Gander Seeks New Industries

GANDER, Nfld. (CP) — The Gander branch of the Canadian Air Services Association will ask the federal government for subsidies to establish new industries in the town and conduct an inquiry into the landing of commercial aircraft at military bases.

The Canadian Air Services Association is an affiliate of the Civil Service Federation of Canada. In a statement the branch said the requests will be made at a two-day conference of the association in North Bay, Ont., starting today.

The statement said the transport department's planned reductions in operations here will cause severe employment problems.

Meat Inspection Said Inadequate

KENTVILLE, N.S. (CP) — The Nova Scotia Veterinary Medical Association has protested the lack of adequate meat inspection in slaughterhouses outside Halifax and Dartmouth.

At a weekend meeting the association passed a resolution saying it could not endorse any meat inspection program with lower standards than those set by the federal agriculture department.

The resolution said it was just as important for all residents of the province to be sure of receiving wholesome meat. Under existing laws meat inspection is compulsory only in Halifax and Dartmouth.

A committee was appointed to study conditions in small uninspected slaughterhouses.

SKY VIEW

A Japanese manufacturer has built a "pocket planetarium" in a 23-foot diameter dome, costing $7,000.
