Want Private Zoos Banned

VANCOUVER (CP) — The Vancouver branch of the Society for the Prevention of Cruelty to Animals Monday urged the British Columbia government to close all private zoos in the province.

Referring to the killing of eight-year-old Maureen Vanstone by a lioness which escaped from a private zoo near Nanaimo Saturday, Dennis Price, president of the Vancouver branch, wired Recreation Minister Earle Westwood: "In view of tragedy resulting from private zoo urge you to ban all such establishments immediately. Power to prevent such tragedies rests with you. Failure will indicate gross neglect on your responsibility."

At the same time Thomas Hughes, Provincial executive director of the SPCA, said the government was warned 18 months ago that private zoos had "inadequate caging."

The Nanaimo area zoo is operated by Paul Hertel.

Nurses Hear Doctors Discuss Use Of Some Newer Drugs

On the third day of an Institute on Nursing sponsored by the Association of Nurses of Prince Edward Island, doctors discussed the therapeutic use of some of the newer drugs, especially antibiotics, anticoagulants and tranquilizers.

At the morning session, Dr. J. C. Theriault, lectured on tranquilizing drugs; Dr. A.A. MacVicar gave the lecture in the evening. Both doctors are psychiatrists associated with the Mental Health Division of the Provincial Department of Health. They discussed in some detail the clinical usage of newer drugs in mental illness and outlined the efficacy of one as compared with another in meeting the needs of different patients.

The second session was a lecture-discussion on "Newer Antibiotics and Anticoagulants". Dr. J.E.F. Bunge, surgeon on the staff of the Charlottetown Hospital and Dr. M.J.M. Putnam, surgeon on the staff of the Prince Edward Island Hospital shared the responsibility for presenting this topic. Nurses were interested to learn of recent research on the clinical use of anticoagulants and the work that has been accomplished in decreasing the toxicity of antibiotics and sulfonamides. Both doctors stressed the dangers of self-medication with any of these drug preparations. The last session of the Institute was a panel discussion on "Psychological Care of Surgical Pat-

Hospital. The discussion was concerned with meeting the emotional needs of pre-operative patients and with the support of women in their anticipated role of motherhood.

Mrs. Laura Kitchen, R.N. director of nurses, Riverside Hospital introduced the speakers at the morning session, Miss Bernice Rowland, R.N., B.N., chaired the morning session. At the evening session, Sister Mary Patricia introduced the speakers and Miss Katherine MacLennan, R.N. B. Ss. chaired the meeting.

At the close of the meeting the president thanked all those who contributed to the success of the Institute.
