Messrs May and Crocket lost one boat, a quantity of salt, firewood, barrels, &c., valued at £50.

H M Churchill suffered some little loss in stage, plank, barrels, puncheons, &c.

E Marshall lost a new boat worth £100, thirty-one barrels mackerel, (stored in Ross' buildings) one fish-house, together with all the gear. Whole loss about £300. Part of his barn was also blown down.

Luckily a large number of fishermen went into Malpeque on Sunday evening, before the gale. During the gale on Monday the schr Florence Reed, Thompson, master, of Gloucester, and schooner Oranaska, of Deer Isle, Knight master, were driven on the flats of Malpeque Harbor, and are now lying with about two feet of water around them at high water. The F Reed lost anchors and cables. Both vessels will probably be abandoned.

Schr Frank, Gallant, master, arrived in this harbor on Tuesday evening last, having sprung both masts, started bowsprit, lost boat from davits lost chains and anchors, broke windlass and suffered other injuries.

Schr Etta E. Sylvester, of Deer Isle, arrived in this port, partly disabled, having sails badly torn in gale.

Schr. Lady Franklin, of Gloucester, went ashore in previous gale, at Darnley, Head Malpeque, and is likely to prove a total loss.

Schr. Clyde, of Georgetown, with ship stores for the eastern part of this Island, was driven as far as near the entrance to this harbor.

The Brigt. Annandale, Foley, master, laden with coal, from Cow Bay, arrived here yesterday, with loss of nearly all her sails and one anchor. The brig. Spray, McPherson, from P. E. Island, was at Cow Bay, loading, when Annandale left.

A brig called the Freestone, is reported ashore at the North side. A ship of about 500 tons, laden with deals, is reported ashore near Egmont Bay. Three fishing schrs. ashore in Richmond Bay, and eleven vessels, mostly fishermen, ashore between Malpeque and the North Cape.

☞ The weather for the past few days has been very unsettled and cold. On Tuesday night there was a light fall of snow, and severe frost, considering the time of year. We hope, however, to have fine weather yet, so that our farmers may be able to secure their root crops and get their grain to market without having to wade through mud.

☞ As the steamer did not make her usual trip to Summerside and Shediac on Wednesday, we are without our late exchanges, and consequently we are not able to furnish the latest telegrams.

☞ A large number of persons from different parts of the country, who wished to attend the Exhibition in Charlottetown, were sadly disappointed on their arrival here in not meeting a steamer to convey them thither. This, we know, is a little provoking, but the steamboat company are not to blame in the matter. The report got into circulation that the *Heather Belle* was coming up. In this there was no truth, their being no official notice to that effect given. The reason that the *Princess of Wales* did not come on Wednesday, we do not know, but we suppose that she was detained in Pictou on account of the heavy blow on Tuesday, as she did not arrive in Charlottetown from that port until Wednesday afternoon. This boat has made her trips to this port very regularly heretofore (although sometimes at an unseasonable hour,) and therefore we think, in the present, case praise rather than censure is due to Capt. Evans for his great care in this, as in many other instances. He may command his ship, but he cannot overrule the tempest.

☞ Oats are selling to-day for 2s. 6d. Barley for 3s. 3d. Oysters for 10s. Eggs for 8d, Potatoes 1s. 3d.

☞ Now is the time to subscribe for the *JOURNAL*—only *ONE DOLLAR* a year.

☞ Divine Service will (D.V.) be held in the Presbyterian Church here next Lord's Day, at 6½ o'clock, p.m.

Lost overboard, from the Ship Forest King, on the 19th ult., Samuel McPherson, a native of Prince Edward Island.—*Hal. Paper.*

SUPREME COURT.

The prisoners convicted at the last sitting of the Court at St. Eleanor's were sentenced by Judge Peters as follows:—

Mary Ann Gay, guilty of Larceny, three months imprisonment in the common Jail.

William Tobin, guilty of Larceny, four months imprisonment in the Common Jail.

Philip McNulty, guilty of an attempt to commit arson, twelve months imprisonment in Common Jail.

The Grand Jury, we understand, presented quite a number of persons for selling spirituous liquors without license, and for otherwise infringing the liquor law.

CLIFTON HOUSE.

It will be seen by an advertisement in another column that the "Clifton House" is re-opened. This will be a great convenience to the people of New London. We are well acquainted with both the young men who, the other day, left Summerside to seek their fortune among the New Londoners. We were not near enough to them when they departed to throw an old shoe after them, but we don't the less heartily wish them good luck. Mr. Johnston, being a native of New London, does not need a recommendation from us—the people there know him better than we do—but Mr. Schurman is a stranger, and our good word will do him no harm. We have known him now a long while, and do not hesitate to pronounce him one of the right sort. Those who deal with him will find him a clever, off-handed fellow—one who would scorn to do a mean or a dirty trick. We are no prophet, but from what we know of Mr. Schurman, and from our knowledge of the good people of New London, we venture to say that they will, ere many months have elapsed, think very highly of him, both as a man and as a merchant.

WESLEYAN FOREIGN MISSIONS.

According to previous announcement, the Annual Meeting of the Missionary Society will be held to-morrow evening, (Friday,) at 7½ o'clock, in the Summerside Wesleyan Church,—Finlay McNeill, Esq., in the chair. A very interesting time may be expected by all present. Any allusion to the great work carried on conjointly by the Churches of Christ in heathen countries would be premature till next week, when we hope to lay some account of it before the readers of the *Journal*.—Com.

New Triumphs of Roger's Medicines.

Run your eye over them and tell your afflicted neighbor about it.

PUGWASH, May 29, 1863

Messrs. Rogers & Co,

Gentlemen—I think it a duty I owe to you and the public, to state the following facts, as well for the benefit of humanity as in justice to yourself—although it should have been done long before this; but better late than never.

About four or five years ago I had a cancer in my breast, which had been coming on for a long time before but at last it became very painful, with sharp and severe pains darting through it at certain times. I applied to several doctors who advised that it should be cut out; and being afraid to submit to the operation, and hearing that you had cured many cancers, I, as you know, applied to you and submitted to your treatment, and used your medicine, and in a few months was thoroughly cured, and have been in perfect health ever since. I wish this to be made public for the benefit of others.

Yours with much gratitude,
ELIZABETH RYAN.

We know of no worse case—judging from the description given by letter—than a son of W. B. Weldon, Esq., of Kouchibouguac, N. B. He was reduced to a mere skeleton. He suffered most intense pain for many months His leg was ulcerated, and the bone diseased a large ulcer on his chin and face. Medicine and skill utterly failed, until all hope of saving his life was gone. Mr. Weldon's was a sorrowful house, no doubt, until our wonderful medicine dispelled the gloom. The lad is now nearly well, smart, cheerful and happy The parents too look more cheerful, and happy, and have lighter hearts, we judge by the cheering tone of their letters. It is refreshing to us to be thus the instruments of good to afflicted humanity. What care we for the slanders of the unprincipled! Our motto is onward. Our business to save human life, and cause the suffering to rejoice; and to make money you will add. Yes certainly we respond, and do you not think we deserve some of the large sum annually sent to brother Jonathan for useless articles.

Mr. Thomas Faulkner, of East River, Pictou N. S., is cured of a sore leg of nineteen years standing. The best physicians in the Province, after exhausting their skill, recommended amputation as the only remedy. His health was very much reduced, but is now completely restored

Mrs. Hannah Balmain, of Wickham, N. B., after using our medicine for over one year, for an ulcerated cancer of the breast, writes under date of Oct. 15, 1865, as follows:—

"My breast is doing well; there is but one small lump on it now. It only discharges from an ulcer: the rest are all healed up I have not enjoyed such good health for several years, as I do now. I have only received three bottles of your Syrup since I last wrote. being a poor woman, it is out of my reach, or I would be entirely well before now.
