Sentner, McLeod & Co

NOVA SCOTIA'S COMPLIMENTS.

Joint telegrams were sent by the Legislature of Nova Scotia as follows:

TO THE QUEEN.

HALIFAX, March 1.

Her Majesty the Queen, Windsor Castle:

Your Most Gracious Majesty,—On behalf of the Legislature and people of Nova Scotia, we desire to convey to your Majesty, warmest congratulations on the brilliant successes of your arms in South Africa, and joy on the relief of Ladysmith.

ROBERT BOAK, President of Legislative Council.

F. A. LAURENCE, Speaker of House of Assembly.

TO COLONEL OTTER.

HALIFAX, March 1.

Col. Otter, care Sir Alfred Milner, Cape Town,—On behalf of the Legislature and people of Nova Scotia, we convey to you and the brave sons of Canada under your command our admiration for distinguished gallantry displayed reflecting as it does high honor upon their country. Canada is proud of the achievement of her sons, while she deeply mourns the brave who have fallen.

ROBERT BOAK, President of Legislative Council.

F. A. LAURENCE, Speaker of House of Assembly.

NOTES AND COMMENTS.

—The liberals are losing confidence in Sir Louis Davies, as well as our other ministers under Tarte and Laurier.—The Montreal Witness.

—The St. John Telegraph is authority for the statement that Hon. J. Israel Tarte "himself" gave orders that "the flag" should be hoisted over all public buildings on account of the relief of Ladysmith. This may be true, and the order may have been necessary in Quebec, but so far as this province is concerned, no order from Tarte was required, and we have not heard that one was received. The flags would fly and the bells would ring whether he gave the order or not, and the chances are that the flags were flying and the bells ringing on Thursday before Mr. Tarte was out of bed.

MR. BRACE'S DISMISSAL.

Sir,—I notice by a recent issue of your valuable paper that Mr. R. K. Brace has been dismissed—summarily dismissed—from the position of Inspector of Gas for the City of Charlottetown. This action of the Dominion Government is beyond comprehension. There was no charge brought against Mr. Brace. On the contrary, those in a position to know say that he was a popular and painstaking official. Then why was he dismissed? Was it simply because he is a leading spirit among those whom that distinguished Canadian statesman, Joseph Israel Tarte, is pleased to term "orangeists"?

BOYNE.

Local and Other Items.

SMALLPOX.—Smallpox has broken out near Windsor Ont.

CHEESE FACTORY.—A movement is on foot for the establishment of a cheese factory at Napan, Northumberland Co., N. B. I.

TONIGHT.—Don't miss the races tonight. This will be the best night's sport ever held in the rink. The two skaters will start together, one on each side of the rink.

A CHANGE WANTED.—Fire underwriters of Toronto have decided to petition the government to abolish trials by jury in events arising out of disputed insurance claims.

PRICE OF HOGS.—In Toronto according to the Mail and Empire, the top price of prime hogs (from 160 to 200 pounds) is 5 3/8c. Light and fat hogs are bringing 4 1/2c a pound.

WON'T DO IT AGAIN.—Frank O'Rourke of Boston, made a wager on Sunday evening week that he could drink a quart of whiskey in two minutes, and won easily with twenty seconds to spare. Three days later his funeral took place.

MISS GOULD'S CHAIN LETTER.—Miss Gould says that about \$3,500 has been received so far in response to her chain letter, in aid of the African soldiers. Of this amount \$850 has been expended, \$550 has been given to the patriotic fund at Ottawa, \$250 to Dr. Ryerson for the Red Cross Society and \$100 for bandages, etc., to the Strathcona Horse.

SALARIES OF TEACHERS.—A bill has passed the New York Assembly in the interest of school teachers. It provides that the minimum salary of female teachers shall be \$644 a year with a yearly increase of \$44 for fifteen years. For men the bill fixes the minimum salary at \$900 with a yearly increase of \$110 for fifteen years. By this arrangement the maximum salary for female teachers at the end of fifteen years would be \$1,304 and the maximum salary for male teachers \$2,550 annually.

SURPRISE FOR THE RECTOR.—The congregation of St. Mary's church, A. S. P. C. assembled at the rectory on February 27th and gave Rev. I. G. Foster, the vicar of the church, and his lady a surprise party. Over seventy assembled, and when they left there was more than good speeches and singing. After enjoying a pleasant evening with the vicar and his lady, all expressed the intention of soon repeating the party.—Halifax Herald.

WILL BE BURIED THERE.—The Toronto World says: The parents of one of the Canadians killed in South Africa asked the World yesterday if there was any likelihood of the remains being sent back to Canada. As far as the World can gather there is no such likelihood, as it is not the practice of the British authorities to do this. On the contrary, it is almost the invariable practice to bury the slain on the battle field or in a neighboring churchyard, if there be any, and this applies to generals as well as to privates. The United States, however, have started the practice of bringing home those who are killed in action or die in service, and only the other day a coffin factory in the west received an order from Washington to ship 500 caskets to Manila.

SOCIAL AT MONTROSE.—A number of the members of the Montrose Methodist church and their friends met at the residence of J. T. Muttart, Esq., on Friday, February 23rd, for the purpose of holding a social in aid of the funds of the church. Owing, however, to the evening proving exceedingly dark and the clouds threatening to renew the rain storm of the afternoon, the number present was not as large as the committee hoped for. After spending a very pleasant evening it was determined to adjourn until Monday, February 26th, when a much larger number responded to the call. The Pastor, Rev. John Goldsmith, Alberton, opened the evening prayer and in a few appropriate remarks welcomed all who were present. Recitations were given by Misses Stella Bowness, Alicia Weeks, Jennie Bowness, Mary Weeks, Clara Bowness, Jannie Muttart, Ruby Weeks and Master George Muttart. A humorous reading was given by Mr. J. B. Champion. Selections were given by the choir accompanied by Miss Goldsmith. Refreshments were served by the ladies. The proceeds of both evenings amounted to \$18.

PERSONAL.

Mr. Elwin Allen, of Boughton Island, writes to inform THE EXAMINER that a correspondent's report that had killed a seal on Sunday is incorrect.

BORN.

In St. John, N. B., on Tuesday Feb. 27th, to the wife of E. C. Tench, of Charlottetown, a daughter.

DIED.

At West Royalty, on March 1st, James Morris, youngest and only son of Daniel and Georgina Morris, aged 3 years and 11 months.

At York Point, North River, on Saturday, March 3rd, after a protracted illness, Lois E. White, youngest daughter of the late Clement White, in the 33rd year of her age.

ALBERTON NOTES.

Mr. A. E. Arsenault gave his illustrated lecture on South Africa here last week. Mr. Filding presided in his usual efficient manner. Professor Doull operated the stereopticon, and after the usual views were put through delighted the audience with its first taste of the bog-ash. The Professor is a genius. Mr. Arsenault's lecture was much appreciated, especially coming on the evening of the arrival of the news of Cronje's unconditional surrender. Station agent Montgomery read the day's telegrams graphically and was applauded to the echo. Mr. Arsenault's lecture is, as you know, well written and pleasantly delivered. A hearty vote of thanks was proposed by Mr. B. Rogers, seconded by Rev. Father Burke, supported by Mr. D. Montgomery, and enthusiastically tendered Mr. Arsenault and Professor Doull acknowledged the courtesy in fitting terms, the former adding some further information about the Dark Continent. God Save the Queen was twice sung, when the Queen's picture was projected on the screen and at the close.

The mud-hauling in this direction is something wonderful. Everybody is as anxious to get at it this winter as many were to sift dirt in the Klondyke. And there is more gold in this.

The roads are superb. The late snow storm was severe; rain followed, and Monday night we had 14 degrees below zero of frost, so we can either drive or skate over the country like a bird. The old fellows in the sere and yellow leaf, trying to spruce up on account of matrimonial pretensions, satisfied recently or to satisfy in short, are having a hard time of it. It would never do, of course, to wear God's patent creepers.

Mr. A. C. McDonald has found out at Ottawa that the dodging about of spar and other lights here last year has cost the country a sweet \$1,000 for nothing—worse than nothing, for now things are worse than ever before. The hauling of the main light across the channel—couple of hundred yards—cost over \$600. Some patriot has had his solace.

The smelt season is closed for nets. If it is anything like the lobster season of late years the regulation is only a farce of the first water. Grit inspectors have little conscience.

There is a feeling of alarm about the army worm appearing here. It is to be hoped the recent heavy frost will finish it. Professor Fletcher says that Paris Green in land plaster or other dry matter sifted over the fields will kill it; or the Green mixed with a solution of one pound of soap to 100 gallons of water and sprayed on with a spraying pump will do the work. This will be a difficult task. How have right jumps. Where are those 47 Kansas hats with him last year? The Government might send us some of Dodd & Rogers' special government importation of Paris Green and its pump. The corporation would supply the man.

Mr. J. P. Brennan has moved into the large and commodious house of J. R. Larkins, and is getting nicely fixed up again after his late clean sweep by fire. The whole community has been most sympathetic in his regard.

Like all the other small towns of the county, there is a dearth of flags here. Three or four is all that can be raised. Across the border the householder who hasn't a flag is the exception; here he is the rule. This should be changed. We should see the flag generally flown on regular and special occasions. The school at least should have its flag as soon as its map. The one will teach as important and necessary a lesson as the other. Let the trustees take the hint here.

There is not much ice in the gulf. A steamer might have plied all winter here. But, of course, while there's wigs on the green at all times about Charlottetown, Summerside, Georgeown, and even Souris, Cascumpec Harbor has no advocate anywhere.

We have had a very heavy dose of entertainments, lectures, socials and meetings this year. Now that Lent has commenced it is likely there will be a slackening up. They have enlivened the winter season, if we can call it winter season at all this year, with robins, bluebirds and geese here since February.

PEDAGOGUE.

RAILROAD....

KIDNEY A Disease Peculiar to Railroad Men, which is readily Cured by

Dr. Chase's Kidney-Liver Pills.

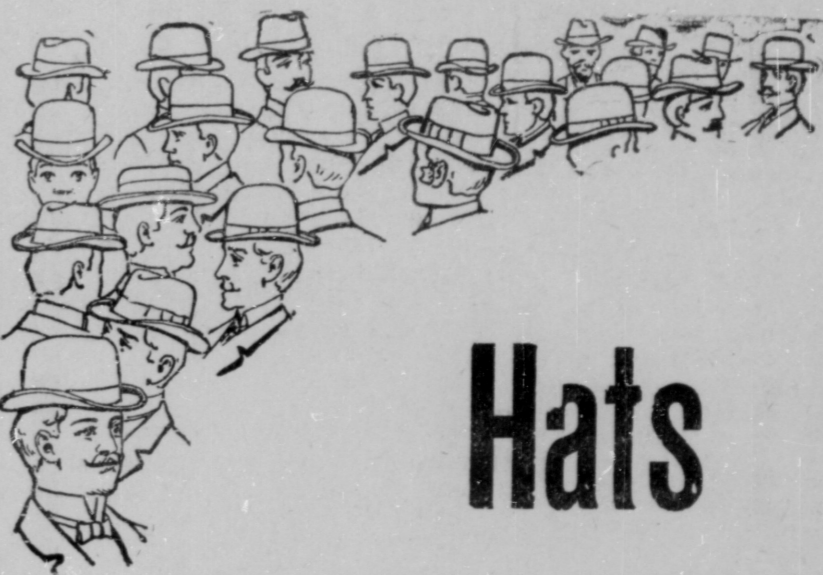

Did it ever occur to you that most railroad men die of kidney disease?

Such is the fact, however, and the disease is known among railroaders as "railroad kidney."

The first and most marked symptom is a weak, lame and aching back. You may think at first that you are only tired; but as this trouble increases day by day, kidney disease, with all its terrors, is fast claiming you as a victim.

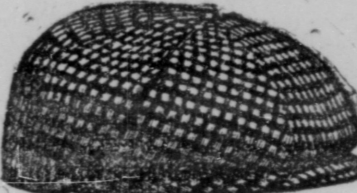

Mr. Geo. Cummings, for over 20 years engineer on the Grand Trunk running between Toronto and Allandale, says: "The constant duty with my work gave me excessive pains in my back, racking my kidneys. I tried several remedies until I was recommended by my fireman, Mr. Dave Conley, to try Dr. Chase's Kidney-Liver Pills. Two boxes have completely cured me and I feel to-day a better man than ever. I recommend them to all my friends."

Dr. Chase's Kidney-Liver Pills, one pill a dose, etc. a box, at all dealers, or Edmondson, Barr & Co., Toronto.

Hats

an embarrassment of riches to choose from, and all of the newest styles, according to the leading fashion authorities of the world. 3600 Christys Celebrated Hats just—received that accounts for it. 500 American Hats are in and more to come; yours for Hats that are Hats.

CAPS CAPS

2400 of the latest English and American Caps now on our shelves, these caps have a distinct appearance of style and beauty, which is without parallel in this city. We are more careful of what we put in stock, than you could possibly be in what you buy; if you buy caps here they are right.

Childrens Suits

1200 boys suits sparkling with newness, style and quality. The leading novelties are to be seen in this lot of boys suits.

Mothers, satisfy your pride in your boys by buying one at once while you have first choice.
