## APPRECIATION TO

Following his steps to happiness  
 Follow the trend He said.  
 He said Yes  
 Feelings to be examined  
 All things have been said  
 Come Down  
 Then Up  
 Bring back to Reality  
 Standing in the field  
 Help me bring back that girl  
 Now that she's on my side  
 sending vibrations  
 Walk away from the situation  
 Smoke in the air  
 She has a hold of my head  
 How wrong things will be  
 My Jim Dandy  
 Sittin' on a mountain top  
 Met a girl named Peggy  
 Jim Dandy to the rescue  
 got a message from a fishing rod  
 I was high and ready to Boog  
 lost in Silence.

I would like to extend my appreciation to  
 Blackoak Arkansas, Seals & Crofts, and Simon  
 and Garfunkel.

## NO TITLE

What is said years before is Forgotten  
 in one minute by the one who said it.  
 But still in the mind who received it.  
 Why was it said? does anybody know  
 why? No I don't think so! I don't

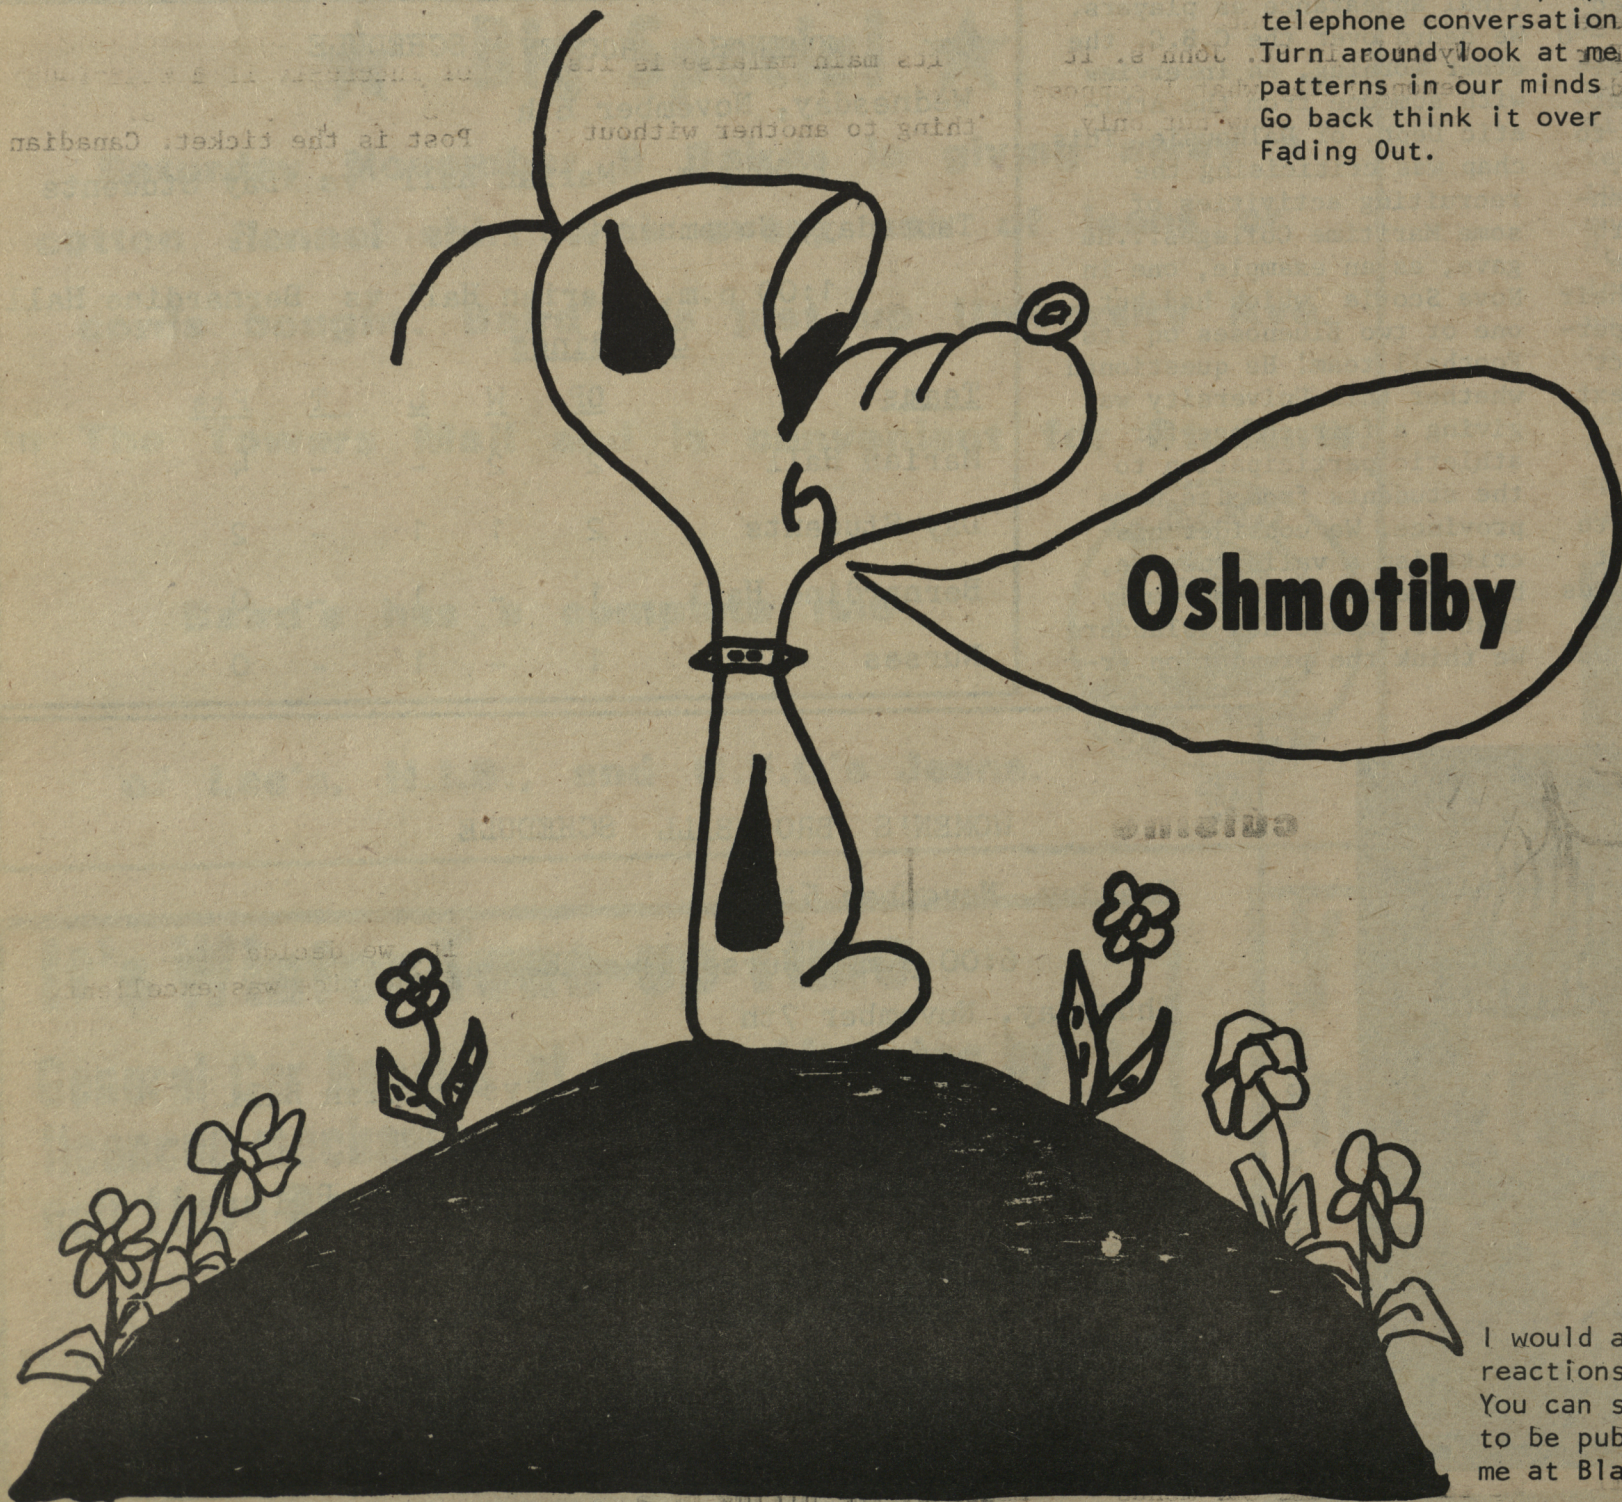

Talking about it in the open Completely  
 may help. No it will never be solved. The  
 Hurt may stay. It may not. To many  
 Incidents, To many happenings. Hurt Feelings  
 Yes and No.  
 Feelings Towards will.

Does Drunkenness change the feeling?  
 Yes maybe No, it depends. Does anybody  
 forgive or forget? Sure sometimes

Understand Why? NO.

## A TELEPHONE THOUGHT

Empty place to talk?  
 room was full of people  
 telephone conversation was in progress  
 Turn around look at me to see  
 patterns in our minds  
 Go back think it over  
 Fading Out.

I would appreciate hearing any  
 reactions you have to my work.  
 You can send them to the CADRE  
 to be published, or directly to  
 me at Blanchard Hall Apt. 308.
