

LADY'S SLIPPER DRIVE OPENED

The 125-mile Lady's Slipper Drive around the western tip of the Island was re-opened Wednesday afternoon with a short ceremony at Miscouche. Here, Highways Minister Philip Matheson puts the finish-

ing touches on a sign marking the route of the drive as some of the school children and visiting dignitaries look on. Among those present at the ceremony were: Minister of Education George Dewar; Labor Minister Henry Wedge;

Robert Grindlay, M.L.A.; Keith Harrington, M.L.A.; W.O. Daniels of RCAF Station Summerside who named the drive, and Miscouche village commissioners Alford Gaudet, Maurice Gaudet, and Philip LeClair.

Pool Effort Planned For Election Returns

NEW YORK (AP)—Election returns in the November U.S. presidential, senatorial and gubernatorial races will be pooled by the three major radio-television networks and The Asso-

ciated Press, it has been announced. United Press International also was reported giving consideration to participation in the program.

A formal statement, issued after a meeting of officials of the organizations, said that the pool organization will be called Network Election Service and will be utilized in 50 states and the District of Columbia.

It will employ more than 100,000 reporters to cover returns at the precinct or county level, the statement said.

The Associated Press will participate as a non-voting member of Network Election Service.

This announcement said: "Returns will be reported simultaneously to each of the

three individual networks, which will post such returns on a state-by-state basis in their respective studios on election night. In addition, state-wide totals in the presidential election will be relayed to a single tabulating centre in New York, which will maintain the running national tabulation on presidential returns. The tabulating centre will then transmit its national totals to each network, so that the same national figure will be available to each network simultaneously.

Elmer Lower, president of ABC News; Fred W. Friendly, president of CBS News; William R. McAndrew, executive vice-president in charge of NBC News; and Wes Gallagher, general manager of The Associated Press, commenting on the step taken said jointly:

"The creation of Network Election Service, is, we believe, a great step forward in the gathering and dissemination of news. The American voter and the public at large will be the beneficiaries of faster, and most accurate returns. At the same time, Network Election Service will do much to eliminate the confusion created by several different vote counts, based on reports from different precincts. We expect Network Election Service to become the authoritative source of returns in all future elections."

Gallagher, in a separate statement, said: "We hope that this pool participation will be the first step toward creating a national election bureau which would collect vote returns at all state levels for all members of the press, newspapers, radio and television. In this way we could not only render a better service to our members and the public but also in the long run effect economies."

The Eiffel Tower, which cost about \$1,500,000, stood for itself in less than two years and hasn't been in the red since.

Why Feel Weak, Run-down, Tired, Nervous or Old?

Many older, wise, delicate men may regain their old-time energy and younger feeling with Drix. Take it easy, tired, nervous, low in energy, try Drix today! Drix is a powerful, energetic feeling, 8-day "get-acquainted" size costs little. At all drug stores.
