The Engraving being on Steel and in Line, no inferior impressions will be issued. The Committee most respectfully yet earnestly solicit those Gentlemen who are already Members of the Society to do what they can to increase the number of the Society, and to do so in a situation to advance will more than they have yet been able to do the cause of Art in the United Kingdom. SUBSCRIPTIONS will be received at the OFFICE OF THE SOCIETY, 20, ST. VINCENT PLACE, Glasgow, and at the Office of the Secretary, the COMMITTEE OF MANAGEMENT; and by the HONORARY SECRETARIES appointed throughout the Kingdom. ROBERT A. KIDSTON, Acting Secretary.

Mr. G. H. HASZARD, BARRISTER AT LAW, OF CHARLOTTETOWN, BRIDGE EDWARD ISLAND. THE COMMITTEE OF THE ART UNION OF GLASGOW have to state to the Members of the Society and to the friends and lovers of Art, that to do justice to the complaints of the Society for the year to the members, they have this year determined to issue in place of the large Print which they have already issued, a smaller size of Print, of a smaller size, but which can be printed in such large quantities, and at such a low price, as to be within the currency of the year, each being of greater value than the amount of subscription. The Committee have therefore, by their highest authority, been able to make such arrangements as enable will be in all future years, to continue the giving the large Print, and to issue also a smaller size, and at the same time secure to the Members works of the highest class. It may be in issuing the plate for last year, (COMING OF AGE), was impossible to avoid, so long time being required, to get the large quantity of this work, and at the same time keep up the quality of the impressions, the latest of which they are happy to say, will be found to be most perfect. The Committee have therefore determined that no inferior impressions should be issued, and in consequence of this, and of the Committee's determination, above a year, this plate has been printing night and day, and will still continue to be so, till every Member has received his copy. Having explained as to the delay that has taken place in delivering the plate for last year, and as to the reasons that the Members will be pleased with the explanation, and having two more plates to be issued, and that they will be of such fine Engravings, and of such a high quality, that they will again be a large accession to the list of works of the Society, and that this year will be a most successful one, and that the Members will only shortly draw attention to the Prints to be distributed among the Members, and to be issued

meeting—every care will be taken to secure Printing of high merit, and arrangements are making to have large numbers of the Society's Works in Chromo-Lithography; they are encouraged to spare no labour in attaining this, by the great popularity of the Society, and the great success of the Society in "SPANISH PEASANTS GOING TO MARKET" which they will be able to bring forward a work of Art in this department which will fill all as a popular work of Art. Arrangements are making to have the specimens in BRONZE, PEARL, &c. As yet the Specimens and Agents will be sold as usual. In conclusion, the Committee trust that as THE SOCIETY, AND MEMBERS OF THE ART UNION OF SUCH INSTITUTIONS IN THE WORLD, by the exertions of their friends they will still be enabled to keep this position, and the Committee are determined that no effort on their part will be wanting to insure the best advantage. ROBERT A. KIDSTON, Acting Secretary. Subscriptions will be received, and specimens may be seen at GEO. T. HASZARD'S Storehouse.
