mothers try Johnson's Anodyne Liniment used internally.

Tailor—Your Bill is overdue, sir. Slop—Overdone, you mean. Come around next week.

Bronchitis, catarrh, asthma, vanish before the magic power of Johnson's Anodyne Liniment.

Spacer—So poor roundabout has gone to the dogs. Limer—Dear me. That means another epidemic of hydrophobia.

Nervous headache, wakefulness, relieved by inhaling Johnson's Anodyne Liniment freely.

The salaries have been increased of the telegraph operators along the Maryland Division of the Philadelphia, Wilmington and Baltimore Railroads.

HALL'S Vegetable Sicilian Hair Renewer is unquestionably the best preservative of the hair. It is also a cure of dandruff, tetter, and all scalp affections.

The Company store at Mahoney City, Pa., run in connection with the Glendon Colliery, has been ordered closed by the owners of the mines.

"I HAVE used Ayer's Hair Vigor for a number of years, and it has always given me satisfaction. It is an excellent dressing, prevents the hair from turning gray, insures its vigorous growth, and keeps the scalp white and clean."—Mary A. Jackson, Salam, Mass.

Many a musical mariner has been shipwrecked on the high C.

"MARCH to search is the old adage. It searches out any weakness of the system, resulting from impure blood. Those who use Ayer's Sarsaparilla find March no more searching or even disagreeable than any other month. This medicine is a wonderful invigorator.

Man is the only animal which is born naked, and the only one which can clothe himself.

NEARLY everyone needs a good spring medicine, and Hood's Sarsaparilla is undoubtedly the best. Try it this season.

"The Blood is the Life," Runs the old saying, and everything that ever makes part of any organ of the body must reach its place therein through the blood. Therefore, if the blood is purified and kept in good condition by the use of Hood's Sarsaparilla, it necessarily follows that the benefit of the medicine is imparted to every organ of the body. Can anything be simpler than the method by which this excellent medicine gives good health to all who will try it fairly and patiently?

Mrs. Madison Square—You haven't been inside of a church since we were married! Dr. Madison Square—No; a burnt child dreads the fire.

For over Fifty Years Mrs. WINSLOW'S SOOTHING SYRUP has been used by mothers for their children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. 25c a bottle. Sold by all druggists throughout the world. Be sure and ask for Mrs. Winslow's Soothing Syrup.

Mrs. Fiveroom Flatts (to grocer's boy)—how is the elevator work come up? Your bread must be fearful heavy! Grocer's boy—Taint the bread that's on it, ma'am; it's the bill for what you owe.

Pointers To Advertisers.

Another Version of the Psalm of Life.

[Anonymous.] Tell me not in mournful numbers Advertising does not pay, For the man is non compos mentis Who would such absurd things say.

Life is real, life is earnest, And the man who hopes to rise To success in any calling, Must expect to advertise.

In the world's broad field of battle, In the rush of real life, Advertising is the secret Of achievement in the strife.

Lives of rich men all remind us We can make our lives sublime, And by liberal advertising, To the highest summit climb.

"We haven't goods enough on hand to justify us in advertising." Then advertise and manufacture more. The demand regulates the supply. The supply does not regulate the demand.

"Times are not dull to advertise." Times are never to hard to advertise. The duller the times, the more advertising you need.

Frequently you can create a demand for your goods by advertising when your competitors think times are too dull to advertise.

"I NEED my money for something besides advertising." Impossible. He that has a demand for goods always secures capital enough to manufacture and handle them. Advertising creates a demand. It is better to have money for your advertising and thus place yourself in the possession of orders for your goods, even though you have to hire capital to manufacture them, than it is to have them lie idle waiting a sale which will never come because you did not have the money to advertise them.

Two Girls Fight a Duel. PLAINFIELD, Conn., March 13.—Kate Bradley and Mary Sullivan, Kilmantoic mill girls, fought a duel with bobbin-today over a fellow whom both love. Mary was knocked senseless and has a cut three inches long in the head. Kate was arrested.

Stole Jewels from the Dead MUNICH, March 13.—The famous Pilgrimage church of Hergottarh, at Friedberg, near Augsburg, has been robbed of its plate, valued at 18,000 marks. The thieves also desecrated the remains of the martyr St. Tustinius, which repose in the church. The glass case enclosing the venerated bones was broken apart and the jewels upon the garments of the dead were taken.

Mysterious Murders. VIENNA HAS A MADMAN WHOSE 'MANIA IS TO KILL PEOPLE.

VIENNA, March 10.—This city continues to be shocked by mysterious murder, the latest victim is Leopold Buchanger, who was stabbed to the heart by an undetected assassin in one of the most public places in Vienna. This makes the list of tragedies five in number and there is a growing feeling of terror among the public. The impression is gaining ground that Vienna harbors some madman with a homicidal mania and cunning enough to gratify his fiendish appetite without being discovered by ordinary methods. The police are devoting themselves earnestly to the work of detection and the leading streets at night are watched by officers in citizens attire.

Pleasant as Syrup. Mr. Douglas Ford, Toronto, Ont., states that Milburn's Cod Liver Oil Emulsion with Wild Cherry Bark is free from objectionable taste, being almost as pleasant as syrup, while for coughs and colds it gives complete satisfaction, acting promptly even in obstinate cases.

Mrs. Hiskey—"How is your son getting along in college?" Mrs. Dickey—"He is getting ahead rapidly." (And there was more truth than she dreamed of in her statement.) —Puck.

It Leads the Leaders. The foremost medicine of the day, Burdock Blood Bitters, is a purely vegetable compound possessing perfect regulating powers over all the organs of the system and controlling their secretions. It so purifies the blood that it cures all blood humors and diseases from a common pimple to the worst scrofulous sore, and this combined with its unrivaled regulating, cleansing and purifying influences on the secretions of the liver, kidneys, bowels and skin, render it unequalled for all diseases of the skin. From one to two bottles will cure boils, pimples, blotches, nettle rash, scurf, tetter, and all the simple forms of skin disease. From two to four bottles will cure salt rheum or eczema, shingles, erysipelas, ulcers, abscesses, running sores, and all skin eruptions. It is noticeable that sufferers from skin diseases are nearly always aggravated by intolerable itching, but this quickly subsides on the removal of the disease by B.B.B. Passing on to graver yet prevalent diseases such as scrofulous swellings, humors and scrofula, we have undoubted proof that from three to six bottles used internally and by outward application will effect a cure. The great mission of B.B.B. is to regulate the liver, kidneys, bowels and blood, to correct acidity and wrong action of the stomach and to open the sluiceways of the system to carry off all clogged and impure secretions, allowing nature thus to aid recovery and remove without fail, bad blood, liver complaint, biliousness, dyspepsia, sick headache, dropsy, rheumatism, and every species of disease arising from disorder of the liver, kidneys, bowels, stomach and blood.

We guarantee every bottle of B.B.B. should any person be dissatisfied after using the first bottle, we will refund the money on application, personally or by letter. We will also be glad to send testimonials and information proving the effects of B.B.B. in the above-named diseases, on application to T. McNEBURN & Co., Toronto, Ont.
