Local and Other Items.

THE CAMPANA was in port today.
NOVA SCOTIA EXHIBITION—The exhibition at Halifax closes today.
WEST KENT SCHOOL—Field day this afternoon on the C. A. A. grounds.
LACROSSE—Twenty-four lacrosse sticks were received to-day by the Lacrosse Club of St. Dunstan's College.
NEW SIDEWALK—A new asphalt sidewalk has been put down on Great George Street, near the Bank of Nova Scotia, replacing what was damaged.

THE HALIFAX BOAT—The City of Ghent came into port last evening about 7.30 and left this morning at six. She had a general cargo both ways. James Brown will be a passenger to Halifax.

GOSPEL MEETING—Remember the Gospel Meeting in Prowse's new block Sunday afternoon at 4 o'clock. Strangers always welcome. Lesson, Pslms 89-15, "The Joyful Sound."

SEE THEM—The special articles donated to the management of the grand provincial bazaar in aid of the new cathedral are both handsome and serviceable. They are all to be disposed of at prices within the reach of everybody.

SHIP NEWS—The new three-masted schooner Evelyn arrived this morning from New York with hard coal, also Ellerslie, and Henry G. Ives, from Sydney, C. B., and A. S. Townshend from Pictou, coal-laden, and Day Spring from Marble Mountain, all to C. Lyons & Co.

FISHERMEN FINED—Before a County Magistrate on Thursday Herbert Hewson, St. Peter's Island, and James Ferguson, Argyle Shore, were each fined \$15 and costs for having lobsters in their possession that had been fished out of season.

QUITE CORRECT—It is going to be the biggest affair of the season. "All in the house are going and of course we shall see you there." When any one is nowadays heard making comment like the above, the big time in question is the Cathedral Bazaar.

THE ELLIOTT—The steamer Elliott arrived in Charleston, S. C., from Honduras, Central America, on the 28th, and sailed on return yesterday. The Captain reports "all well."

GOOD GROWTH—We learn that the O. I. C. pigs recently imported by Mr. Westcott, of Milton, gained in weight 78 and 78½ lbs. respectively between the 14th of July and the 4th of September. They were fed just as other well cared-for young growing pigs are fed,—except that they received an occasional dose of codlion powder.

WHAT IS THE COST?

SIR—What is the matter with the Brant? After trying to get to West Cape to pick up a buoy adrift,—she arrived in Pictou. She has just arrived here after an eleven days trip distributing oil to lighthouses. As far as I can understand half of the supplies went by rail, steamboat and schooners. What will be the cost of these things to the country? Just about three times as much as it should have been. This is grit economy.

Mr. F. W. Hyndman was a passenger by the Princess last evening returning from Pictou.

Mrs. A. S. Johnson left this morning for Fredericton, N. B., where she will stay about a month.

Mrs. Robert Young will be a passenger to Boston by the Halifax on her next trip from Charlottetown.

Stipendiary Magistrate Hazard and a number of other visitors to the exhibition at Halifax are expected home tonight.

Among those returning from Halifax last night were Dr. Taylor and son, Mrs. (Dr.) McNeill, Mr. and Mrs. John Horne, F. H. Horne, Henry Horne, J. A. Matheson, D. J. McLeod and M. J. Johnston.

Miss C. C. Snaddon yesterday severed her connection with Prince Street School. Before the school was dismissed Miss Snaddon's pupils and former pupils presented her with an address and a purse of \$42. Later in the afternoon Miss Snaddon's associates on the teaching staff presented her with a handsome davenport.

MARRIED.

At Charlottetown on Wednesday Sept 20th., by Rev. J. W. McConnell, Geo. F. Long, to Jane Blake, both of Charlottetown, P. E. I.

Why is it that one man is old and decrepid at 45, and another hale and hearty at 80? It depends on the care he takes of himself. Often a man's body gets out of repair—the trouble grows until it lays him out in bed. Whenever a man feels he is not as well as he ought to be, whenever he is listless, without energy and without vitality, whenever he finds he is losing weight and that his ordinary work gives him undue fatigue, he needs Dr. Pierce's Golden Medical Discovery. If he keeps on working with his liver inactive and his blood impure—he keeps his nerves and his body under a constant nervous strain. He will not be hearty when he is old. The Golden Medical Discovery cures many so-called diseases because nearly all illness springs from the something—bad digestion and consequent impure blood. The "Discovery" makes the appetite good, the digestion strong, assimilation easy, and the blood rich and pure.

Send 31 one-cent stamps to cover cost of mailing only, and receive free a copy of Dr. Pierce's Medical Adviser. Address World's Dispensary Medical Association, Buffalo, N. A.

S. F. T.—Installation of officers at Victoria Division on Monday evening. Visitors always welcome.

Snap—A lot of misses' and children's boots at half-price. See window.—J B Macdonald & Co.

Chow chow, chow chow, chow chow, small wee pickling onions, large red and silver skin onions, cauliflower, green corn, &c. As last week's frost killed the tomato vines it will be wise to secure an ample supply of tomatoes for chow chow now.

A Guaranteed Asthma Cure.

Clark's Kola Compound Cures. Some years ago this would have been considered an impossibility, but Dr. Clark has solved the problem since completing his experiments with the wonderful Kola plant in England. In December, 1893, he found, that by combining extracts from the Kola with other extracts made from the Gleditsia plant which grows in California, that the compound would cure the severest cases of asthma. Upon experimenting in one of the leading London hospitals he found that 95 per cent. of the cases were cured in from 60 to 90 days' treatment. Since the introduction of this remedy into Canada in 1896 there have been over 500 cases cured in Canada alone. Mr. R. N. Blume, C. P. R. engineer, Western Division, writes: "I have been a great sufferer from asthma in its worst form for over twelve years, and never succeeded in getting anything to help me permanently until the C. P. R. doctor prescribed Clark's Kola Compound for me in December, 1896, when two bottles entirely cured me; at least, I have not since had any return of the asthma. I am personally acquainted with at least six persons who have been cured from asthma by Clark's Kola Compound, and feel it my duty to recommend it to all who may be troubled with this disease." Three bottles are absolutely guaranteed to cure. A free sample bottle will be sent to any person troubled with asthma. Address The Griffiths & Macpherson Co., sole Canadian agents, 121 Church street, Toronto, Ontario. Sold by all druggists.

Others may relieve, but Clark's Kola Compound for asthma permanent cure. Sold by Geo E Hughes.

Local and Other Items.

LOYAL CRUSADERS—Monday afternoon at 7.30, "When the general roll is called I'll be there."

SONG SERVICE at the Gospel Meeting in Prowse's new block at 3.45. Strangers always welcome.

MORE FINE OATS—We have been shown a stalk of white oats, on which were 265 grains, of excellent quality grown on the farm of Mr. Geo. Murdoch, Murray River, King's County.

DEDICATION SERVICE—The chapel recently erected by Rev. Dr. Doyle, at China Point, for the benefit of his parishioners in that section will be solemnly opened for Divine worship on next Sunday, Oct 1-1. The service of dedication will begin at 10 o'clock, p. m.

O. Y. B.—Boys and girls wishing to enter the Orange Young Britions medal contest better do so at once as only a limited number will be allowed to enter. Those wishing to enter will please address Ernest Hodgson, box 274, city, and receive further instructions. Age limit 14 to 18 years.

BURNED—The oak kiln belonging to Mr. George Easter's mills at Wilmont, together with about a hundred bushels of oats, was destroyed by fire early Wednesday morning. The grist mill and Mr. Ewen Clarke's house were saved with much difficulty by the people who turned out in force and worked like beavers to save the buildings.—Agriculturist.

TELEGRAPH NOT FOR SALE—The St. John Telegraph editorially says that the paper is not to be sold to a Montreal syndicate or company, but is to remain in the hands of the present proprietors. It is proposed, however, to make some changes. One will be the introduction of four typesetting machines, to be in operation within a month. The writing staff is to be strengthened and the paper changed to eight-pages.

INSANE MAN'S OBJECT—A few nights ago a stranger rang the bell at the parsonage of our Lady of Lourdes, Toronto. The call was answered by Rev. Father Cruise, who, owing to the strange appearance of the caller, became suspicious when he asked to see Archbishop O'Connor. After some parleying the stranger declared his mission was to shoot the Archbishop, that in doing so he was fulfilling the request of a voice which always haunted him. Father Cruise discreetly invited him in and telephoned for the police. Magistrate Denison has since committed the man to a lunatic asylum.

MISSION AT INDIA—Miss Eva De Prazer, M. D., of Vizagapatam, India, will speak in the Baptist Church on Sunday afternoon at the close of the Sunday School, and on Sunday evening at 7 o'clock. Doctor De Prazer is a converted Telegu lady and a graduate of one of the large government Medical Colleges of India. She has been visiting hospitals in England and America to more thoroughly fit herself for her chosen work in her native country. Those interested in Foreign Missions will be instructed and edified by hearing this cultured lady speak of the progress of the gospel in India.

MAILS FOR THE YUKON—It may be of interest to persons in this province having relatives in the Yukon to know that inasmuch as navigation on the Yukon River and other inland waters of the Yukon District is liable to interruption by ice about the first of October, or even earlier, and as, when this occurs, it will be necessary to limit the mails going into and coming out of the Yukon and Altin Districts to letters only, notice is given that the Post Office Department cannot guarantee transmission by mail to or from the districts in question of any matter other than letters which may be posted about the date mentioned. When once river and lake navigation in the districts mentioned has been closed for the winter, all matter other than letters addressed thereto or posted therein, will be treated as non-transmissible by mail until the opening of navigation, due notice of which will be given to the public. It is therefore recommended that no mailable matter other than letters be posted for transmission to or from the districts in question during the time that such navigation is likely to be closed.
