

# Seek To Keep Schoolboys Out Of Curling Ch'ships

By ERWIN FRICKE, Canadian Press Staff Writer  
**VICTORIA (CP)**—The Dominion Curling Association took the first step Wednesday to prevent schoolboys from competing in the Canadian curling championship. The action was asked in a report presented at the association's annual meeting by Ken Watson of Winnipeg, chairman of the association's school curling committee. Watson is one of curling's most famous skips and a three-time winner of the Canadian championship.

The national association was requested to recommend to its affiliated provincial associations that boys attending school below the university level be excluded from provincial and national championship play.

There was no discussion by delegates on this section of Watson's brief and nothing to support

reports the action grew out of this year's Manitoba championship. The Manitoba winner and entry here at the Canadian championships is a rink of four Winnipeg teen-agers skipped by 18-year-old Terry Braunstein. With Terry's exception, all still attend high school.

**PROFESSIONAL ANGLE**  
 Professionalism, another subject which it was reported would be discussed at the meeting, was not mentioned.

The Ontario Curling Association recently banned two members, Garnet and Don Campbell, noted curlers from Avonlea, Sask., from competing in the Ontario championship because they had been paid as instructors in that province.

There have been published reports that Wednesday's meeting here would see Ontario seek to invoke a classification of profes-

sionalism in curling generally. Outside the meeting, DCA president Sam Rothschild of Sudbury, Ont., said as far as the Dominion Association is concerned the Campbell brothers are still eligible for Canadian championship play.

**APPROVE COMMON ENTRY**  
 Delegates approved Watson's report which requested that a common entry form across Can-

ada be used for the schoolboy playoff. It must be certified by the applicant's school principal.

Canada will participate in a demonstration of curling in the winter Olympics of 1960 in California, delegates were told.

Mr. Campbell also announced that Canada will send a team of 26 Canadian curlers for a tour of Scotland in 1960.

## Will Pick Site For Deaf School

**HALIFAX (CP)**—Premier Stanfield said Tuesday in the Legislature the site for a Maritime School for the Deaf will probably be decided "within the near future."

Ronald M. Fielding (L-Halifax Northwest) asked whether the government had determined a site for the school.

New Brunswick and Nova Scotia are believed to have agreed on construction of a new institution to replace a school operating now in Halifax for the deaf. Prince Edward Island is also considering entering the agreement. Newfoundland plans to build its own school.

## S'side Team Is Undefeated Yet

The Summerside curling team, skipped by Eric Johnston, came through the first two rounds of the Tyro Competition, with no losses and the Bill Moreside rink of Charlottetown came through the first three rounds with two wins and one loss in the playdown begun yesterday at the Montague Curling Club. The Fred Vuozzo rink of Montague came through the three rounds with one win and two losses and the R.C.A.F. team, skipped by Ken O'Malley, suffered two losses in two starts. The Alberton entry was unable to attend due to road conditions and was greatly missed.

The most sensational shot of the series was made by skip Moreside of Charlottetown in his game against Summerside, when in the tenth end with his first stone he came down and knocked out three Summerside stones, leaving four of his own rocks on the tee. With his last rock the Summerside skip curled in to tie one, but was shortly removed by skip Moreside who left his team lying five.

Following the play at six p.m. the participating teams and officials were tendered a banquet by Central Creameries Ltd., sponsors of the bonspiel, at the Bison Restaurant, at which Mr. Percy Simons, vice-president of the firm, was present.

Mr. Simons explained the reason for inaugurating the Tyro competition three years ago, saying that the word "Tyro" meant beginner or novice, and that the competition was intended to encourage beginners in the game of curling. He went on to say from what he had "observed in the competition today, the winners would no longer be beginners."

He thanked Mr. H. M. Smith, Peter Sinclair, Gordon Bennett, Judge J. S. DesRoches for the excellent way in which the bonspiel was organized and handled.

Mr. Arnold Wightman, president of the local club, Peter Sinclair, Judge J.S. DesRoches, Gordon Bennett and the skips of the participating teams spoke briefly and expressed appreciation to the company in sponsoring the competition.

The deciding game will be played this morning at ten a.m., when the undefeated Summerside team will meet the R. C. A. F.

The following is the standing in the round robin series:  
 Summerside won 2 lost 0; Charlottetown won 2 lost 1; Montague won 1, lost 2; R.C.A.F. won 0 lost 2.

## Alberta And Ontario Keep Pace; P. E. I. Beats Sask.

By ERWIN FRICKE, Canadian Press Staff Writer  
**VICTORIA (CP)** — Ontario moved back into contention in the fifth round of the Canadian curling championship Wednesday but the chances of anyone overtaking Alberta got slimmer.

Skip Matt Baldwin counted a brace-ender on the first end of the Ontario-British Columbia match and never got behind, winning 4-3 for the defending champion's rink, a straight victory without a loss. B.C. has a 3-2 record.

Ontario laid a cold Newfoundland 1-6 for its fourth victory against the province. The Unionville, Ont., rink had its perfect record extended Tuesday by Quebec. Newfoundland now has two wins and one loss.

Saskatchewan suffered its second loss against three wins, losing in an extra-end match with Prince Edward Island.

Bob LaBare's foursome from Cape-de-la-Madeline won its second game, defeating Nova Scotia 4-0 for the Maritimers third comeback win.

The teen-agers from Winnipeg scored on the last four ends for an 8-6 comeback victory over New Brunswick. Manitoba skip Terry Braunstein had to make a key draw through a narrow port for the victory. It was New Brunswick's fifth straight defeat.

Murray Roberts' Ontario rink drew a bye in the sixth round Wednesday night.

Pairings for the midnight AST draw were: Nova Scotia-Newfoundland; Manitoba-Saskatchewan; Alberta-N.B.; B.C.-Northern Ontario; Quebec-P.E.I.

If Baldwin runs out the string in this 11-round contest — each rink gets a bye—he'll be the first skip to make two clean sweeps in the 29 playings of the championship.

**CLEAN SWEEP IN '56**  
 The 31-year-old Edmonton petroleum engineer fashioned a 10-game sweep in the 1956 championship at Kingston.

Although there is some argument as to who will fill the runner-up positions, Alberta is considered to be almost home-free for its second straight championship. It would make skip Matt Baldwin a three-time winner.

And Ken Watson of Winnipeg, the only three-time winner of the championship thus far, thinks Baldwin is virtually there.

Alberta beat Prince Edward Island 11-7 in the first round and then ran into trouble with Manitoba in the second before winning 13-11.

Alberta drew a bye in the third round and in the fourth set back Northern Ontario 9-7 although Doc Redding's Kenora foursome put up a stubborn fight.

**GAIN PRESTIGE**  
 Ontario covered itself with prestige in the third round with a 10-7 victory over Saskatchewan. It was the first loss for Gordon Grimes' quartet from Estevan, Sask., in 27 games.

Roberts also skipped his crew to an 11-8 victory over highly rated B.C. in the first round and an 11-9 win over New Brunswick in the second.

However against the French-Canadians in the fourth round, Ontario was held to singles while Quebec racked up doubles and triples to score the upset.

# Plan Now For Better Lobster Fishing

THE TRAPS are set... a new catch of lobsters is already on its way to market... in some districts canneries are working again... it's lobster season here in the Maritimes!

Let's hope it's a good season, a profitable season for everyone in the lobster industry. And let's plan now to make it an even better season next year.

Here's how: Throw back the "berried" lobsters and give them the chance to reproduce. Throw back the shorts. Next year they'll have grown 15% longer and 50% heavier—they'll bring you a much better price. Do that, and the lobster crop will thrive and grow.

A bit of quick, easy money in your pocket today isn't much comfort if it means battling for a living tomorrow. Plan for even better lobster catches. Practice the simple methods of conservation. Then the lobster season can always be a good season for you... year after year after year.
