Easter Beef At S'side Markets

According to information available at Summerside meat markets yesterday, the traditional Easter beef display will be worth a trip to your regular meat market just to see.
Of course the managers hope that everyone will not be content merely with the sight of this excellent display, and that many will be enjoying a choice roast of beef for Easter dinner.
At least two of the stores will be featuring government inspected baby beef from the fat cattle show held recently in Charlottetown, and with a choice roast of beef, supplemented by some of the other meat delicacies including all cuts of fresh, cured, and smoked pork, milk fed veal, and heavy capons that will be offered for sale in Summerside, the housewife should find this to be one of the easiest seasons in which to plan meals.

Avenger Aircraft At Summerside

They were preceded yesterday by four of the same type of aircraft, each carrying four men, under the command of Lieutenant W. Atkinson.
These aircraft flew to the Summerside base from Halifax, where their home base—the H. M. C. S. Magnificent—is undergoing refit.
The Avenger is a single engine monoplane designed for aircraft carrier use in light naval warfare.

Lengthy Discussion

In a discussion of tourist loans it was admitted that they were not always being repaid but the Government was doing its best to collect. The loans had been made to assist resort operators in putting up greater accommodations for tourists. The loans were amortized and repayment in five or 10 years could not be expected "because if there were that much profit in the tourist industry we would all be in it," Hon. A. W. Matheson said. He agreed with the Leader of the Opposition that perhaps some of the loans made at first had not been wise but he disagreed with Mr. Bell's statement that he did not wish to embarrass anyone by asking the names of the people who borrowed. Hon. Mr. Matheson said that anybody who borrowed money from the Government "should have his name published in the press, or at least in this House" and said the Opposition should not be "chicken hearted" about it.

"A LIFE OF HER OWN" AT THE CAPITOL

The big film news of the week is Lana Turner's return to the screen after an absence of two years!
Co-starred with Ray Milland, the more glamorous than ever Lana has a tailor-made role as the heroine of M-G-M's "A Life of Her Own", at the Capitol Theatre. The part of the small town girl who fights her way to success as a New York model gives the dynamic Miss Turner not only

an opportunity to reveal that fascinating face and figure in a dazzling series of tomorrow's fashions but also affords her the finest acting part of her career.
In the new picture she is seen as Lily James, who crushes the gates of one of the big town's best-known model agencies, gets to the top fast and then finds she has to fight off the "woives". In the process she also finds out what happens when a beautiful model tries to burn the candle at both ends, in the person of the fading Mary Ashion, who jumps to her death from a hotel window. Lily, determined not to repeat the mistakes of the unfortunate Mary, is able to ward off the amorous advances of the latter's ex-boy friend but meets her Waterloo when she falls head-over-heels in love with the attractive Steve Harleigh. The hitch is that Steve has an invalid wife. Lily's resolve, to take Steve away from Nora, the dramatic meeting between the two women and the resultant climax (which we won't give away) make for a story that captures and holds your interest every foot of the way.
