CONCERT ON FRIDAY EVENING.—"But the event of the evening was the appearance here of Mrs. Harrison, a soprano enjoying a high reputation in the Upper Provinces. Prof. Sterne in a neat little speech had previously assured the audience that they would be delighted she being one of the finest singers in Canada, and the result truly warranted the anticipation. Her song was "The meeting," by Ardite. After gliding through the trying intricacies of the composition with perfect ease, and soaring up to the final E, which was given with the clearness of a bell, the pent up admiration of the audience burst forth in a great tumult of applause. She possesses a voice of unusual sweetness and purity of tone, which has been cultivated to a high degree. In articulation and expression she leaves little to be desired. Added to all this, Mrs. Harrison's appearance and manner are very taking."—Amherst Record, Dec., 1890. Mrs. Harrison referred to in the above extract will sing some selections at the Summer School of Science concert on Friday evening next.

CITY COUNCIL MEETING.

THE regular monthly meeting of the City Council was held last evening, Mayor Dawson presiding. His Honor the Recorder and all the Counciallors were present.

Councillor Taylor, from the committee appointed to report concerning the proposed improvements to the breastwork at the foot of Richmond Street west, said they had decided to leave the matter over till next month.

On motion of Councillor Hooper, it was decided to pay the bill of Charles McGregor for services in connection with the work on Queen's Wharf. This bill was referred to the Finance Committee at a previous meeting, and last evening they referred it back to the whole Council, with the result above stated.

Councillor Haszard reported that the Finance Committee did not feel like taking the responsibility of paving the bill of McLeod & Morson, referred to them at a previous meeting, and left it to the Council to take such action as they deemed proper. No action taken.

Councillor Hooper reported regarding the tenders received for painting the Market House, and recommended that the tender of Howatt & Prowse, being the lowest, be accepted. The report was adopted.

Councillor Hooper also reported regarding the tenders received for white washing and tinting the City Building, recommending that the tender of D. Howlett be accepted, it being the lowest. Report adopted.

Councillor Fennel reported that the tenders received for the sanitary arrangements to the Market House and City Building were of an unsatisfactory character, and recommended that the work be done by the day, under the direction of the Market Committee and the Mayor. Report adopted.

On motion of Councillor Taylor, a donation of $30 was given John McCourt, as he is sick and unable to work. Councillor Haszard dissented as he was opposed to such grants on principle.

Councillor Hughes reported that the Street Committee did not consider the city liable for the injuries sustained by Mrs. Carr, for which she made a claim at last meeting.

Councillor Hughes also reported that the committee had visited Captain McMillan's premises, and recommended that he be allowed to place the track across the city property, as he requested. Report adopted.

Councillor Hughes also reported progress in the matter of the claim of Philip Coyle.

On motion of Councillor Haszard, the matter of a communication from the superintendent of the Electric Light Company regarding a refund for lights out during the big snow storm last January, was not entertained.

Councillor Tanton brought up the matter of the platform on Hillsborough Street, and complained that it had not yet been put down, although it was understood at the last meeting that the Street Committee were going to take action at once. He also referred to several places where the sidewalks were badly in need of attention, and impressed upon the board the necessity of prompt action in the matter.

Councillor Douse said the platform on Hillsborough Street would be put down at once. They had a good ash walk there now.

Councillor Taylor complained that some of the sidewalks in Ward Three were in a bad state, and said the ward was not receiving the attention it should.

Councillor Hughes said that there had been considerable work done in Ward Three, and said the Street Committee were doing the best they could in the general interests of the city. There was no prejudice against any particular ward.

On motion of Councillor Haszard, Thomas Handrahan was appointed a member of the Board of School Trustees.

After some discussion regarding the establishment of a city court, the council adjourned sine die.

ANNUAL TROT AT ORWELL.

The annual trot came off, as announced, on Wednesday, 4th inst., on the Orwell Sea View Trotting Park. The park was in splendid condition, and much credit is due Mr. Richard Woods, who, in his frank and genial manner, made the trot throughout a perfect success, and the immense crowd felt that it was good for them to have been there. Prominent horsemen from all parts of the surrounding country were present. The gates and the grand stand were gaily decorated, and everything passed off in excellent order. Good order prevailed, with the exception of a few boys, who caused some disturbance.

There was a saloon filled with all the delicacies of the season to appease the inner man and cool temperate drinks were in abundance. There was also a dancing booth, where those who are in the habit of tipping the light fantastic toe enjoyed themselves to their heart's content. Other amusements were on the grounds for those who did not enjoy horse trotting. The drivers of the horses conducted themselves in a very gentlemanly manner. We trust that in the near future we shall have the pleasure of visiting the above park.

The judges were Owen Hughes, Montague, starter, and Capt. John A. Nicholson and Samuel Jardine, Orwell; George M. Munroe, timer, and Angus MacKinnon and Charles A. Gillis, secretaries.

Below is a summary of the races.

How Dollars Are Made!

By Stopping the Little Leaks

And losses great fortunes are accumulated. A loss of a few dollars on a suit of clothing may seem a small thing to some men, but it is losses such as these that make many men poor. The man who, instead of dealing with us, goes elsewhere and gets poor, shabby goods and slip-shod, careless work in the making-up of these goods, is likely to look poor and feel poor, too, before many years. Gentlemen, stop these little leaks by dealing only with our firm, and you will then be sure of having clothing that will look well, wear well and fit well.
