Montague Club Considers Special Membership Plan

A special membership of sixteen to thirty two members was the discussion of the Montague Curling Club at a meeting held in the clubrooms on Tuesday night.

The special membership would be run on a one night a week basis, with the privilege of becoming a full member of the local club and the Provincial association if so desired. It was felt that it was necessary to take this step to bolster membership and to give out of town men and others an opportunity to curl.

A committee consisting of Carl Stewart, H. M. Smith, Doug MacGowan, Art Sullivan and Homer Moar were appointed to bring in a report at the annual meeting with reference to the feasibility of this procedure. This would mean three types of membership, social, special and regular.

Twins Join The R.C.M.P.

MONTREAL (CP)—Assistant RCMP Commissioner Jim Lemieux, noted for good eyesight and powers of observation did a double-take Monday when he interviewed a recruit named Tessier.

During the interview Lemieux left his office for a moment, to be met in the hall with a snappy salute from the man he had left at his desk.

"It was a shock," he said, "I did a couple of double-takes through the partly opened door before I was certain I was not seeing double."

It turned out the men are identical twins, Clifford and Ronald Tessier, 20-year-olds from Windsor, Ont.

Lemieux said they are the first twins to serve in the RCMP.

higher rate may apply as listed below:

- (a) Construction of new buildings;
- (b) Improvements to buildings;
- (c) Painting;
- (d) Enlarging of school grounds.

(2) Forty percent (40 per cent) of the cost of the following approved projects or items:

- Approved toilets, sewer and water supply;
- Approved chalkboard and classroom furniture;
- Approved heating and electrical wiring installations;
- Major playground equipment, which is both fixed and durable;
- School equipment, reference books, radio and record players, pianos, organs and moving picture projectors.

In respect to (1) and (2) above it should be noted that in no case shall the assistance exceed \$2,500.00 for a completed furnished classroom, OR \$1,500.00 for an improved and remodelled classroom.

2. Assistance on new construction shall be limited to districts where the Minister first approves of the necessity and desirability of the construction of a new school or additions to the existing school, and where he approves of the site, the location of the school on the site, the plan and general construction of the building and the natural lighting,

and he may reject the percentage payments toward any part of the construction which he considers not essential or generally applicable to the schools of the Province.

3. There shall be no assistance payable in respect to the construction or improvement of basement classrooms where the floor is below grade level.

4. No assistance shall be granted towards the installation of sanitary toilets where the installation of flush toilets is practical in the sense that they can be protected from frost, and electricity power or suitable water supply is available.

5. Assistance shall not be payable for general repairs to buildings, furniture or equipment, nor for replacement of stoves or other equipment which constitutes a renewal rather than an improvement of school property.

6. Notwithstanding anything in these regulations, where special accommodation other than classrooms is provided or where special equipment is needed, the Minister may grant such assistance as he shall deem necessary.

DEPOSITS

A deposit of at least \$25.00 is requested from all patients entering Kings County Memorial Hospital.

THE BOARD OF TRUSTEES,
King's County Hospital.

PROGRESSIVE Conservative meetings on Wednesday at the following times: Murray River, 7:30 p.m.; Murray Harbor 8:15 p.m.; Mr. J. A. MacDonald and W. R. Shaw, provincial leader and other speakers will address the meeting. Everybody welcome.

PERSONALS

Mrs. C. A. Shaw, Montague, entertained at two tables of bridge last week in aid of the Kings County Hospital.

of the Board of Directors following the one hundred and second annual meeting. Other officers elected were: vice-president, Lorán McLellan; treasurer, George Purvis; additional directors, H. C. Atkinson, George Greenough and Arthur G. Hogan.

The meeting, which was very representative and well attended, heard reports indicating that the facilities are taxed to capacity. It was also noted that more money is needed for additional leadership and to offset the drain on the current funds due to interest payments on the mortgage which now stands at \$47,000.

The report of the general secretary, John Evans, gave evidence that the local "Y" is living up to the expressed ideal of the Y. M. C. A. "A world wide fellowship united by a common loyalty to Jesus Christ for the purpose of developing Christian personality and building a Christian society."

Mr. Evans' report showed an attendance of 21,717 at the 1,269 sessions of the "Y" groups which number 77. In addition, 25 clubs held 538 sessions with a total attendance of 8225. There were 53 special events with a total attendance of 6,556 and 68 community groups, outside the "Y" held 256 sessions with a total attendance of 9,752.

In concluding his report, Mr. Evans said, "Charlottetown can look with pride at the past achievement of the 'Y'. Our main hope for the future is to continue to provide the means by which the youth of our community may achieve a sense of direction and purpose in their lives."

PRRESIDENT'S REPORT
President Arthur Duvar in his report, stated among other things, that:

A program survey shows that in the 12 to 18 year age group the program carried on by The Charlottetown Y. M. C. A. is the equal of that carried on anywhere. Also, under the capable leadership of our expanding and improving.

The Y. M. C. A. building is in constant use and its facilities are used not only by Y. M. C. A. Groups, but by groups representing business, fraternal organizations, community organizations, farm groups, etc. Already the need of more space is evident and also the need of more training staff and leadership is urgent, but due to the financial situation of the Y. M. C. A. which has a mortgage on it, the Board of Directors cannot hire the staff which they would like to have.

The President mentioned that the recent financial campaign shows that the Y. M. C. A. has the respect and confidence of the public.

The Christian emphasis of the Y program while not blatant is constant and effective and there is good evidence of this in the behavior of our youth and in the support of confidence which the Y receives from the churches of Charlottetown.

The President went on to show that the Y. M. C. A. is moving forward in Charlottetown and that it is cognizant of and meeting many of the factors which are causing concern to the Churches, the National Council of the Y. M. C. A. and many Social Agencies.

He stated that when the present building was erected eight years ago it was felt that it would be adequate for many years, but the time is near when serious consideration must be given to additional facilities including a swimming pool.

WOMEN'S WORK
A report of the Women's Auxiliary presented by Mrs. Fred Osborne, showed that during the year, over 4,000 meals had been served to "Y" groups and various community organizations. Through this means, the women have made possible many improvements around the "Y" building and also made very substantial cash contributions to the funds of the Association.

Reports of the two Y's Men's Clubs presented by Roy Smallman on behalf of the Alpha Club and by Brian Cudmore for the Centennial Club, showed that these clubs with an aggregate membership of approximately 100 are a source of great strength to the "Y" in providing leadership, operating the bowling alleys and billiard room, promoting various activities and also contributing substantially to the work. Assisting these men are the Y's Menettes who are the wives of the Y's Men.

A report of the Hi-Y Clubs (teen-ager boys and girls) was presented by Pauline Johnston. It showed 12 Clubs with a total membership of 222. Their work, in addition to self-training in leadership, included many projects on behalf of the "Y" and many for community and world service. In addition they contributed a total of \$1,000 to the general work of the local "Y".

The report of the camp committee, presented by Alton Dolliver, showed a most successful season with 157 boys and girls participating under the direction of about 30 leaders. Mr. Dolliver paid a tribute to the Charlottetown Kinsmen Club for making it possible for a number of under privileged boys and girls

Montague Fire Dept. Tests New Inter Com Set

A telephone communication set with one of wire, purchased by the Montague Fire Dept. was tested and checked on Monday night at the regular monthly meeting of the department.

This inter com set is to be used between fires and the source of water supply to simplify and speed up orders if and when the water supply is needed.

Chief Coffin presided at the meeting at which most members were present. Other matters discussed were the alarm system for the members and the alarm system for the schools.

In the correspondence were letters from three sources, thanking the members for their very efficient service and also a cheque for \$25.00.

to attend the Camp at Holland Cove.

Mr. Lorán McLellan in his report as treasurer showed that the 1957 Maintenance Campaign had exceeded the objective of \$14,500 and that incomplete returns of the 1958 campaign indicates that the same generous support has been given this year by the Charlottetown business firms and citizens. The bequest from the Hillson estate was again noted and the hope expressed that other citizens in making their wills might give thoughtful consideration to the needs of the Y. M. C. A. in its work with youth.

A vote of thanks moved by Frank Curtis, to president Arthur Duvar and general secretary John Evans was heartily endorsed by the meeting. Regret was expressed at the coming departure from Charlottetown of Ben E. Rogers, who has been a very active and valuable member of the Board of Directors. The meeting extended best wishes in his new sphere of activity in Halifax, N. S.

The first railroad in Panama was built by American capital in 1856.

FREE DANCE and LUNCH
