Mr. R.T. Matheson Inducted As Y's Men's Club President

Mr. R. T. (Dick) Matheson was inducted as president of the Alpha Y's Men's Club last evening at their annual meeting held in the banquet room of the Y.M.C.A. Dr. Ray Barrett acting as inducting officer also installed Dr. W. R. (Bill) Carson as vice president, Clarence Walker as secretary, Bill MacLeod as treasury and the following as executive members: Charles Williams, Jock Lawson, Loren McLellan, Bud McMurtry and Bill Agnew.

Before the new officers were installed reports of the outgoing executive and the chairman of the different committees were submitted. The attendance committee was under the capable control of Jack McNair and a record of 84% average attendance was reported for the year. Mr. Percy Moreside reported on "Boy's Work", Walter Cox on programs, Ray Barrett on publicity, Ern Clawson on Bulletins, Ern Bell on games, and Clarence Walker on finances.

Immediate past president Bill Agnew then gave an account of his stewardship for the past year. He spoke on the fine support he had been given during his term by the executive and every member of the club and extended his thanks for the support that he had been given in making the various club projects so successful. These included the trade fair, rummage sale, auction and last but not least the Y's Men's Concert. A vote of thanks to the outgoing president was moved by Dr. Ray Barrett and seconded by Jack MacNair.

In the address following his motion Dr. Ray Barrett singled out the fine work that Ern Bell has been doing on behalf of Y'sdom. Y's Men all over the world collect and sell stamps to raise money to bring overseas delegates to International conventions and Ern is the international stamp co-ordinator. His name is known in every country where there is a Y's Men's Club and few members have done more for the movement than has hard working Ern Bell.

Rochford Square Home And School Association Meeting

President J. E. Cullen, Russell St. John and Mrs. Aubrey Ward were appointed delegates from the Home and School Association of Rochford Square School to attend the annual meeting of the Provincial Association to be held in Charlottetown on July 10. The appointments were made at the final meeting of the Association which was held on Wednesday evening and largely attended.

The Association decided by resolution to award a prize to a student in each of the two highest grades, to be given at the discretion of the teachers. Several parents took part in a lively discussion regarding the new report cards.

The programme which followed featured a choral reading by a group of grade V pupils, and a rhythm band selection by a group of junior pupils. Both of these selections had won first prize at the musical festival. Grade X pupils contributed a symposium to the programme entitled "The men and women of tomorrow." A timely panel discussion on "Why pupils lose interest in school?" followed the entertainment programme.

Those taking part were Messrs. J. E. Cullen, Russell St. John, and Mrs. Frank Walker, representing the parents, and representing the teachers were Sister St. Alexandra and Miss Catherine Peters. At the conclusion of the discussion, the parents present were invited to comment on the same.

Monsignor Patrick McMahon addressing the assembly, briefly expressed his pleasure at the interest taken by the parents, and their activity in the Association. He urged them to continue their contact next year when the school re-opens. The meeting closed with the national anthem.

Past Moderator Speaks At Presbytery Dinner

Rt. Rev. C. M. Nicholson, past Moderator of the United Church of Canada, and presently Principal of Pine Hill Hall, was the special speaker at the Presbytery Banquet of the United Church last night

Mr. Nicholson spoke on critical areas in todays world, dwelling particularly on the situations in Japan and Germany.

In regard to Japan the speaker pointed out the difficult physical problem of 85 million people living on a small island. A major danger is that the population pressure can inflame the Japanese mind against nations that control much larger areas.

More important for churches is the fact there is now a spiritual vacuum in Japan. If this vacuum is not filled by Christianity it will be gladly filled by Communism. The ultimate possibility of building a Christian Democracy in Japan rests with Christian Churches, the speaker said.

In Germany, Mr. Nicholson found that while the conditions under which Christians carried on behind the iron curtain seem dark in the extreme, nevertheless, one is struck by the courage and hope of Christian leaders who stand in the shadow of the totalitarian states.

He discovered in connection with East German Christians that there is a rigorous determination to indoctrinate the young with the theories of Communism. If Canadian Christians hope to develop world Christianity they must seek to fill the minds of their youth with the knowledge of their faith.

Mr. Nicholson said that the Bishop of Helsinki typifies the Christian courage of many of the people. The Bishop stated that although they have been attacked by the Russians on many occasions, Finland is "still around and is going to be around for a long time."

The banquet was presided over by Rev. Wallace MacPherson, chairman of the Presbytery.

Greetings of the Province were extended by Hon. A. W. Matheson, acting premier, and those of the City by Councillor Edwin C. Johnstone on behalf of the Mayor.

Rev. J. T. Irwin introduced the members of the Exposition team and guests at the head table including; Mr. Justice G. J. Tweedy, Rev. Robert McNaught, Toronto, Dr. Maxwell Dawe, Newfoundland, Prof. C. W. David, Rev. A. S. Weir, Past President Maritime Conference, Dr. Nicholson, Past Moderator of the United Church, Rev. Wallace MacPherson, Chairman of Presbytery Hon. A. W. Matheson, Councillor E. C. Johnstone, Mr. Wilfred Ramkemysingh, Trinidad, Rev. Arthur Kewley, Miss Helen Currie, Miss Mary Mix and Rev. A. Reid, Bathurst, N. B.

Rev. A. F. MacLean presided at the official opening of the Exposition which was held in Heartz Hall at 8.30. The Very Rev. Dr. Nicholson formally opened the Exposition. The large audience then moved about the various exhibits which were attended by members of the various groups within Trinity Church. These attendants capably explained the significance of the various exhibits to an ever interested group. These thrilling graphic displays will be open to the public each afternoon and evening while the exposition remains here.

Excellent Choral

Continued from page 1

Mr. Terry. The commendable cooperation of everyone concerned, however, kept the program moving smoothly, and resulted in an enjoyable and varied session.

Highlight of Evening

A highlight of the evening was the Rural Choral Clinic composed of 52 voices from many parts of the Island. A capacity audience saw and heard how the famous Earle Terry singers are rehearsed as he helped the large choir overcome a number of difficulties and bring out the beauty of two well known hymns, "Unto the Hills Around" and "Breathe On Me Breath of God." Although only a short time could be allotted to the clinic, the final effect produced by their efforts was most impressive and a tribute to Mr. Terry's ability in this field.

In the solo classes, the winners were Ralph Emery of Summerside, Barbara Rogers, William Rogers and Frank MacIntyre of Charlottetown and Mrs. Ralph Burdett of Cavendish.

Mr. Emery gave a delightful performance of the folk song "O Woman" to take first place in the competition with 83 marks. Barbara Rogers sang "Sing, Break Into Song," to win praise for her lovely voice, and a mark of 83 points. Frank MacIntyre and Bill Rogers were singing in the baritone solo class, and tied for first place with 83 points.

A number of school chorus classes were adjudicated at P. W. C. yesterday afternoon by Mr. Geen, when Southport School, Winsloe School and St. Teresa's School carried off the top honours. It is most gratifying to note that already the careful analyses and detailed adjudications of Mr. Geen and Mr. Terry in the choral field have begun to bear fruit, as the choruses performing showed that they are benefitting by the suggestions offered, and many of the weaker points criticized in the first few days are being lessened.

Compositions by a number of Island-born composers were also featured on the program at the Community Centre yesterday afternoon. "Take Me To A Green Isle", with music by Walter MacNutt, a Charlottetown musician who is now church organist in Windsor, Ont., and lyric by H. E. Foster, was sung by Phyllis Coffin, and Eugene Donahue of Cornwall sang "Return To The Isle", which was composed by William Murchison, with a lyric by Katherine Murchison. These compositions were introduced in a class particularly intended for the performance of Canadian music.

Master Colin MacAusland of Charlottetown played two of his own piano compositions, "Rhythm of Nature" and "Hills Of The Valley" in a similar class for instrumental compositions, and both of these charming compositions were well received.

Two very fine performances were heard in the organ competitions held yesterday morning at St. Paul's Church. Mr. Geen in his adjudication commented upon the rhythmical playing of Gordon White of Charlottetown, who was awarded 83 points for his rendition of Coleman's "Interlude on Picardy." A mark of 84 was merited by Herbert Crockett of Summerside, who was complimented upon his clean technique, and his excellent interpretation of the Prelude in E Minor by Bales.

"Music," Mr. Terry said, in discussing the sight singing competitions yesterday morning at P. W. C., "has become part of the school curriculum in many places, and is gradually spreading." He said that in London, Ont., where he does considerable work in music instruction in the schools, new teachers are given a week of intensive musical instruction every autumn, and there are musical activities for them throughout the year. In some centres, he said, the school music program includes at least four twenty minute periods a week of sight reading alone, and there are regular visitations to the classrooms where music is taught.

Mrs. Kelsey Jones adjudicated four piano solo classes for younger students at St. Peter's Sunday School yesterday, and said that she was much impressed by the large number of fine young pianists who entered these classes. The winners were Carol Matheson of Summerside, Paul Whitefield MacEwen, Hubert McKenna and Maida Rogerson of Charlottetown and Gail Carter of North Milton.

More German Farm Workers Due At Halifax On May 15

Mr. S. C. Wright of the Provincial Department of Agriculture, has been informed by telegram, that a further contingent of German farm workers is due to arrive in Halifax on or about the fifteenth of May.

All of the German workers brought to the Island come here through the co-operation of the Provincial Government and the Canadian Department of Labor.

Some of the Germans arriving on the fifteenth will be available for Island farmers. A number of farmers have had orders on file at the National Employment Office for some time, and these will be given preference, when the latest batch of immigrants are alloted.

It is not known definitely what quota will be given this province, and there may be enough workers earmarked for this part of the country to fill even last minute orders.

More will be known about the number of men obtainable, within a few days.

At present the farm labor supply is not at all plentiful and the newcomers could be very important to many farmers who need help to put in a crop.

Thus far only a small proportion of the Germans who have been assigned to farms in the Province have remained for more than a year, many for only a few months. But they have been of assistance to many a farmer in an emergency, and so long as they continue to come to the Island they can be useful at times when most needed. That at least is the attitude of many farmers who have had trouble in securing local help of any kind.

From time to time Dutch immigrants continue to arrive singly and in family groups, and there will be several families from Holland taking up residence in the Province during the balance of May.

Single workers from Europe are more in demand than family groups, but it has been found that the married men are more likely to remain in the province than those without family responsibilities.

Not all farmers unfortunately have housing accommodation for an extra family and are obliged to accept single men.

Increase Shown In Provincial Drama Entries

The growth in interest in amateur theatricals in this Province is in keeping with the tremendous upsurge in this form of community entertainment throughout the Dominion.

Entries in the Provincial Drama Festival are more in number than ever before, and Mr. H. Barry Bugden, adjudicator of the play-offs, states he thinks the standard of acting and production is also higher than last year. He also says that one thing which has been very noticeable in the plays adjudicated so far is the attitude of both cast and director to glean all information possible about the presentat-

Leaving On Saturday For United Kingdom & Europe

Mr. R. C. Parent, Superintendent of the Experimental Farm, accompanied by Mrs. Parent, leaves Saturday morning on a visit to the British Isles and Continental Europe, following an itinerary which has all the earmarks of a busman's holiday.

After spending the week-end in Halifax visiting relatives, Mr. and Mrs. Parent proceed to New York where they will take passage on the Rotary-chartered Maurentania for La Havre, France, where they are due to arrive on May 21. They will visit several agricultural institutions in that country before attending the opening session of Rotary International which takes place in Paris on Sunday, May 24, and continue for five days.

Returning to London on May 29 Mr. Parent will visit Whitehall where he is scheduled to meet various Department of Agriculture officials after which a week of sight-seeing will be possible, during the Coronation period.

A visit to the world's famous Kew Gardens is on the agenda following the Coronation, after which they proceed to Rothansted Experimental Farm at Harpenden, which is directed by Sir William Ogg who visited here in 1950, at which time the incident was marked by the distinguished agriculturist planting a tree at the Charlottetown Experimental Farm. The National Institute of Research in Dairying at Shinwell will then be visited followed by a trip to the artificial insemination centre in the same area.

At Edinburgh

Proceeding to Scotland, Mr. Parent will confer with Department of Agricultural officials at Edinborough and visit the Potato Breeding Station there which is directed by Mr. G. Cockenham, who visited the farm here last summer. Two other agricultural institutes in Edinborough will also be visited; the Rowett Livestock centre and the MacAulay Institute for soil research.

After a free day in Dundee and vicinity, Mr. and Mrs. Parent will attend the Royal Highland show at Alloa, which is the major livestock show in Scotland.

Proceeding to Belfast they will visit Mr. James Young, Principal of Loughray Agricultural College, who has been at the Charlottetown farm on numerous occasions when residing at Ottawa as Agricultural advisor to the British High Commissioner.

Mr. Parent is looking forward with particular pleasure to his stop-over to Ayr (the Burns' Country) where he is scheduled to meet half a dozen Ayrshire breeders and visit the two farms from which the Island Preferred Breeders Club secured two bulls, Burton Duellist and Dunduff Gilt Edge, just a year ago. In the same area they will spend the night at Kilmarnock as guests of Lord Rowallan, a prominent Ayrshire breeder and Chief Scout of the British Empire.

Mr. and Mrs. Parent leave on July 4 for Canada by the R.M.S. Newfoundland and are scheduled to stop over for half a day at St. John's, Nfld., where they will visit the newly established Canadian Experimental station. The steamer is due to dock at Halifax on July 14.

Mr. B. F. Turney will be in charge of the Experimental Farm during the absence of Mr. Parent.
