SIFTON'S ATLAS

MADE IN CHICAGO.

Ridiculous Errors in the Latest Publication.

OTTAWA, ONTARIO'S CAPITAL.

U. S. Boundary Claims Shown—250 "Chief Cities" in the North-West Territories.

OTTAWA, Ont., Feb. 20.—The Department of the Interior is engaged in sending out the first consignment of the new descriptive atlas of Western Canada. An addition of 200,000 is to be printed, before going to the expense of issuing such a large number, Mr. Sifton would do well to stop the press and revise his maps. The idea of issuing an atlas of this kind is a good one, but with competent officers in the department and reliable data at hand, there is no reason why an inaccurate publication should be given to the world bearing the inscription, "Issued by authority of Hon. Clifford Sifton, Minister of the Interior." An examination of the maps reveals the fact that they are "made in Chicago." In this respect Mr. Sifton has but followed the example of the Minister of Finance and the Postmaster-General, the first of whom gets his Dominion bills done by Americans, and the latter his postage stamps.

U. S. BOUNDARY CLAIMS SHOWN.

Canadian engravers, lithographers, and printers will appreciate the compliment which the Government is paying them. The worst feature of the atlas consists in the fact that the maps show American claims in the dispute over the Canadian-Alaska boundary. Evidently the error has been pointed out to the department, as upon the last page of the cover appears this notice:—"The question of the boundary between Canada and Alaska is undecided. The boundary lines shown on maps are as claimed by the United States." But what an admission this is. One would naturally have thought that it would have been more patriotic to have presented the Canadian aspect of the dispute.

In other respects the maps are very defective. The boundaries of the new districts in the North-West, viz., Ungava, Franklin, Mackenzie, and Yukon, which were created in October, 1895, are very inaccurate, which Newfoundland is given a large slice of Canadian territory in Labrador.

As regards the letter-press, the miscellaneous information shows very careless preparation. Under the heading "Canadian Cities," there are references to Montreal, Toronto, Quebec, Halifax, Winnipeg, Vancouver, and Victoria, but Ottawa, Sir Wilfrid Laurier's "Washington of the north," is omitted altogether so also are Hamilton, London, Kingston, St. John, Fredericton, Charlottetown, Regina, etc. In one place the population of Winnipeg is stated to be 32,000, and in another place 35,000.

On the margin of one map the interesting statement is made that Ottawa is the capital of Ontario. On the margin of the map of the North West Territories about 250 places are mentioned as "chief cities," among them being such well known cities as Bull's Head, Chin, Clover Bar, Bienfit, Goose Lake, Dongola, Gull Lake, Pincher Creek, etc. Manitoba is credited with 122 "Chief cities."

HASZARD & MOORE

Faithfulness Appreciated.

One of those pleasant happenings which help to unite the sympathies of pastor and people occurred at Mount Herbert Church, Lot 48, on a recent evening, when the following address, which is self-explanatory, and a purse containing \$12.00, was presented to Miss Lottie Jones, by the pastor, Rev. Wm. J. Howard, on behalf of self and congregation, to which Miss Jones suitably replied expressing her surprise and gratitude:

We might add that to Mr. Wood belongs the honor of bringing about this pleasant incident.

DEAR MISS JONES: We, the members of this congregation, together with the Pastor, have thought it fitting to show you in some way our appreciation of your valuable services as organist, and the interest you have shown in the work of the church and our faithfulness in attendance to your duty, even at the sacrifice of pleasure, has not been unnoticed or unappreciated. You have been kind and zealous in your endeavors to make the church services interesting, thus being a great help to your pastor, and he and the congregation have had occasion for great thankfulness that you and your choir have worked harmoniously with the church giving them no occasion for uneasiness or trouble as is too often the case with choirs.

We pray you to accept this slight token of esteem, not for its intrinsic value but for the spirit which prompted it. We trust that you may be long spared to work for Christ in your present capacity, and that when done singing and playing on instruments here you may be permitted, through the merits of the Redeemer to play upon a harp of gold and to sing forever the song of Moses and the Lamb.

ESTEMED EXCHANGES.

Mail and Empire: There is one good thing about the Washington negotiations. Our Commissioners have had a splendid time.

Montreal Gazette: The situation at Washington, judging by the despatches, is that the things the United States are to receive in connection with the Joint High Commission have been arranged. There is no trouble, however, about what the United States is to give. And the Laurier party thinks its political fate depends on its representatives getting something. The situation is ominous.

DEAR SIR,—I was for seven years a sufferer from Bronchitis, trouble, and would be so hoarse at times that I could scarcely speak above a whisper. I got no relief from anything till I tried your MINARD'S HONEY BALSAM. Two bottles gave relief and six bottles made a complete cure. I would heartily recommend it to any one suffering from throat or lung trouble.

So much depends upon the purity of the blood that by taking Hood's Sarsaparilla many different diseases are cured.

NEWS NOTES

The Barnum and Bailey show is to stay in England. Old Phineas T. the founder of the moral aggregation, made his fortune by working on the principle that the people like to be fooled. He would be in the deepest kind of heaven if he was alive and in England today. Over there they have elevated his old circus to the level of an institution, and the papers discuss its movements and attractions as solemnly as if they involved public issues.

The anniversary of the blowing up of the battleship Maine was marked at Philadelphia with the beginning of work on the powerful man-of-war which will bear the name of the historic battleship. The new Maine will be built by the Cramp Ship-building Company.

The Patrie Francaise, the league organized by anti-Dreyfusites, is sending membership cards to officers in the army with a space left blank, which the officers are urged to fill with remarks. Complete secrecy is promised in the matter. This move of the league is believed to be a device of the Bonapartists to learn in what officers they can place reliance in attempting a coup d'etat.

A Generous Offer

We are authorized to offer our readers, prepaid, a free sample of a never-failing cure for catarrh, bronchitis, irritable throat, influenza, and such throat and nasal diseases.
