Caller—Is your sister in, my little man?

Willie Wise—She said if Mr Sweet came to tell him she was sick; if Mr Rush came to say she was not in, and if Mr Early to say she was out with Mr Sweet. She said she'd give me a nickel if I got it right. I don't know which one you are, mister, but you bet I'm going to get that nickel.—Pittsburg Post.

A famous French doctor and professor of medicine contended that every disease was attributable to a process of inflammation. On dissecting one of his patients not a trace of inflammation could be found. He explained the circumstance to his pupils as follows:

"Gentlemen, you see that our mode of treatment was thoroughly effective; the patient is dead, but he died cured!"

HOW TO TREAT A COLD.

Don't stuff a cold, as the old adage advises, if you do you will have a fever to starve. A genuine cold is a shock received by the many million nerves which approach near the surface of the human body, and which control the nearly seven million pores of the skin. This shock closes the pores of the skin, is transmitted to the nerve centre and back to the mucous membranes, forcing a great amount of blood to these membranes, creating more or less irritation and consequent fever, inflammation, dryness, then watery discharge and catarrh. The shock may have its cause from a chill, from improper eating, a nervous fright and various other causes which irritate the nerves of the skin and mucous membranes of the nose, throat and bronchial tubes. Excess of blood in the stomach still more clogs the system and pores of the skin, so that effete matter, which should be carried off by the natural courses is retarded; which is ample reason for not stuffing a cold. Experimenting with a severe cold is a dangerous custom, as most persons try one remedy until some friend suggests another "sure cure." When slight hoarseness or tightening of the nasal membranes warns one of a skin exposure or chill from whatever cause, act promptly, delays are dangerous; with children it may mean croup and strangulation; with adults, catarrh, bronchitis, perhaps pneumonia. Scores of mothers would as soon go to bed without matches in the house as without that old-fashioned remedy, Johnson's Anodyne Liniment near at hand for colds and croupy children. The proprietors, I. S. Johnson & Co., Boston, Mass., will send their new illustrated book entitled "Treatment for Diseases," free to any person for the asking.

THE PROPRIETORS.

Make a Few Pertinent Remarks to their Patrons.

TORONTO, Jan. 28.—Dr. L. A. Smith & Co., of this city, whose name has become a household word through the Dominion, and in many states of the Union, in consequence of the wonderful cures effected by Dodd's Kidney Pills, desire to thank their patrons for the good words they have spoken for this remedy. During the past few months these expressions have been wired to nearly every paper in the country by grateful people whose lives have been prolonged. These expressions are straightforward and honest, and should convince any unprejudiced mind of their sincerity and truthfulness. You know now, reader, that Dodd's Kidney Pills will do all that is claimed for them. They have stood the test.

Vultures cannot discover a carcass by the sense of smell. They rely entirely upon their sight when in quest of food.

This is Concentration.

One pill a dose, one box 25 cents. One pill relieves constipation. One box cures an ordinary case. One pill taken weekly neutralizes formation of uric acid in the blood and prevents Bright's Kidney disease and Diabetes. True only of Dr. Chase's Kidney-Liver Pills.

Mother—I cannot allow you to play with those naughty children, Willie. They are rough and rude.

Willie—But you don't mind my fighting with them, motner, do you?

DON'T DIE BEFORE YOUR TIME.

"Why will you die?" That is the question the scientist now asks the miserable sufferer from consumption or lung trouble The answer naturally is "because I can't help it." But the consumptive *can help it.* Miller's Emulsion made from Norwegian Cod Liver, and combined with the hypophosphites of lime and soda will cure nine cases out of ten of consumption, and the tenth case can get a reprieve for a year or two. New blood is what the consumptive requires, and Miller's Emulsion of Cod Liver Oil, when taken produces it. Miller's Emulsion is the great nerve strengthener and blood maker, and cures Coughs, Colds, Bronchitis, Scrofula and all lung affections. In Big Bottles, 50c. and $1, at all Drug Stores.

Priestley's Dress Fabrics

In the long run it is the quality of the material that will determine the success of a lady's costume. Every lady who has at all studied the matter knows this. Priestley's Black Dress Goods are the best that the market affords. That is conceded on all hands. The ladies of Great Britain cordially acknowledge it. The American ladies prefer Priestley's dress fabrics to French. Our Canadian ladies are now asking for them. They wear better than other goods; but their great charm consists in a peculiar richness and softness of appearance, and a flexibility which enables them to drape in the costume with that suggestion of flow and rhythm which it is the dream of all tasteful women to realise.

See that the goods you buy are stamped "every five yards with "Priestley's name." No others are of their manufacture.

DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
