THE FAMILY LIFE MEDICINES. THE celebrated Life Pills and Phoenix Bitters prepared and sold by Dr. Wm. B. Moffat, 375, Broadway, New York may now be said to be the most respectfully established and extensively adopted family medicines in the United States. They have not only won the sanction and recommendation of all the candid and philanthropic portion of the medical profession, who have observed their invariable efficacy in general derangements of the stomach and bowels, and their astonishing effects in many varieties of acute and chronic disease, but what is far better, these medicines have recommended themselves, and fully and fairly achieved the distinguished and now certainly pre-eminent position which they now occupy in public and domestic estimation. They are proved by their works, and make no appeal to vulgar credulity. If the proprietor were disposed to make an invidious comparison between these self-established medicines and any others, he might confidently assert and challenge contradiction that there is no medicine known to the medical profession, or named in their books, concerning which so many clear, unquestionable and conclusive evidences of usefulness and remarkable cures are recorded as those which he can adduce concerning the Life Pills and Phoenix Bitters. If it be admitted that sufferers are the best judges as to whether a remedy has relieved them and restored them to health and strength, then is the evidence in behalf of these medicines decisive and irresistible. Dr. Moffat is in possession of an immense accumulation of voluntary testimonials from respectable persons and families in all parts of the Union, far and near, who give their names and residence to the unsolicited statement that they have been completely and speedily cured of the following diseases, and of many others not here enumerated, by these Life Medicines alone, when other medicines had been long employed in vain, viz: Scrofula, in its most dreadfully advanced and destructive stages, when large portions of the flesh and bones of the face had been destroyed; Piles of five, ten, twenty, thirty and even thirty-five years standing; Rheumatism, both acute and chronic, of the most hopeless character; Turgescence of the Liver, and various other liver complaints; Bilious Cholera, and every conceivable variety of bilious affections; Marasmus Tabes, or Decline, in any or all of its stages; Consumption, in more advanced stages than any on record; Dyspepsia, in all its chronic and acute varieties, with its frightful train of distressing symptoms; Worms of all kinds, both in children and grown persons; Diarrhoea, both serous and bilious; Costiveness, both habitual and occasional; Fever and Ague, in its three principal varieties, and intermittent and remittent fevers, of all kinds; Hypochondria, and other extremely complicated nervous affections, with nervous debility in general; Salt Rheum, Running Scald, and eruptive diseases generally, including Eczema, Erysipelas, or St. Anthony's fire, and scaly, unhealthy complexion; Palpitation of the heart, and Determination of blood to the head, settled pains in the organs, limbs, back, head and side; affections of the bladder, kidneys, spleen, throat, and pleura; jaundice, dropsy and gout; together with those general affections of the system which arise from complicated causes. The certificates of these cures are in the proprietor's possession, and will readily be shown to all who desire to see them. A small selection from them have been published in Moffat's Medical Manual, of which a new and enlarged edition is preparing for the press. The reason why these medicines, which in ordinary family use operate merely as mild and effectual laxatives, cure so great a variety of formidable diseases is, liver and the absorbent vessels, cleansing the alimentary canal, and relieving the cure of all specific diseases, they are compounded of unique and unprecedented variety of choice and exquisite ingredients, some of which are almost unknown to the profession, which exert a specific action upon many complaints, without in the slightest degree affecting the general system, otherwise than as simple purifiers, when those complaints are not present. Both the Pills and the Bitters are mild and agreeable in their operations, causing neither prostrations nor nausea, and requiring neither confinement nor peculiar diet. Their effects are uniformly to produce an immediate sense of renovated health, and new life and vigour to both body and mind. They cannot be taken without benefit, and they should be kept on hand, not only as remedies but as preventative officines. They are prepared and sold wholesale and retail, by Dr. William B. Moffat, 375 Broadway, N. Y., and also by the Agents, NEW YORK, COOPER & BRENNER, Agents for Prince Edward Island.

STOVES! STOVES!! FOR SALE, at the Subscriber's Store, STOVES of different sizes, to answer purchasers. CHARLES DEMPSEY Charlottetown, December 8, 1843. [4w]

A RARE OPPORTUNITY of combining every kind of Mercantile Pursuit with Fisheries and Farming. TO BE SOLD, by private contract, WATER LOTS 23 and 24, in GEORGETOWN, comprising more than Six Town Lots, and more than one acre and a half, having three fronts—one on Victoria Street, extending more than six chains; on the Harbour, an extent of 168 feet; the same on Water Street. At the corner, formed by the intersection of the two Streets, stands a two-story House in progress, 32 feet by 29, conveniently laid out for the accommodation of a Retail Trade, and a suitable Residence for a respectable household. The land is sound, and of an excellent description. Here is sufficient room for the most extensive Warehouses for storing Grain, Fish, Transit or Commission Goods, and Cargoes of Vessels arriving late in the season and shut out from other ports by the ice, as well as a Retail Store; but the Retail business must be only a secondary consideration in the future commerce of Georgetown, as there is no great extent of back country to supply. The most frequented entrance to the Town will be by the Jail, for persons on business coming from the Northward and North East. The best holding ground, the most screened anchorage, and the boldest water for a Wharf, are off Victoria Street, and there is no locality more adapted for a Fishing Establishment, should a Company be formed—as no doubt there will be—than this property. To prevent trouble, the price is £400. It has been the disingenuous and unmanly practice of some—who said they would get it for a song—to attempt, on all occasions, to depreciate the importance and value of this property, and deter intending purchasers. Let such, in future, examine and judge for themselves. The Subscriber also offers for sale, Pasture Lots Nos. 2, 3, 4, 21, 22 and 23, comprising Forty-eight acres. The very best and best situated of any block of Land in the Royalty of Georgetown—most approximate to the Town—a good fertile soil—fronting 30 chains on the Common, which contains several hundred acres. There is a fine Spring on Lot 23, and on Lot 2, close by, a beautiful site, on rising ground, for a Mansion House. A great part of the land is covered with fine Hardwood. This property, in connection with the above, is well deserving the attention of capitalists who desire to invest money on very improvable landed security; or of any Company who might be desirous of combining Fishery with general Commerce and Agriculture. Price, £600 currency, or £12 10s. per acre, which cannot be deemed unreasonable, when its peculiar advantages are duly estimated; nor is it at all figurative and illusive to anticipate that its value will rise to £100 per acre; and in the event of a Fisheries' Company being established, the time may not be remote when it will form a pleasant suburb to Georgetown. For a view of the Premises, apply to Mr. George Parker, Lot No. One; and to treat, to the Proprietor, at Woody Grove, Township Sixty-one. J. L. LEWELLIN. Should the above Town Property not be disposed of before the Spring, it will then be offered by Auction in Light Building Lots; or the Advertiser may relinquish his favourite pursuit—Farming (as his eminent and unwearied efforts to advance this most important avocation have met very little countenance or co-operation)—and accept the invitation of his friends, to assist in forming an Establishment such as is above alluded to. N. B. Sometime since a Town Lot, without any water privilege, was purchased for £100—not many years before, it sold for Four Pounds!! Recently, Half a Town Lot, with a store on it, or low Building, realized at Auction, about £200. This does not look like depreciation!!! Georgetown has a free port. J. L. L.

FOR SALE.—About 18 or 20 acres of excellent Land, situated in Charlottetown Royalty—one half cleared and in a high state of cultivation. There are a good Draw-well and some small Buildings on the premises, which are within three and a half miles of Charlottetown, and half a mile from the St. Peter's Road. It is bounded on one side by the road leading from the St. Peter's to the Princetown Road, and in front and rear by roads coming out to the St. Peter's Road; on the other side by a ditch. Apply to JOHN WHELAN, on the premises, or to EDWARD KICKHAM, Charlottetown.

THE Subscribers having been duly appointed the sole Agents of DAVID STEWART, Esquire, for his Estates on Lots or Townships Nos. 7, 10, 12, 27, 30, 46, 47, and Lunenburg Island, beg to intimate, that they are prepared to lease lands, with a liberty of purchasing, and to sell on the most liberal terms, and that all persons indebted to that gentleman, for rent or otherwise, are hereby required to make immediate payment of the same. All persons found trespassing on any of the above properties, either by cutting Timber, or in any other respect, will be prosecuted with the utmost rigour of the Law. H. D. MORPETH, PETER EMERY. December 10th, 1840.

SIDNEY MILLS. THESE excellent MILLS are now in full operation, and the public are hereby informed, that a conveyance will leave the Subscriber's residence, in Queen's Square, every Thursday morning, at about 7 a. m., for the purpose of conveying Grain thither; the Flour from which will be returned, free of expense, to the owner, save the toll for grinding allowed by law. J. SIDNEY DEALAY. Charlottetown, 28th Oct. 1842.

THE SUBSCRIBER being about to leave this Island, requests all persons indebted to him to make immediate payment to Mr. WILLIAM A. WELSH, who is duly authorised to receive the same. CHARLES WELSH. Queen Street, Charlottetown, } October 25th, 1843. }

A CURE! FOR ALL!! HOLLOWAY'S OINTMENT. HOLLOWAY'S PILLS. EXTRAORDINARY CURE OF A CASE ABANDONED BY GUY'S, THE METROPOLITAN, KING'S COLLEGE & CHARING CROSS HOSPITALS. This fact was SWORN to this 8th day of March, 1842 Before the LORD MAYOR, at the Mansion-House. SUMMARY OF AFFIDAVIT. Wm. Brooke, Messenger, of 2, Union-street, Southwark, London, maketh oath and saith, that he (this deponent) was afflicted with FIFTEEN RUNNING ULCERS on his left arm, and ulcers of sores and wounds on both legs, for which deponent was admitted an out-door patient at the Metropolitan Hospital, in April, 1841, where he continued for nearly four weeks. Unable to receive a cure there, the deponent sought relief at the three following hospitals:—King's College Hospital in May, for five weeks;—at Guy's Hospital in July, for six weeks;—and at Charing Cross Hospital at the end of August, for some weeks more; which deponent left, in a far worse condition than when he quitted Guy's, where Sir BRANSBY COOPER and other medical officers of the establishment had told deponent that the only chance of saving his life was to LOSE HIS ARM! The deponent thereupon called upon Dr. BRIGHT, chief physician of Guy's, who, on viewing the deponent's condition, kindly and liberally said, "I am utterly at a loss what to do for you! but here is half-a-sovereign: go to Mr. HOLLOWAY, and try what effect his Pills and Ointment will have, as I have frequently witnessed the wonderful effects they have in desperate cases. You can let me see you again." This unprejudiced advice was followed by the deponent, and a perfect cure effected in three weeks, by the use of HOLLOWAY'S PILLS and OINTMENT, after four Hospitals had failed!!! When Dr. Bright was shown by the deponent the result of his advice and charity, he said, "I am both astonished and delighted, for I thought that if I ever saw you again alive, it would be without your arm; I can only compare this Cure to a Charm!!!" Sworn at the Mansion House of the City of London, } Wm. BROOKE. of London, this 8th day of March, 1842, } Before me, JOHN PIRIE, MAYOR.

The Ointment is proved to be a certain remedy for the bite of mosquitoes, Sand-flies, Chigoe-foot, Yaws, and Coco-bay. Burns, Scalds, Chilblains, Chapped Hands and Lips, also Bunions and Soft Corns will be immediately cured by the use of the Ointment. PROSPECTUS OF SIMMONDS'S COLONIAL MAGAZINE. ON THE FIRST JANUARY, 1844. Will be published, to be continued monthly, price 2s. 6d. THE FIRST NUMBER OF SIMMONDS'S COLONIAL MAGAZINE, A Journal of Literature, Art, Science, Commerce, and Finance. EDITED BY P. L. SIMMONDS, Fellow of the Statistical Society, Secretary of the Meteorological Society, Member of the Royal Agricultural and Ethnological Societies of London, Honorary and Corresponding Member of the Literary and Historical Society of Quebec, of the Literary Association of Barbadoes, of the Agricultural Societies of Montreal, Philadelphia, Massachusetts, Königsberg, &c.

IN submitting a New Periodical to the Public, it is customary to state, in a few words, the object with which it has been set on foot, and, as far as possible, the mode in which it will be conducted. Much consideration has been bestowed on the plan of our publication, and every part has been duly weighed. We have ever maintained the opinion, that the interests of Great Britain and her Colonies can never be permanently at variance, or at least that it is always practicable, by sound legislation, to render the prosperity of the mother country the cause and consequence of that of her children. We shall therefore endeavour to enforce and illustrate these views, by showing, in the minutest detail, the mutual dependence of every part of our vast empire, and by pointing out the methods by which apparently conflicting interests may be conciliated. Any further statement of our views and theories is unnecessary in this place. The Public must judge whether we redeem the pledge here given, that we shall be consistent and persevering in the advocacy of British and Colonial interests. It is necessary, however, to say something of the means we have at our disposal, for treating in a fitting manner the subject of the Colonies—under which term we include the whole of our daily increasing empire exterior to the mother country. In the first place, we propose, by a high rate of remuneration, to secure, as contributors, some of the ablest writers on the subjects which it is our province to discuss; and we invite gentlemen, whose studies have been directed to the Colonies, to forward us papers, which will receive the most attentive consideration. We shall not only discuss the most interesting questions connected with our foreign possessions, but shall labour to furnish our readers with a complete description of the manners and customs of the various people over whom our sway extends, of the countries they inhabit, their productions and capabilities of supporting emigrants. In short, we shall strive to make our publication useful and interesting to the Statesman, the Merchant, the Geographer, the Ethnologist, the Literary man, and the General Reader. Its contents will embrace very subject connected with Commerce and Navigation, Agriculture and Manufactures, Marine Insurance, the Laws and Regulations of Trade, and the Tariffs and Commercial Treaties of various nations; thus forming a repository for full and authentic Statistical Tables of the Trade, Navigation, Resources and Population of Great Britain and her Colonies. We affirm unhesitatingly that we shall be enabled to offer to the Public a more comprehensive, original, and carefully condensed summary of Colonial Intelligence, than has hitherto appeared in any publication. To those interested in particular Colonies, we shall afford a complete synopsis of the occurrences there taking place, together with many of those minor incidents never noticed in the London Papers, but which give a local colouring and peculiar charm to narratives, that deprived of them, are considered dry and uninteresting. The resources at the disposal of the Proprietor of Simmonds's Colonial Magazine, for the attainment of these objects, are extensive and peculiar. His office has for years been the centre of a widely developed system of Colonial transactions, and he has been for the same period in the regular receipt of every newspaper issued in our dependencies, from the largest to the smallest, as well as all the proceedings of the Colonial Legislatures, the Colonial Almanacs, Directories, Meteorological Registers, and such Statistical Works as serve to show the progress and improvements of our possessions beyond the seas. Active and intelligent correspondents have been secured in all our Colonies, whose communications cannot fail to furnish correct, ample, and early information on Colonial matters. By their assistance we shall be enabled to offer from time to time, suggestions as to the best methods of improving and extending the natural and local advantages possessed by our numerous settlements and colonies. Supporting, as we shall do, Colonization on an enlarged scale, in opposition to popular prejudice; looking to no adventitious sources of success, and determining to advocate through evil and through good report, the interests of Great Britain, her Colonies, and her Commerce, we venture before the Public. That we shall merit support we feel assured, not only from the Literary resources at our command, from our extensive and well-organized connections, and the encouragement held out to us from those Colonies where our proposed undertaking is already known; but, because the subjects to which our pages will be devoted are daily increasing in importance, and exciting a corresponding interest in the public mind. Subscriptions received by COOPER & BRENNER, Charlottetown, P. E. Island.
