Record Kansas Floods Leave 10 Dead, Millions In Property Damages

TOPEKA, Kas., July 12 (AP) — Record-breaking floods surged over Eastern and Central Kansas today, leaving 10 dead and millions in property damage, and all the weather forecasters could promise was more rain.

Sharp Climb Reported In Egg Prices

(By The Canadian Press) Kissing egg prices are taking another crack at Canadian housewife's punch-drunk budget.

Hardest hit were the cities along the Kansas River, including Topeka, the state capital; Lawrence, home of the university, and Manhattan.

Through rail and highway travel were at a standstill. Local travel was possible if one kept to the ridges and hillsides.

Trains Stalled Dozens of trains were stalled. The fortunate passengers were those stalled at terminal points.

The Chicago-Los Angeles deluxe coach train, El Capitan, has been stranded at Cedar Point, Kas., more than 48 hours by the flooding.

The first effort to rescue the 346 stranded passengers by boat failed because of the terrific current.

A second attempt was being made by buses. A dry section of highway is alongside the track on which the train is stalled and relief workers were trying to find some means of getting through to it.

The long period of flooding has taken its toll of telephone and telegraph lines and communications were snapping. The re-

maining circuits were swamped far beyond capacity. Thus far, Topeka appeared to be worst hit. Ten thousand residents were evacuated from the North Topeka and Oakland areas before the flood hit.

While Missouri was plagued by flood troubles, the worst was in Kansas. Torrents already were pouring through many of the state's principal cities, and Wichita, the largest, was warned its turn would come tonight.

Two other persons were killed by lightning at Fort Leonard Wood, Mo., which was not affected by floods.

Two other persons were killed by lightning at Fort Leonard Wood, Mo., which was not affected by floods.

Two other persons were killed by lightning at Fort Leonard Wood, Mo., which was not affected by floods.

Is Similar To Atlantic Pact In Some Respects

WASHINGTON, July 12 (AP)—The United States, Australia, and New Zealand agreed today in a three-way treaty to regard an armed attack on any of these countries in the Pacific area as "dangerous" to the safety of all.

The agreement was installed at the State Department by U.S. Ambassador John Foster Dulles and envoys of Australia and New Zealand.

The security alliance is part of the general Second World War settlement in the Pacific sponsored by the United States and Britain.

Another part of the settlement is a proposed arrangement by which Japan will let the U. S. retain troops and bases in and near the Japanese homeland pending the ultimate creation of a broader security setup in the Pacific.

The three-way agreement follows the general pattern of the 12-nation Atlantic Treaty but differs in wording.

The Pacific security agreement was worked out as a first step toward a "more comprehensive system of regional security in the Pacific area."

Crop Conditions Good But Farm Labor Problem Acute

All field crops in the Province are making extraordinary progress under ideal growing conditions.

"It is indeed a time of great change in our thinking, our spending and our agricultural program. These changes are now quite evident and will possibly bring about a drastic realignment in our efforts of farm production and economy," Mr. Shaw concluded.

"Plums and cherries are almost at the zero mark in yields and while apples show good promise in some sectors the crop in general will be exceedingly poor."

"Livestock prices continue to soar and hog prices have reached an all-time peak of 41 cents at Moncton and 40 cents at Charlottetown. Where this will end and what will be the net result

Anti-Negro Riots Flare In Suburb Of Chicago

CHICAGO, July 12 (AP)—Governor Adlai E. Stevenson today ordered National Guard troops into suburban Cicero—scene of riots by crowds objecting to a Negro's attempts to move his family into the suburb.

There are no Negroes living in Cicero, a community of 70,000. A crowd of 3,500 milled about the area last night. Several hundred were in the vicinity today but there were no new disturbances.

Thirty Cicero policemen and 30 sheriff's police roped off the apartment building and maintained a constant guard while awaiting the arrival of 600 National Guardsmen from nearby cities.

Cool Reaction To Draft Of Jap Peace Treaty

LONDON, July 12 (Reuters) — First world reaction to the draft Japanese peace treaty, published today, was cool and unresponsive.

No great cheers greeted the document, except in Washington, whose representatives favored it. France told its Washington and London ambassadors to voice "strong objections."

Ridgway said the United Nations delegation is ready to resume the talks in good faith. He proposed that armed personnel be withdrawn from Kaesong and from a circular area 10 miles in diameter around the city.

Royal Couple Invited To U. S.

WASHINGTON, July 12 (Reuters) — President Truman announced today that he has extended an invitation to Princess Elizabeth and Prince Philip, to visit the United States.

Anti-Red Riots In Guatemala

GUATEMALA CITY, Guatemala, July 12 (Reuters) — More than 100 persons were shot by Guatemalan soldiers during an anti-Communist demonstration in front of the national palace here tonight.

It was not immediately known how many were killed. Several thousand anti-Communist demonstrators had gathered before the palace, demanding that President Jacobo Arbenz assure them of his anti-Communist position.

Orange Celebration At Winsloe Yesterday

The Glorious Twelfth was celebrated at Winsloe yesterday afternoon when Orangemen and Orangewomen gathered from all over the Province to commemorate the day.

Takes Million For Protection Of Fishing Industry

SHEDIAC, N.B., July 12 (CP) — About \$1,000,000 must be spent annually for protection of the fishing industry, Fisheries Minister Mayhew said tonight, in opening the Shediac Lobster Festival.

Explosion Rocks Ordnance Works

SENECA, Ill., July 12 (AP) — Three men were reported missing in an explosion that rocked the Dupont powder plant tonight. All state police and ambulances in the area were called to the scene.

Ford Shuts Down Plant At Windsor

WINDSOR, Ont., July 12 (CP) — Production at the Ford Motor Company of Canada was halted today.

Says Allies Are Ready To Resume Negotiations

SEOUL, Korea, July 13 (Friday) — (AP) — Gen. Matthew B. Ridgway proposed to the Communists today that all armed personnel be withdrawn from the Kaesong cease-fire meeting place.

In a new message to North Korean Gen. Nam Il, the Supreme Allied Commander charged the Reds with delaying and blocking the armistice talks which the Allies suspended yesterday.

Ridgway said the United Nations delegation is ready to resume the talks in good faith. He proposed that armed personnel be withdrawn from Kaesong and from a circular area 10 miles in diameter around the city.

Three Additional Druggers For PEI Under Construction

Three additional druggers are being constructed for Prince Edward Island fishermen in the shipyards of Port Graville, N. S., on the Bay of Fundy coast, it was learned yesterday from Mr. Eugene Gorman director of the fisheries division, Provincial Department of Industry and Natural Resources.

The first dragger is expected off the ways about September 20. The others will follow at intervals of about a month provided that there is no holdup for materials.

The three boats will bring to four the number of druggers constructed through the efforts of the Provincial Government and fishermen. The first dragger, the Souris 11, has been in operation off the east coast of the Province since last year.

The new druggers are similar in design to the Souris 11 except that they are filled out more and will have greater body depth. Mr. Gorman stated that they will be more suitable for dragging and that as far as could be found out they will be better adapted to Gulf fishing than any boat yet designed in its class.

They will be the same length as the Souris 11, 59 feet, 11 inches and will ice over 30 tons of fish compared to the 23 tons that the Souris 11 can ice. The new druggers will displace about 52 tons while the Souris 11 displaces 39 tons.

Two of the boats will be operated by Caterpillar engines and the other by a Gardiner engine. All three are diesel engines and are 115 h. p. They will be manned by five man crews.

Eight applications have been received at the Fishermen's Loan Board for assistance to purchase druggers, it was learned from the secretary, Mr. Francis Campbell.

The druggers are being constructed by Wagstaff and Hatfield, a big shipbuilding firm. Large shipbuilding contracts were placed at Port Graville during the war, including the construction of about 14 minesweepers.

Speaking of the work Mr. Gorman stated that considerable time and expense had been devoted to the study of druggers and that the Provincial Government had done it as an investment in the future of Island fisheries.

No Sign Of Settlement In Oil Dispute

TEHRAN, July 12 (CP) — Iran today moved to shore up her treasury, depleted by the oil-nationalization wrangle with Britain. At the same time she seemed prepared to write off an American attempt to smoothen over the dispute.

Premier Mohammed Mossadegh asked the Majlis (parliament) to approve a \$25,000,000 loan from the United States Import-Export Bank. The money has been available since last January pending parliamentary approval.

Guards Along Road

Communist armed guards have stood along the Munsan-Kaesong road when the United Nations delegation has moved down it.

Ridgway's message said that radio telephone communications would be kept open for the Communist reply but if the Reds wanted to send a liaison officer with the reply he would be afforded safe passage.

Talks were broken off Thursday by the United Nations when the Communist armed guards refused passage to a truck containing 20 Allied correspondents as part of his official party, which is headed by Vice-Admiral C. Turner Joy, who ordered the return of Thursday's convoy when the Communist guards acted.

Protests Restrictions

Ridgway protested that "unreasonable and unnecessary restrictions" had been placed on Allied representatives and said the representatives had "repeatedly protested" the restrictions.

He proposed that a five-mile circular area, with Kaesong as its centre, be agreed upon as a completely neutral zone and "that we both agree to refrain from any hostile action in this zone."

Ridgway further proposed that personnel of each side be limited to 150 who would be allowed to enter the neutral zone with complete freedom.

The 150 would be at the discretion of the commanders of each side, he said, adding that personnel to enter the conference room would be only those mutually agreed on by both sides.

Orange Celebration At Winsloe Yesterday

The Glorious Twelfth was celebrated at Winsloe yesterday afternoon when Orangemen and Orangewomen gathered from all over the Province to commemorate the day.

Although the weather was not favorable earlier in the day, the spirits of those participating were not dampened.

A fine parade, headed by King William III represented by Grand Marshal Bro. Russell Nicholson of Hunter River, lined up near Winsloe Station, and to the strains of Highland music furnished by the Association's Pipe and Drum Band under Pipe Major C. A. MacLeod, marched to the grounds.

The Right Worshipful Grand Master G. Arthur Cudmore introduced the speakers who included Rev. John R. Skinner, Grand

Chaplain of British America; Sister Gladys Downe, R.W.G. Mistress of L.O.B.A. of P.E.I.; Sister Jessie Larter, Grand Lect. L.O.B.A. of B.A.; Brother MacKay, M.W.G. Standard Bearer of the Grand Black Chapter of B.A.; Rev. A. E. Piercey, Milton, Past Grand Chaplain of P.E.I.; Rev. Bro. Armstrong, Coleridge; P.M. MacCaull P.G.M., Ellerslie.

The ladies and gentlemen of the Winsloe pastoral charge under the leadership of their Minister, the Rev. J.R. Skinner, provided an excellent menu, and their efforts on behalf of the large crowd in attendance made the Orange Tea of 1951 a real success.

A feature of the afternoon were the sports which were entered into by young and old with great interest.

HALIFAX, July 12 (CP) — Official forecasts issued by the Dominion Public Weather Office in Halifax and valid until midnight Friday.

Synopsis: Rain fell in New Brunswick and Prince Edward Island much of the day. It will continue Friday in Nova Scotia in Prince Edward Island will end during the day.
