AN IRISHMAN'S ECONOMY.—"What are ye after?" "Writing a letter, sure." "And where would you be after sending it to?" "It's not my intention to send it at all. It's not a copper as good in my pocket as in the post office?" "Aye, faith, and ye always were the boy that know how to save pennies. But where is this letter going?" "To Mister O'Tool, Kilkenny, Well, do you see, I'm going to Kilkenny myself, to see Mr. O'Tool, and I thought I'd write this letter and take it along, as I shall save the postage; and you know it takes a power o' contrivance to get along now-a-days, the times is so hard."

New Triumphs of Rogers' Medicines.

Run your eye over them and tell your official neighbour about it. AMHERST, N.S., August 7th, 1866. Messrs. ROGERS & Co. — Gentlemen—Permit me to add my testimony to the great value of your preparation; and any person reading the following account of a cure effected by it upon my son, will not dispute my right to do so. He first fell upon a fork handle in the barn, and hurt his leg a little below the knee; he subsequently took cold, when it began to swell and pain him very much. It soon ulcerated near where it was hurt, and continued to discharge freely, until the calf of the leg seemed to be one mass of corruption. His foot and knee swelled very much, and when we commenced with your medicine, was very much inflamed, and was evidently on the eve of mortification. The pain and suffering he endured, no pen can describe. He grew weaker daily. Nothing that medical skill and faithful attendance could accomplish, was omitted; still he gradually sunk, until there seemed but little hope of saving either his life or limb. As a last effort, the doctors decided to amputate the leg. This was to have been done the next day, but just at this critical point, a kind friend advised me to try your medicine. I concluded to do so; and the leg at once began to improve, and is now well. He goes to school daily. This is, certainly, the most extraordinary cure ever made in this country. No person could duly appreciate the sad and suffering condition he was in, without seeing for themselves; to all human appearance he could not have lived a week; there did not seem to be a ray of hope left. Doubtless there are thousands dying whose lives might be spared, if they had this extraordinary medicine. Hoping that God may prosper you in your work of humanity, I am, Gentlemen, yours affectionately, ALISON COPELAND. We, the undersigned, inhabitants of Amherst and vicinity—some of us having been eye witnesses to the above distressing case, and all being quite familiar with the facts, from common report in this community—have no hesitation in endorsing the above statements of Mr. Copeland. R. McLEAN, High Sheriff. THOS. LOGAN, J. P., late M. P. P. R. B. HURSTIE, Clerk of Peace. J. T. SMITH, Barrister-at-Law. W. F. CUTTEN, J. P. FRED. W. BENT, Barrister-at-Law. T. DENLAP & Co., Merchants. ROBERT KELLOR, Farmer. ALEX. ROBB, Jr., Dealer in Stoves. We have taken the liberty of adding their official and business position to the above names. Some of our agents write us that members of the Medical Faculty are among the largest purchasers of our medicines. We are glad they appreciate their healing qualities, and have used them successfully in treating their patients. ROGERS & CO., Amherst, N. S. January 24, 1867. CHILDREN TEETHING. MRS WINSLOW, Physician, for which grateful mention will all action, and is SURE TO REGULATE THE BOWELS. Depend upon it, mothers, it will give rest to yourselves, and Relief and Health to your Infants. We have put up and sold this article for over thirty years, and can say, in confidence and truth of it, what we have never been able to say of any other medicine—never has it failed in a single instance, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary; all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this manner "what we do know," after thirty years' experience, and pledge our reputation for the fulfilment of what we here declare. In almost every instance where the teething is attended with pain and excitation, relief will be found in fifteen or twenty minutes after the syrup is administered. This valuable preparation is the prescriptions of one of the most experienced and skillful nurses in New England, and has been used with never failing success in thousands of cases. It not only relieves the child from pain but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, AND WIND COLIC, and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and surest remedy in the world, in all cases of Dysentery and Diarrhea in Children, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None Genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper. Sold by Druggists throughout the world. Principal office, No. 48 Dey Street, N. Y. Price, only 35 Cents per Bottle. Old Dr. Judson's DEAR SHOT WORM CANDY KILLS WORMS. "MARY CAHEIRNE," JUST RECEIVED PER MARY CATHERINE, from Boston. McLENNAN. Summerside, Dec. 6, 1866. Labrador Herring. THE Subscriber has for sale 60 Bbls. Prime Labrador Herring, the only lot in the market, cheap for cash. A. J. RICHARDSON.
