Personalities and Ill Reports.

Keep clear of personalities in general conversation. Talk of things objects, thoughts. The smallest minds occupy themselves with personalities. Personalities must sometimes be talked because we have to learn and find out men's characteristics for legitimate objects; but it is to be with confidential persons. Do not heedleesly report ill of others. There are times when we are compelled to say. "I do not think Bouncer a true and honest man." But where there is no need to express an opinion, let poor Bouncer swagger away. Others will take his measure, no doubt, and save you the trouble of analyzing him and instructing them. And, as far as possible ,dwell on the good side of human beings. There are family boards where a constant process o depreciation, assigning motives, and cutting up of pleasant character goes forward. T ey are not places. One who is healthy does not wish to dine at a dissecting table There is evil enough in man, God knows. But it is not the mission of every young man and woman to detail and report it all. Keep the atmosphere as pure as possible, and fragrant with gentleness and charity. *Dr. John Hall.*

How Horses Rest.

Horses can rest standing, provided the position be reasonably easy, but not fully re t except recumbent. It is known of some horses that they never lie down in the stall, though if kept in pasture they take their re t habitually in a recumbent position. It is well to consider whenever the habit has not been forced upon the horse by some circumstance connected with the stall he was made to occupy, in that he had a muddy earth floor, or one made of dilapidated plank, uncomfortable and offensive to the horse been accustomed to select his own bed in the pasture. If the horse can have the privilege of selecting his own position for resting on his feet he can sleep standing; but while his muscles may be to a certain degree relaxed and get rest in that position, what can be said of the bearings, at the joints? Without relief through the recumbent position the joint surfaces are forced continuously to bear a weight varying from 1,000 to 1,800 pounds. This must act unfavorably, especially upon the complicated structures within the hoofs which nature intended should have periods of rest every day.—*Ex.*

Let us Remember Home.

Let us make flannel shirts for the Hottentots, interest ourselves in mighty charities, or become, in a word, models of public spirit. But let us not forget our homes. In our homes are lips that often and often will yearn for cups of cold water, and sad, weary hearts will gladden and grow fresh again when the cup is given unasked by a thoughtful hand. The small offerings cast so little; there is nothing in the world that coats so little and is yet so price less. The fire burning brightly upon the hearth, the favorite dish upon the table, the cold water to the humble laborer when evening calls him home, and the baby lifted from the mother's tired arms, a strong hand at the heavy kettle, an appreciative word for the capital bread and the nice tea—this is the cup returned full and overflowing that half banishes the cares of the day and brings new light into loving eyes. The old-fashioned songs played and sung for the silver-haired father, the ready fingers that thread the needle for grandma's fading eyes, the word of tender cheer for the grieved child, these are su h little cups, and yet they are so pleasant!—*Ex.*

Small Balls.

The last great truth that has dawned on the military world is that a ball through a man, something less than one-third of an inch in diameter, impairs his usefulness just as much as one two-fifths or even say nine-twentieths of an inch in diameter. This being the case it is much more advantageous to make the smaller ball, as the soldier can carry a proportionately larger number of bullets, and kill or disable proportionately more men. So now there is a glorious competition going on among the nations of the earth as to which shall have the most deadly small bore rifle. The Germans are at present somewhat behind in the race, but they are making laudable efforts to catch up andif then ext great war can be delayed for six months or a year they will probably find themselves in good shape for it, in this as in other respects. What will the end of these things be?

TAMARAC

Alderman R. E. Elbeck, Kingston, Ont. says: "Tamarac Elixir" is the best medicine on earth for Coughs and Colds. In my own case it produced rapid and gratifying results. I caught a severe cold which it seemed impossible to break up, but continually became more thoroughly seated. Finally a hacking cough set in which troubled me day and night, causing soreness of the Lungs. Hearing your "Tamarac" highly recommended, I procured a bottle. The first dose eased the cough, and one bottle completely cured me. It is a splendid preparation, pleasant to the taste, and should be kept in every house.

on the *radical cure* of Spermatorahœa or incapacity induced by excess or early indiscretion.

The celebrated author in this admirable essay, clearly demonstrates from a thirty years successful practice, that the alarming consequences of early error may be radically cured; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and *radically.*

WHAT AILS YOU?

Do you feel dull, languid, low-spirited, lifeless, and indescribably miserable, both physically and mentally; experience a sense of fullness or bloating after eating, or of "goneness," or emptiness of stomach in the morning, tongue coated, bitter or bad taste in mouth, irregular appetite, dizziness, frequent headaches, blurred eyesight, "floating specks" before the eyes, nervous prostration or exhaustion, irritability of temper, hot flushes, alternating with chilly sensations, sharp, biting, transient pains here and there, cold feet, drowsiness after meals, wakefulness, or disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending calamity?

If you have all, or any considerable number of these symptoms, you are suffering from that most common of American maladies—Bilious Dyspepsia, or Torpid Liver, associated with Dyspepsia, or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter what stage it has reached, **Dr. Pierce's Golden Medical Discovery** will subdue it, if taken according to directions for a reasonable length of time. If not cured, complications multiply and Consumption of the Lungs, Skin Diseases, Heart Disease, Rheumatism, Kidney Disease, or other grave maladies are quite liable to set in and, sooner or later, induce a fatal termination.

Dr. Pierce's Golden Medical Discovery acts powerfully upon the Liver, and through that great blood-purifying organ, cleanses the system of all blood-taints and impurities, from whatever cause arising. It is equally efficacious in acting upon the Kidneys, and other excretory organs, cleansing, strengthening, and healing their diseases. As an appetizing, restorative tonic, it promotes digestion and nutrition, thereby building up both flesh and strength. In malarial districts, this wonderful medicine has gained great celebrity in curing Fever and Ague, Chills and Fever, Dumb Ague, and kindred diseases.

Dr. Pierce's Golden Medical Discovery

CURES ALL HUMORS,

from a common Blotch, or Eruption, to the worst Scrofula. Salt-rheum, "Fever-sores," Scaly or Rough Skin, in short, all diseases caused by bad blood are conquered by this powerful, purifying, and invigorating medicine. Great Eating Ulcers rapidly heal under its benign influence. Especially has it manifested its potency in curing Tetter, Eczema, Erysipelas, Boils, Carbuncles, Sore Eyes, Scrofulous Sores and Swellings, Hip-joint Disease, "White Swellings," Goitre, or Thick Neck, and Enlarged Glands. Send ten cents in stamps for a large Treatise, with colored plates, on Skin Diseases, or the same amount for a Treatise on Scrofulous Affections.

"FOR THE BLOOD IS THE LIFE."

Thoroughly cleanse it by using **Dr. Pierce's Golden Medical Discovery,** and good digestion, a fair skin, buoyant spirits, vital strength and bodily health will be established.

CONSUMPTION,

which is **Scrofula of the Lungs,** is arrested and cured by this remedy, if taken in the earlier stages of the disease. From its marvelous power over this terribly fatal disease, when first offering this now world-famed remedy to the public, Dr. Pierce thought seriously of calling it his "CONSUMPTION CURE," but abandoned that name as too restrictive for a medicine which, from its wonderful combination of tonic, or strengthening, alterative, or blood-cleansing, anti-bilious, pectoral, and nutritive properties, is unequaled, not only as a remedy for Consumption, but for **all Chronic Diseases** of the

Liver, Blood, and Lungs.

For Weak Lungs, Spitting of Blood, Shortness of Breath, Chronic Nasal Catarrh, Bronchitis, Asthma, Severe Coughs, and kindred affections, it is an efficient remedy.

Sold by Druggists, at **$1.00,** or Six Bottles for **$5.00.**

☞ Send ten cents in stamps for Dr. Pierce's book on Consumption. Address,

World's Dispensary Medical Association,
