quence of the truths which it contains being thus more extensively known. We shall say nothing further concerning it, it needs but to be read carefully and attentively, and the propriety or rather the necessity of adding his name to the petition will be forced upon the mind of every intelligent well-wisher to the prosperity of Prince Edward Island.

The Rev. James Bayne, of Prince St. Congregation, Pictou, in connection with the Presbyterian Church of Novascotia, will conduct public worship in the Temperance Hall tomorrow at the usual hour of 11 o'clock A. M., and 3 P. M.

HIS Excellency the Lieutenant Governor in Council has been pleased to make the following appointments, viz:—

W. B. WELLNER, City Clerk.

Ch. Town, 30th Aug., 1856.

MELANCHOLY ACCIDENT.—Drowned at Orwell Head, on Tuesday the 26th instant, MURDOCH M'LEOD, son of Donald M'Leod, Green-marsh. He was a promising young man—his death is much regretted by all who knew him, and the poor parents who depended upon him for their support are oppressed with the greatest grief for their irreparable loss. It appears the deceased, in company with another man, went into the water for the purpose of bathing, and having waded to the edge of the channel, he suddenly slipped into deep water, and being unable to swim, became frightened and soon drowned. Every effort was made to save him, his companion putting a pole within his reach before he sank, but to no purpose. A boat and grapnel was soon after procured, and the body was recovered before it had become cold.

☞ ON Tuesday and Wednesday, the 19th and 20th of August, the Officers of H.M.S. ARAB entertained a small party on board to witness the Regatta, the deck of the Brig affording a beautiful and entire view of the races; and the elegant hospitality of Mr. Trevenen, and the other Officers, was exercised in every possible way for the entertainment and comfort of their guests, who will long remember with feelings of pleasure their graceful kindness and courtesy.—*Com.*

PERSONS desirous of purchasing, will please call and see the Subscriber's Furniture Rooms—a useful and good assortment.

JAMES N. HARRIS.

August 11, 1856.—3i

Survey of the City of Charlottetown.

(*Extract from the Minutes of the City Council.*)

WHEREAS, in the opinion of the Council, it has become imperatively necessary that a correct plan of this City should be made from an actual survey thereof, by Civil Engineers or Surveyors of skill and experience: *Be it therefore Resolved*, That a plan of the City be made from actual survey, and that the Surveyor who shall make the same, be guided by the following regulations:—

A line to be run along Water-street as nearly as can be in the same place and in the same direction as the line laid down on a plan drawn by the late Surveyor General, George Wright, in the year 1834, which line is described in a field book, a copy of which may be taken at the City Clerk's Office. This line to extend from the fence enclosing Fort St. George eastwardly to the foot of Weymouth-street, and all the distances to be taken from the said line to the buildings at each corner on either hand, and a record made of the same after this line has been run; lines are then to be run up each of the streets from Water-street to Euston-street, at right angles from the line on Water-street, and all the distances taken from those lines to the buildings adjoining right and left at each cross street. The distance is then to be chained from the line on Water-street to the centre of Richmond street, at each end, namely, at Weymouth-street and at Pownal-street. A line is then to be run along Richmond-street from end to end, and the distances taken as before described. The distance is then to be chained from the centre of Richmond-street to the centre of Kent-street, and a line run through Kent-street from end to end, and the distances taken from the centre line to the buildings on either hand. The distance will then be chained to the centre of Euston-street, and a line run from end to end of said street, and the distances laid off in the same manner as before described. The five remaining east and west streets, namely, King, Dorchester, Sydney, Grafton and Fitzroy, to have centre lines run through them, parallel with Water-street, and the several distances right and left from said lines laid off in the same way and manner, as herein before described for the other streets.

After the survey has been made, in accordance with the above directions, a plan will then have to be made of the survey on the scale of eighty feet to the inch. The said plan to be drawn in fine lines, describing all the lots, squares, &c.; and also, shewing in fine dotted lines, all the variations in the several boundaries from the regular lines. The survey will also have to include sections on the same scale as the plan of the several streets; shewing the actual surface, outline and the heights from high water mark.

The plan to be drawn on the best drawing paper and properly backed with linen, and bound on the edges with linen tape, and to be sufficiently large to allow a plan of the lots below Water-street to the edge of the channel, taking in the wharfs and stores, to be hereafter added on the same scale.

The Surveyor to supply all the labour and materials necessary to be provided in making such survey and plan, and the whole of the survey and plan shall be subject to the approval of any competent Land Surveyor or Civil Engineer, who shall be appointed by the City Council to examine and pronounce upon the accuracy of the same.

And be it further Resolved, That advertisements for Tenders for surveying the City and making a correct plan thereof, pursuant to the above instructions, be inserted in the papers published in this City.

CITY CLERK'S OFFICE,
Charlottetown, 16th Aug., 1856.

NOTICE is hereby given, that in accordance with the foregoing Resolutions, Sealed Proposals will be received at this office, until WEDNESDAY, the 10th day of September next, for the performance of the above survey and plan.

By order of City Council,
Aug. 18. W. B. WELLNER, City Clerk.
