

THE DAILY EXAMINER.

DECEMBER 13, 1892.

Notes and Comments.

The Discipline Committee of the Ontario College of Physicians and Surgeons are investigating two cases of alleged "unprofessional conduct."

Since silver fell, some ninety mines in Colorado have been closed, and almost every day a report is received of some property, large or small, discharging men.

It is stated that the population within 100 miles of the Liverpool Town Hall, is nearly, if not quite, double that within the same distance of St. Paul's Cathedral, London.

The fake telegram published by some of the papers, to the effect that Mr. Van Horne favored Boston as the Atlantic terminus of the C. P. R. system has been denied by the President himself.

Referring to the cry raised in the Soulanges contest that Sir John Thompson, being a Catholic, all his co-religionists should rally around him, the Canadian has the following judicious remark:—"It is not desirable in this country that the parties should be compared according to the religious faith of those who lead them. Questions before men, principles before prejudices, justice and reason before any appeal to hatred between those who do not adore God at the same altar."

The statement of the public debt on 30th November is as follows:— Gross debt, \$296,195,827; Assets, \$7,661,699.

Decrease in five months, \$2,597,396. This notwithstanding the fact that \$253,119 more than last year were expended upon public works.

The Montreal Gazette supplies some figures which illustrate the expansion of Montreal. In the ten years just past the city of Montreal has expended the sum of \$9,061,509 in civic improvements. The different items are: Street opening and widening, \$4,129,879; road pavements, \$1,789,663; permanent sidewalks, \$335,919; main sewers, \$382,040; lateral sewers, \$872,326; bridges and subways, \$195,000; parks, \$27,449; flood protection, \$310,232; harbor improvements, \$1,000,000.

THE ANNUAL MEETING HELD LAST EVENING.

The regular annual meeting of the Young Men's Christian Association was held last evening in the lecture room of that institution. The chair was occupied by F. S. Moore, Esq., President. There was a good attendance.

The financial statement and reports from the various committees were received and adopted. There is a balance on the wrong side of the sheet, but it is expected that next year will see the finances in a more satisfactory condition. Fax for the present month will contain a general statement of the year's work, and an estimate of the amount of money that will be required for the incoming year.

Mr. J. S. Raymond, of Yarmouth, N. S., has been engaged as General Secretary, and will enter upon the discharge of his duties on the 1st January. Mr. Raymond comes well recommended.

After the transaction of some routine business, the following officers were elected for the current term: President—R. R. Fitzgerald.

Vice-Presidents—Percy Pope, Judge Hensley, Geo. Bremner, J. D. Seaman, L. E. Prowse, W. C. Turner.

Executive Committee—A. E. Ings, R. Angus, A. C. Duchemin, J. K. Ross, J. P. Hood, Ernest Matheson, Dr. Ayers, S. C. Moore, A. Irwin, J. T. McKeen.

Treasurer—H. J. Condit. Hon Secy—Dr. H. D. Johnson.

A meeting of the Executive Committee will be held in the General Secretary's office this afternoon at half-past four.

The Social Last Evening.

A VERY ENJOYABLE DANCE IN THE NEW MASONIC TEMPLE.

About one hundred and fifty ladies and gentlemen attended the Social in Masonic Temple last evening, and enjoyed themselves thoroughly. The Temple was prettily decorated, and excellent music for dancing was furnished by the Citizens' Band under the leadership of Mr. Robert Galbraith. Refreshments were provided by the ladies in charge. The order of dances was as follows:

- Lancers. Waltz. Mazourka. Militaire. Lancers. Waltz. Militaire. Folk. Lancers.

Dancing began about half past eight, and was kept up until after one o'clock. The chaperones were Mrs. J. J. Davies, Mrs. W. D. McKay and Mrs. C. V. McGregor.

New English goods just received at James Paton & Co's, new black dress goods, new ribbons and new silks.

City Council.

THE BUSINESS TRANSACTED AT LAST NIGHT'S MEETING.

The regular monthly meeting of the City Council was held last evening. There was a full attendance of members.

A letter was read from Dr. Richard Johnson in reference to the collection of mortuary statistics. The Finance Committee was instructed to settle the amount of Dr. Johnson's bill for the past year's work, and a special committee was appointed to arrange for the collection of these statistics during the incoming year. Councillors Hughes, Hogan and Beer are members of said committee.

Albert Allen was given permission to post bills in the city.

A letter from Capt. Ronald McMillan asking permission to use the grounds between his premises at the foot of Prince Street and the Ferry wharf for the erection of a vessel during the winter months, was referred to the Public Property Committee.

The written opinion of the Recorder to the effect that the city had power to regulate by license the hawking of meat and vegetables about the streets, was then read.

Councillor Crabbe moved that a by-law be drafted providing that a license or toll be paid by all persons peddling meat throughout the city. He did not think it would be right to tax the vendors of vegetables. The motion carried.

Mayor Haviland brought before the Council the fact that the steamer Stanley was now being berthed at the Railway wharf, and if this was continued during the time that the ice was forming the winter highway between Charlottetown and Southport would be rendered unsafe. He thought the board should enter a vigorous protest.

Councillor Beer moved that a committee of three be appointed to draw up a memorial to the Minister of Marine explaining matters and asking that the berth of the steamer be changed when the ice begins to form. The motion carried. Councillors Beer, Hogan and McKay were appointed members of said committee.

A letter from J. H. Reddin, barrister-at-law, threatening an action against the city if a claim of Conolly & Co. for \$1000 damages for delay caused by the city last summer in the removal of a house owned by them was not settled within one week, was laid on the table. The letter is dated Nov. 21.

Another lawyer's letter from Peters & Peters in reference to the Needham case, was also ordered to lie on the table.

Councillor Hughes brought up the matter of expenses in connection with poll tax and personal property executions, and thought the extra 71 cents which now had to be paid was too much. As a rule, the people for whom these executions were issued were very poor and found it hard enough to raise the amount of the tax without having to pay the 71c extra. He moved the following resolution, which was seconded by Councillor Hooper:

Resolved, that in future the fees on executions for poll tax and personal property do not exceed 25 cents for each execution and that said documents be served by the police officers free of charge.

The resolution was not pressed upon its being represented that the fees in such cases were fixed by statute and the Council had no power to change them. Councillor Hughes said he would call at the City Court and see what could be done.

Councillor Beer, Chairman of the Market Committee, reported that the daily market had so far proved a failure. The lights had not yet been put in, and he would like to hear from the other members of the Board before putting them in.

Councillor Hogan moved that the market days be Tuesdays and Fridays, as formerly.

A discussion followed, as a result of which it was decided to leave things as they are until the end of the year, and Councillor Hogan was given leave to withdraw his motion.

Councillor Beer asked that Government Pond be flooded, and the City Surveyor promised to see that the water was let in to-day.

After some discussion in reference to the matter of bread and meat inspection and market tolls, the meeting adjourned sine die.

LETTERS TO THE EDITOR

The Doctors and the Druggists.

THE TRUTH OF THE MATTER.

SIR,—As there seems to be considerable misunderstanding upon the part of some people as to the present position of Charlottetown druggists in their relations to the medical profession and the public, it is only right and fair to state that the public will not find any change in the treatment they receive from the druggists of this city.

At a meeting held by the druggists to consider the circular sent to each of them by the doctors, a resolution was adopted which declared that the request to desist from "selecting medicines" could not be entertained for several reasons.

As a result of this meeting the medical men invited the druggists to a friendly conference, at which the physicians explained that they had not intended to ask the druggists to desist from "selecting medicines" as understood by the public, the press and the druggists themselves.

The public can have their prescriptions and private receipts compounded as hitherto at any of the druggists in the city, nor will the druggists invariably send their customers needing medicines to the doctor for a prescription. This they will undoubtedly do when there is need of a physician or a surgeon's skill; but it is all nonsense to say that the druggists cannot now recommend or select patent medicines and ordinary remedies, for there is no such new contract or obligation whatever between the druggists and physicians, as some people have undoubtedly been led to believe.

LAWRENCE W. WATSON.

Education Only.

SIR,—The services held Sunday in the Methodist Brick Church were most interesting and in aid of the Mount Allison Institution. I could not help thinking of the change a few years have wrought, and that secular matters can now be discussed from the pulpit. But I was not prepared to hear the astounding assertion of Professor Andrews. "What," said he, "distinguishes us from savages?" "Education and education only." Surely Professor Andrews' statement is at variance with the teaching of this church, which has ever stood foremost in the orthodox rank. The command of the master is, "Go ye and preach the Gospel," not "go and educate them." In this advanced view of Professor Andrews he will have many sympathizers, while the sincere believers in primitive Christianity will condemn the utterance. Yours, WESLEY. Dec. 12, 1892.

FATAL THAT IS A TRAGIC WORD.

There is a good deal of rain in Canada. The property of rain is to wet. It is vexatious. It is dangerous. Sometimes it is fatal.

In the city there is the friendly door or archway. In the country there are only the sky and fields. The rain has too much room. That is the trouble.

You have had your heart set on that pretty Miss Sweetbrier in the village. The other fellow gets the first prompt word in, and you are lost.

There is a concert in the Town Hall. You promised to take Miss Mossrose. The rain falls in torrents.

AND YOU HAVE NOT GOT A MELLISA.

"Ah," says Miss Mossrose sweetly to your rival, "we have both got our Mellissas, and so can defy both wind and rain."

And here is a profound moral—the man who misses opportunity is forever lost. We must have the heart and hand to dare at the right moment.

AND MELISSA FOR THE COLD AND RAIN.

And that is about the whole of life. A handsome Tweed overcoat with plenty of warmth. A perfect rain-proof garment, which can defy all the waters of Niagara, and yet as porous as ordinary cloth. That is Mellissa.

Mellissa, after the misery of the rubber coat, is a joy. The note it strikes is comfort. Solid, unmitigated, abiding comfort. Be sure you get the real "Mellissa." All genuine porous rain proof cloths are stamped in wax with the Mellissa trade-mark seal, and Mellissa garments have the trade-mark label attached. None other genuine.
