

chase, as in the other British North American Colonies.

That up to the present time, the Island Government have failed to secure a consideration in lieu of the lands thus granted to the Crown. Notwithstanding the efforts that have been made by the Government and Legislature of the Island to remove the obstruction to the settlement of the Colony arising from this cause, there still remains about one-third of the Island owned by absentee Proprietors, a very considerable portion of which is unoccupied and in the condition of a wilderness.

That in the event of the Island becoming part of the Union, the Government of the Dominion will endeavor to secure for the Island, from the Imperial Government, fair compensation for the loss of Crown Lands. Should the Dominion Government fail in their efforts to secure such compensation, they will undertake to raise by Loan, guaranteed by the Imperial Government, or upon their own securities, should such guarantee be refused, Eight hundred thousand dollars (\$800,000), and pay the same to the Island Government as a compensation for the loss of such Crown Lands—this sum to be in addition to the other sums mentioned in the preceding proposals. That the Dominion Government will also use their influence to secure such Legislation as will enable the Government of the Island to purchase the Land, now held in large blocks, upon terms just and equitable, to all parties concerned. The Committee concur in the said memorandum and submit the same for your Excellency's sanction.

Certified,

WM. H. LEE, Clerk P. C.
