The B.I.S. Shamrocks are the new champs came up with a pair of markers in the first extra inning. Bull Duns and E. Himes who both had received walks to open the inning later crossed the plate to give the winners their margin of victory.

The second game then got underway with Joe Tisdale of the Shamrocks opposing Mike O'Brien of the Mariners.

Tisdale gave up seven hits while walking two batters and striking out none. O'Brien was almost as good as he was coached for eight hits, struck out one and walked one.

John Whalen was the big gun for the winners with a home run and a single in three trips to the plate. George Bradley and Charlie Wetherbe also picked up two safeties in three tries for the winners.

Mike O'Brien led the Mariners.

at last with two singles in four appearances.

The game was close and exciting with the way both pitchers turned in great performances. It was scoreless until the third when the winners picked up their first two markers.

After the first batter was retired, Wetherbe and Bradley hit back to back singles and after Gene Bradley got out, Les-

ter Taylor drove in both runs with a booming double.

The Mariners fought back and picked up a single tally in the last of this inning to make it a 2-1 ball game.

MacIntyre singled to open the inning, and after Jim Duffy was given a free pass to first, Mike O'Brien's single chased the run across the plate.

They added another insurance run in the next inning with George Bradley scoring.

The Mariners made one more good try at getting back in the game in the last of the fifth but Tisdale held them to one marker. Singles by O'Brien and Wilf Stephens accounted for the run, but the door was shut during the rest of the way as the Main Branch Mariners only failed to garner one more hit the rest of the way.

# Angels Win After Riot Stops Game

It took a riot and a blood-spattered field to do it, but the Guardian Angels have made it into the Commercial League finals.

The Angels who were down two games to none at one point in the best of five semi-final with the Firemen were awarded last night's crucial contest after a wild riot erupted on the playing field.

The score was tied 2-2 in the fifth inning when Jimmy Flanagan, the Firemen's shortstop, bunted the ball down the first base line. Gordon Fairgrieve, who was pitching for the Angels held the ball and attempted to toss to first for the back with the ball. Ward called Flanagan out under Rule 44, section 8. Flanagan didn't like the call and promptly walked toward Ward, lifted his mask and socked him in the jaw with a right cross.

Ward fell bleeding to the ground as both teams converged on the spot and numerous other fights threatened to break out. Peace finally was restored but the Firemen refused to continue the game. Ward then awarded the game, and the series to the Angels.

The rule in question states, "If in running the last half of the distance from home base to first base while the ball is being thrown to first base, or in attempting to field a batted ball, the umpire's judgment interferes with the pitcher taking the ball and attempting to throw to first base, or in attempting to field a batted ball, the runner is out."

The final series between the Kingfishers and the Angels will get underway on Tuesday evening, Monday being a holiday. There will be no game played. This series will be a best of seven affair.

**Big Series Underway**

The big series is on.

San Francisco Giants, the defending National League champions, are at Dodger Stadium for a four-game set with Walter Alton's league-leading Dodgers. When you read this, one of the games will be history but action starting last night at midday local time, we had no chance to get a result before this column went to bed.

GIANTS opened this four-game stand trailing Los Angeles by five and one-half games. A split would leave the teams evenly where they were before the feud started. That isn't good enough for the Giants. Undoubtedly Dodgers would settle for that right now. As long as they can hold what they've got, they're all right. They have a respectable lead at the moment and they'd like to retain it.

If, however, the Giants should get hot and sweep the entire series, the pennant race would be in a real turmoil. Nobody knows this better than Walter Alton and his Dodgers and he has his best ready to throw at the second place club. The Dodgers can lose the four games and come out of it as the leaders of the league. The thing would be to close that Dodgers and their followers couldn't sleep at night. They would be having nightmares of last year's split and start figuring the same was occurring again this season.

**That Law Of Averages**

GIANTS are coming in to play a club that has been woeful in the last ten days.

The law of averages is with the Dodgers to break out of their slump and start getting their pitchers some runs on which to work. Koufax and Drysdale especially, hardly know how to lose. The Dodgers are sure to get some runs when they come to the slab.

However, all that could be rectified in this series. There's more pressure on the Giants than on the Dodgers because those Dodgers have lost six games less than the defending champions. The Dodgers will try to win them all but if they can get a split in the four games, you won't hear too much grumbling around Los Angeles.

The tussles should kick for this series.

**Ralph Silliphant Passes**

ONE of the great athletic stars of yesterday, Ralph Silliphant, died unexpectedly in Summerside Wednesday morning.

This was the same Ralph Silliphant who was another of our outstanding game on defence for the Crystals when they were a real going concern in the 1950's. He was a terrific competitor, asked no favors and did them all but if they can get a split in the four games, you won't hear too much grumbling around Los Angeles.

The tussles should kick for this series.

**More Big Names**

THINGS are surely pointing to the greatest track and field meet ever staged on this Island.

This Maritimes meet is attracting the greatest names in local history and today promoter Dave Boswell phones to tell us of a few more such notables. Halifax will be represented by nine athletes, headed by Mike Boutler, Owen Ellis and Dave Lucas. Boutler is outstanding in the 100 and 220 and in the breast jump. Miss Ellis is co-holder of the Canadian record for the women's 60 yard and Lucas is the Maritimes champion so far as broad jumping is concerned. His mark is 28 ft. 1 in. He will also compete in the 100 and 200 yard sprints.

Sandy Patterson, the veteran who likes to participate in the throwing events, planned Dave from Washington Thursday morning to take part in the meet. He would be landing a prize in his own private place and he will likely be landing sometime this evening.

The big show starts Saturday morning at 10 o'clock and continues until evening.
