Traffic Heavy At Both Ferry Terminals Over The Holiday

Traffic at both ends of the Northumberland Strait during the long Labor Day weekend kept all ferries extremely busy.

With a 13 per cent decrease in demand from last year the big CNR boats plying between Borden and Cape Tormentine were able to accommodate on regular trips, all vehicles offering each day, but Northumberland Ferries servicing the eastern artery between Wood Islands and Cariboo were forced to make one extra trip to the mainland last evening.

During the three days CNR ferries transported a total of 1,446 vehicles to this Province, while accommodating 1,683 in the opposite direction. This represented a drop from 1957 Labor Day weekend totals of 488 units-304 incoming and 182 outgoing.

Complete figures for the three days on the CNR route are as follows, the 1957 figures shown in brackets: to Borden-Saturday, 570 (718); Sunday, 435, (601);

Townsend Plans To Resume World Tour At Paris Today

PARIS (AP) — Group Capt. Peter Townsend will leave here today to continue his interrupted round-the-world trip and he said Monday night.

"I have no intention of returning to my country—England." The one-time suitor of Princess Margaret made a formal statement to a small group of reporters here, saying he hoped it would put an end to speculation about his future plans.

The occasion for the meeting was the announcement of a contract with American film producer Victor Stoloff to do a film based on articles Townsend wrote after an earlier world trip.

Townsend and Stoloff will return to Zagreb, Yugoslavia, to resume a planned three-month world tour, he said. The two made a sudden trip to Paris last week, setting off speculation about Townsend's future plans and reviving the ever-present rumors of a possible resumption of the romance with Margaret.

Townsend declared emphatically that he had refused and would continue to refuse to discuss private affairs, a reference to his romance with Margaret.

He said he had not made up his mind where he intended to live abroad but Africa attracted him greatly. It is "a man's continent."

Without once mentioning the name of the princess, Townsend reiterated several times that whatever he does in the future, in writing or in motion pictures, he will never under any circumstances involve his past private life.

"It is time," he said, "to deny categorically that I have ever made public, or caused to be made public, revelations concerning my private affairs or those of any other person."

There recently had been rumors that a book soon to be published about Townsend's life would include details of the romance with Margaret.

Khrushchev And Eaton Hold Talks

LONDON (AP) — Premier Khrushchev met with Canadian-born industrialist Cyrus Eaton Monday for talks about the need for friendship between the United States and Russia, Radio Moscow reported.

The broadcast quoted Eaton as saying he hoped there would be more contacts between American and Russian representatives of industry, agriculture and science.

It said Khrushchev hailed Eaton's efforts, saying they were aimed "at the establishment and development of friendship between the peoples of the U.S.S.R. and U.S.A. and at the preservation and strengthening of peace throughout the world."

Khrushchev told Eaton on a tour of the Kremlin following their talk, the radio said. Eaton later visited the Red Chinese embassy.

The Moscow broadcast was the first word that Khrushchev had returned to the Soviet capital from his vacation in the Crimea. He had been expected that he would be vacationing until mid-September.

Sawlog Cut In N.S. Seen Too High Now

HALIFAX (CP) — The Lands and Forests department warned today that Nova Scotia's sawlog supply will be exhausted within 25 years if present production continues.

In a 12-volume report on a four-year survey of the province's forest resources, the department recommended an immediate 50 per cent reduction in the annual cut of sawlogs—trees used for lumber. The report said the province has a surplus of pitprop material and pulpwood.

City Man Wins Award In Life Saving Tests

Mr. Edward Chinnery, Charlottetown, won the Award of Distinction, the only time it has ever been merited in this province, at the Life Saving Tests conducted by Miss Joan Murphy at Rocky Point Friday.

Outstanding ability both in water rescue and resuscitation must be demonstrated in order to qualify for this award, and Red Cross officials stated that Mr. Chinnery showed himself most proficient in both.

Awards of Merit were won by eight young men of this city at the same tests. They were: Hugh MacLean, Kenneth MacKenzie, Barry Cudmore, Bernard Callaghan, Roland Perry, Robert Simmons, Malcolm Lodge and Douglas Cudmore.
