New York: Market irregularly higher; selected issues strong.

Montreal: Market lower; slow trading.

NEW YORK

NEW YORK (AP)—Selective strength gave the stock market an uneven but fairly good gain Monday in slow Remembrance Day trading.

The rails pushed ahead solidly, apparently helped by the report that the United States had finally reached a basic agreement with Russia on the wheat sales, which would bring the carriers a windfall in revenue carloadings.

A number of the "science" issues as well as office equipments and photographic stocks were bought heavily and made some wide gains.

Tobaccos yielded ground. Oils were soft, reacting to a report that a high-level Washington effort to head off a decision to annul American oil contracts in Argentina had collapsed.

Reports of good demand for steel were accompanied by another rise in weekly steel production. Retail sales and U.S. exports were reported rising.

The Dow Jones industrial average advanced 2.96 to 753.77.

Volume dropped to 3,980,000 shares from 4,560,000 Friday and was the lowest since Oct. 2 when 3,780,000 shares changed hands.

AVERAGE UP

The Associated Press average of 60 stocks rose 1.4 to 281.8.

Radio Corp. was heavily traded and up 3 at 94¼.

High Voltage Engineering, which reported expansion plans, gained 3¼. Perkin-Elmer, written up at length in an investment advisory letter, rose 4 to 52¼.

Aside from Chrysler, the auto group performed spottily. General Motors and Studebaker took fractional losses.

Among Canadian issues traded, International Nickel advanced 1½ while Walker Gooderham was up ½ and Hudson Bay Mining and Aluminium Ltd. ¼ apiece. Distillers Seagrams and Dome Mines dropped ½ apiece.

Prices on the American Exchange had an irregular downward edge. Canadian Javelin rose ⅝ and Molybdenite 1-16. Jupiter Corp. and Scurry Rainbow Oil each lost ¼.

FALSE TEETH
That Loosen
Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor breath". Get FASTEETH at drug counters everywhere.

SALES SPIRAL

Sale of deep-frozen foods in Norway has increased 100 per cent in the last five years to 4,500 tons annually.

Jolly Jumper Sales Zoom

TORONTO (CP)—The Jolly Jumper, an invention that takes a baby off his back and puts him on his feet, is jumping in more than one direction.

Sales are soaring, says Pat Ryan of Toronto, president of Jolly Jumper Limited and Jolly Jumper Products Incorporated, which respectively control distribution rights in Canada, except British Columbia, and the United States.

"Our sales have never stopped going up," he said Saturday. This year they increased 64 per cent following a 67-per cent rise last year and a jump of 66 per cent the year before.

Main reason for the popularity of the Jolly Jumper—a piece of equipment that puts a baby in a saddle with his feet touching the floor and permits him to bounce it safely up and down —is that it takes a baby out of his crib and permits him to start exercising leg and arms muscles at the early age of four months, Mr. Ryan said.

He said a recent comment by retired Supreme Court Justice J. M. Coady in Vancouver that the financial returns of the product's originators, Poole Manufacturing Company, were disappointing, did not apply outside British Columbia.

Mr. Justice Coady had rejected the company's bid for termination of its distribution contract with International Pediatric Products of North Vancouver.

Let's suppose that you want a relatively inexpensive car. You want it in a family-size, with plenty of room and comfort. You want it to look good, operate economically, perform well, keep its value. The 1964 Series 550 Classic equipped with Rambler's famous-for-dependability 6-cylinder engine, is the perfect answer.

If, on the other hand you're thinking about luxurious interiors and leave-'em-behind performance . . . if you want such optional extras as reclining bucket seats with a center console or Rambler's new power-lift side window controls . . . then the '64 Series 770 Classic with the new 198 hp V8 is the car for you.

Many people, of course, will want a little of both; a combination of luxury and economy. With both a 6-cylinder engine and the powerful new V8, with a wide range of models and options, the 1964 Rambler Classic can become exactly the car you have in mind.

And no matter which 1964 Classic you choose, you get all of these famous Rambler features: the world's most complete rust-proofing, guaranteed Ceramic-Armoured muffler system, guaranteed battery and coolant, battery-saving alternator, 3-year or 33,000-mile lubrication, 2-year or 24,000-mile warranty on the entire car, self-adjusting Double-Safety brakes, and reclining seats.
